NOTIFICATION OF THE BOARD OF REVENUE.

No. 1069B.

THE HON'BLE MR. W. C. MACPHERSON, C.S.I.

Dated Calcutta, the 26th February 1909.

IN exercise of the power conferred by section 100 of the Sea Customs Act, 1878 (VIII of 1878), the Board of Revenue, Lower Provinces, prescribe the following rules:—

II. Notification, dated the 7th April, 1896, which was published on pages 381 and 382 of Part I of the *Calcutta Gazette* of the 8th idem, is hereby cancelled.

RULES.

OPERATIONS ON GOODS IN A WAREHOUSE.

1. Before any operation referred to in section 100 is performed in a warehouse, an application, stating the exact nature of the proposed operation, must be made to the Collector of Customs.

2. The officer of Customs deputed by the Collector in this behalf shall, prior to the operation, compare the marks in the application with those on the goods and ascertain the actual quantity of the goods and record such quantity.

3. When the operation is completed, the officer shall ascertain the quantities, and record and sign the new account of the goods.

RACKING AND VATTING.

4. Racking from cask to cask may be performed in a warehouse, and casks in bad condition may have their contents racked out into sound casks.

5. Before any empty spirit cask is delivered from the Custom House or bonded premises, it shall be properly drained and thoroughly rinsed out with such quantity of water as the Customs officer may deem sufficient, water being allowed to stand in the cask for not less than twenty-four hours before delivery, during which period the cask shall be rolled over several times. The rinsings shall be poured away in the presence of an officer.

6. The operation of putting wines or spirits together in a vat may only be performed in a compartment of a warehouse fitted and used for that purpose only, unless the vat is a close-covered vessel, which has been accurately gauged, and of which the hatch and discharge cock can be secured by locks, the keys of which shall remain with the Bonding Department.

7. Vats must be distinctly marked with their numbers and capacity in gallons. The strength of spirits taken from a vat is to be ascertained by a sample from each cask.

8. After any spirits have been racked from a vat, the remainder must be drawn off before any more spirits are put into the vat.

RULES FOR THE BLENDING OF SPIRITS OR WINES IN BOND OR FOR THE REDUCTION OF STRENGTH OF SPIRITS BY WATER OR FOR THE FLAVOURING OF SPIRITS.

9. Applications for permission to blend spirits or wines in bond, or to reduce the strength of such spirits, or to flavour them, must be presented to the Collector of Customs.

10. Each application must contain a full description of the spirits or wines to be mixed, reduced, or flavoured, and must be accompanied by a fee at the rate of Rs. 4 per diem, to cover the pay of an officer of Customs, to be deputed by the Collector, in whose presence the blending, reduction or flavouring must be effected.

11. Spirits in casks may be reduced with water. When water is to be added, so much spirit may be drawn off from each cask as is required to make room for the purpose. The overdrawings, if more than 9 gallons, may be re-warehoused; and, if less than the quantity specified, they must either be used in another operation or cleared on payment of duty.

12. The amount of liquor drawn from each cask for the purpose of blending or reducing the strength, must be shown as cleared or exported on the original bond. If any deficiency be found on emptying a cask, duty thereon must at once be levied, subject to the provisions of sections 116 and 117 of the Sea Customs Act, 1878.

13. The blend, when effected, shall be re-tested and re-gauged, and a fresh bond shall be made out for the duty found leviable thereon.

14. For the purpose of calculating the period of three years under section 103 of the Sea Customs Act, 1878, and the allowances for ullage and wastage under section 116 of that Act, the date of the new bond shall be taken to be the date on which the earliest of the bonds, relating to any of the spirits in the operation, was executed.

15. The spirits or wines blended must be the produce and manufacture of the same country.

16. Spirits in bond may be blended, or reduced by water, or flavoured only in a bonded warehouse specially approved for the purpose, and in the presence of an officer deputed by the Collector of Customs.

17. Spirits so compounded or reduced shall be assessed to duty before any obscuring matter is added, and after the addition of such matter no allowance for ullage or wastage shall be made.

18. Samples of the spirit which it is intended to compound, and of the flavouring materials to be used, shall be sent, whenever the Collector of Customs deems it desirable, to the Chemical Examiner to be examined as to their freedom from objectionable substances.

19. Flavouring materials shall be added only in such proportion as may be fixed by the Government of India.

20. The words "blend" or "reduced by water" or "reduced and flavoured" must be cut into or indelibly marked on the vat or casks containing the blended spirits or wines, or the spirits reduced in strength and flavoured. Original marks and brands must be removed unless all the spirits and wines be of the same mark.

BOTTLING.

21. Wines and spirits may only be bottled from casks *in a bottling warehouse*. No other operation may be performed in such warehouse at the same time.

22. Wines and spirits intended for bottling must be removed from the warehouse to a bottling warehouse in presence of a Customs Officer.

23. Bottles must be packed immediately after filling. Each package must contain a dozen, or a multiple of a dozen, of quarts or pints, and the bottles in each package must be of uniform size.

24. The officer deputed must record in his bottling book the number of bottles filled before they are packed; the bottles must then be packed without unnecessary delay. The officer must satisfy himself that the proper number of bottles are placed in each case, and must see that packed cases are at once closed and fastened.

25. The bonding officer shall keep the key of the door of the bottling warehouse.

26. The officer must see that in the labelling and corking of bottles, the provisions of the Indian Merchandise Marks Act, 1889, are observed.

27. Wines and spirits in bottle may, if it be necessary, be started into casks.

MISCELLANEOUS.

28. Wines and spirits imported in cases may, if it be necessary, be adjusted and repacked, but not more then once while in bond. Labels and capsules may be renewed, but not changed for others not identical in terms.

29. Samples may, with the previous sanction of the Collector, be drawn from any case or cask, whether in the bonded warehouse or in the warehouse for operations on wet goods in bond, a note being kept on the bond or Customs documents denoting the quantity so drawn.

30. Spirits may be methylated in a warehouse. The spirits are to be gauged and the strength ascertained prior to the operation; and any deficiency not exceeding the legal allowance may be written off.

31. After methylation, a sample must be drawn off and sent for the usual report to the Chemical Examiner.

N. B.—All applications under the above rules must, under Schedule II (1) (*a*) of the Court Fees Act, bear a stamp of one anna.

By order of the Board of Revenue, L. P.,

Government of Bengal.

PUBLIC WORKS DEPARTMENT.

ROAD CESS.

Dated Calcutta, the 2nd March 1909.

RESOLUTION.

Receipts and Expenditure of the District Road Funds in the districts of Darjeeling, Singhbhum and Sonthal Parganas during 1907-08.

READ—

Annual Reports and Accounts for the year 1907-08.

Read again—

Annual Reports and Accounts of the District Road Funds for the previous year and the review thereon.

The opening credit balance of the year was Rs. 1,48,498, and the total receipts of the District Road Committees from all sources amounted to Rs. 2,07,619. The total amount available for expenditure was thus Rs. 3,56,117, of which Rs. 2,00,019 was spent, leaving a credit balance of Rs. 1,56,098 at the close of the year. The closing balance in each of the districts was excessive. A number of bridges were built, and several roads constructed or improved at a total cost of Rs. 51,721.

2. The total expenditure on repairs was Rs. 52,426. One thousand four hundred and seventeen miles of district roads and 64 miles of village roads were maintained.

3. Rupees 591 were spent in planting and maintaining trees on roadsides and on nursery gardens in the districts of Singhbhum and the Sonthal Parganas.

4. The expenditure on establishment amounted to Rs. 25,569.

In the Darjeeling district no Engineer is employed. All the works and repairs in the hills of the district and most of those in the Terai were executed by the members of the Committee and other private gentlemen to whom the thanks of Government are due for their assistance.

ORDER.—Ordered that a copy of this Resolution, together with the Annual Accounts of these District Road Funds, and abstracts from the reports of the Chairmen of the District Road Committees, be published in Part II of the *Calcutta Gazette*.

Ordered, also, that a copy of the Resolution be forwarded for information to the—

Commissioners of the Bhagalpur and Chota Nagpur Divisions;
Superintending Engineers of the Northern and Western Circles;
Accountant-General, Bengal;
Board of Revenue, Lower Provinces;
Financial Department of this Government.

By order of the Lieutenant-Governor of Bengal,

A. S. THOMSON,
Offg. Secy. to the Govt. of Bengal.

Extract from letter No. 308L., dated 8th July 1908, from E. H. C. WALSH, ESQ., I. .S., *Commissioner of the Bhagalpur Division, to the Secretary to the Government of Bengal, Public Works Department.*

2. The heavy closing balance of Rs. 44,488 at the close of the year against Rs 38,493 of 1906-07 will, it is expected, be considerably reduced during the current year (1908-09) after metalling road No. 32, Naxalbari to Khoribari. * * * *
The work of the District Committee as well as of the Kurseong and Terai Branch Committees has been satisfactorily carried on throughout the year by the gentlemen named in paragraph 15 of the Deputy Commissioner's letter, and the other members also have taken care and interest in the discharge of their duties.

Abstract of the Report by the Chairman, District Road Committee of Darjeeling, on the operations of the District Road Fund of the District, for the year 1907-08.

[*Vide* letter No. 61R.F., dated 1st June 1908, from W. M. Crawford, Esq., I.C.S., Chairman of the District Road Committee, Darjeeling, to the Commissioner of the Bhagalpur Division.]

1. *Working of Committees.*—(*a*) *District Road Committee.*—There were 17 members of the District Committee—6 official and 11 non-official. Five meetings were held during the year. The average attendance was 5·6, or 32·94 per cent. at a meeting. Only one meeting failed for want of a quorum.

(*b*) *Kurseong Branch Committee.*—The total number of members of this Branch Committee was 9—3 official and 6 non-official. Six meetings were held during the year including one at which there was no quorum. The average attendance was 3·8, or 42·22 per cent. at a meeting.

(*c*) *Terai Branch Committee.*—Eighteen was the total number of members of the Terai Branch Committee—6 official and 12 non-official. Altogether four meetings were held during the year. The average attendance was 7, or 38·88 per cent. at a meeting.

2. The year opened with a cash balance of Rs. 38,493-2-7 and an outstanding advance of Rs. 3,335-13-1. The total amount of Rs. 79,644-0-1, including the outstanding advance of Rs. 3,335-13-1, was available for expenditure during the year. Out of this, Rs. 2,400 was on account of the Government grant for construction of primary school buildings which was refunded on the 31st March 1908. The actual expenditure during the year was Rs. 29,341-12-1, excluding Rs. 2,400 repaid on account of Government grant for primary school buildings and the unadjusted advance of Rs. 3,413-5-5. The actual cash balance on the 31st March 1908 was Rs. 44,488-14-7. The closing balance was more than one quarter's *kist;* but as a special case for this district, it was allowed by Government as per No. 5106R C., dated 26th September 1892. The greater part of this amount will be spent for metalling road No. 32 (Naxalbari to Debigunge *vid* Khoribari) during 1908-09, as estimated.

RECEIPTS.

3. *Provincial Rates.*—The road cess was levied by the Committee in the district during the year 1907-08 at the maximum rate of six pies in the rupee. Rupees 22,302-13-6 was collected on account of "Cess on lands" during the year, against Rs. 22,328-6-6 during 1906-07. The slight decrease of Rs. 25-9 only was due to the payment of the dues for certain estates in advance during the previous years.

4. *Miscellaneous.*—Rupees 3-8 was credited under this head on account of sale proceeds of certain old planks, &c.

5. *Contribution.*—(*a*) *Grant from Government.*—A sum of Rs. 8,020-6-11 was received under this head, against Rs 13,587-3-11 of the previous year. The decrease was mainly due to the decrease of the amount granted by Government for this year (1907-08) on account of augmentation of resources.

(*b*) Rupees 390-4 was received back on account of Banking and Audit fees paid for 1906-07.

(*c*) A sum of Rs. 7,000 and Rs. 98 were received, as usual, from the Darjeeling Improvement Fund on account of Contribution for Communication and as Darjeeling Improvement Fund's share of the cost of the joint cess and *Tauzi* establishment, respectively.

EXPENDITURE.

COMMUNICATIONS.

6. *Original works.*—A sum of Rs. 1,131-15-11 out of the advance made to the Executive Engineer, Darjeeling Division, for the construction of a pile bridge over the Pichla River on Road No. 29, "Phansidewa to Khoribari," was adjusted during the year. The bridge was completed in June last at a total cost of Rs. 1,405-6-5, of which Rs. 273-6-6 was charged during 1906-07.

7. *Repairs.*—Rupees 16,129-10-5, as per details below, was spent under this head for repairs to roads and bridges, against Rs. 20,474-1-3 of the preceding year. The decrease of

Rs. 4,344-6-10 is mainly due to the adjustment during the last year (1906-07) of a heavy sum of advance made to the Executive Engineer for Road Fund works during the previous year :—

8. A total of 300 miles out of 349 miles of unmetalled district roads and of 5½ miles out of 14 miles of village roads, maintained by this District Road Committee during the year, was actually repaired at a cost of Rs. 16,044-9-11, or Rs. 53·4 per mile and Rs. 85-0-6 or Rs. 15·4 per mile, respectively, including bridges and culverts thereon. A sum of Rs. 2,547-4-11 out of the total cost of repairs of Rs. 16,044-9-11 for the unmetalled district roads was spent for the maintenance of certain important bridges under the Darjeeling District Committee and Kurseong Branch Committee. The decrease in the cost per mile is due to the circumstances stated in paragraph 7 above.

9. A sum of Rs. 85-0-6 was spent for the maintenance of village roads during the year, against *nil* of the preceding year, as such expenditure was not considered necessary during that year (1906-07).

10. *List of roads.*—The total number of district roads was 54 and that of village roads was 5. The total length of 348 miles 7 furlongs and 23 yards of district roads and 13 miles 5 furlongs and 89 yards of village roads were maintained by the Committee during 1907-08

11. *Arboriculture.*—There was no expenditure under this head as this is attended to by the Darjeeling Improvement Fund.

12 *Water-supply.*—This is attended to by the Darjeeling Improvement Fund and by Government; hence there is no expenditure under this head.

13. *Loans.*—Rupees 4,326-15-2 principal and Rs. 2,984-2-6 interest were paid during 1907-08 under the terms of the loans granted by Goverment in 1900 and 1901 for the Road Cess bridges destroyed and damaged by the cyclone in September 1899. No fresh loan was taken during the year.

14 *Public Works Establishments* —There was no District Engineer under this District Road Committee during the year 1907-08. All the works in the hills and the greater part of those in the Terai were, as usual, executed by the several members of the Committee and by the Managers of Tea Gardens. The thanks of the Committee are due to all these for their valuable assistance. The important Road Cess bridges were repaired by the Executive Engineer, as heretofore, at the cost of the Road Fund. A sum of Rs. 1,123-6, including contingencies, or 6 96 per cent. of the total outlay on work, was spent on the entertainment of an Overseer and a peon by the Terai Branch Road Committee at Siliguri. The pay of the Overseer was Rs. 60 with a fixed horse allowance of Rs. 20 and that of the peon was Rs. 7 per mensem.

15. *Administration.*—There were two Branch Committees (Kurseong and Terai) under the District Road Committee. Mr. C. H. Bompas from 1st April to 19th August 1907 Mr. H. E Spry from 20th August to 8th September 1907, and Mr. W. M. Crawford, from 9th September 1907 to 31st March 1908, the Deputy Commissioners, were *ex-officio* Chairmen of the District Road Committee and of the Terai Branch Road Committee Mr. F. G. E. Piffard, the senior Deputy Collector, was the Vice-Chairman of the District Road Committee during the whole year. Mr. H. E. Spry, the Subdivisional Officer of Kurseong, was *ex-officio* Chairman of the Kurseong Branch Road Committee and Vice-Chairman of the Terai Branch Road Committee throughout the year. Dr. A. D. Humphry, the Civil Medical Officer of Kurseong, was the Vice-Chairman of the Kurseong Branch Road Committee as last year The work of the District Committee and as well as that of the Branch Committees was performed satisfactorily. The Committee's thanks are due to the abovenamed gentlemen and other members of the District and Branch Committees for the care and interest taken by them in the discharge of their duties.

16. *Audit of accounts.*—The members of the Audit Sub-Committe have audited the accounts for the whole year, and the Examiner of Local Accounts in Bengal, has audited the accounts up to April 1908.

2. The report is on the whole an unsatisfactory one. It shows that the Committee have failed in a signal manner to make the best use of the funds at their disposal, and that the year closed with a very heavy unspent balance. This is ascribed in part to the inefficiency of the late District Engineer. It is hoped that with the new District Engineer, the Committee will be able to utilize fully the funds at their disposal during the current year.

3. I observe that the Committee held only seven meetings during the year. The Deputy Commissioner will be instructed to arrange that a meeting is held regularly once a month.

Abstract of the report by the Chairman, District Road Committee of Singhbhum, on the operations of the District Road Fund of the District for the year 1907-1908.

(*Vide* letter No. 57R.C., dated 23rd May 1908, from H. D. deM. Carey, Esq., I.C.S., Chairman, District Road Committee, Singhbhum, to the Commissioner of the Chota Nagpur Division.)

1. *Working of the Committee.*—The Committee held seven meetings during the year in all of which quorums were obtained.

2. The accounts were as usual audited by the Finance Committee appointed under section 174 of the Act. The local auditor inspected the accounts for the period from 1st August 1906 to 30th June 1907.

RECEIPTS.

3. The Road Cess was levied at the maximum rate of six pies in the rupee. The demand on account of cess on lands and mines, quarries, jungles, &c., during the year, including the arrears of last year, amounted to Rs. 13,132. Of this a sum of Rs. 12,792 was realised within the year and Rs. 4 adjusted out of excess payment from previous year, leaving a balance outstanding on 31st March 1908 of Rs. 336 only A sum of Rs. 2 was also received in advance during the year. Including a few small miscellaneous receipts, annual Government grant for 2 years (1906-07 and 1907-08), special Government grants and opening balance of Rs. 17,590-11-7, the income available for expenditure in the year was Rs. 60,585-11.

EXPENDITURE

4. *Repairs—Civil Buildings.*—The Road Cess building and godown at Chaibassa was repaired at a cost of Rs. 228-12-6 during the year, of which a sum of Rs. 83-13-6 was recovered from the Chaibassa Municipality as repair cost of that portion of the office building which is occupied by that department.

5. *Original Works Communications.*—During the year a sum of Rs. 6,774-5-7 was spent under this head, against the budget allotment of Rs. 6,000. Besides this budget grant, a special Government grant of Rs. 4,500 was received during the year to be spent under this head for the construction of some light bridges on Jyntgarh road and completion of the Dobro bridge in the 5th mile of Bend Road. These works are in progress. The saving of Rs. 3,726 is due to the total neglect of works by the late District Engineer.

6. *Repairs—Communications.*—Twenty-three roads comprising about 303 miles were repaired during the year at a cost of Rs. 7,111-1-5, against an allotment of Rs. 11,461. The saving (Rs. 4,350) is due to the cause explained in paragraph 5 above.

7. The following statement shows the length of district roads (metalled and unmetalled and village roads), the amount spent on the maintenance of the roads and the cost per mile:—

11. No famine relief works were done during the year. A sum of Rs. 177-14-8 was paid to the whole-time clerks and servants out of the savings, against the head " Establishment and contingencies of office of collection " on account of grain compensation allowance for the dearness of rice under Government circular orders issued from time to time on the subject.

12. The following table compares the revenue of the District Road Cess Committee, excluding opening balance, and the amount under head (" Suspense account "), the expenditure incurred in original and repair works and the establishment employed on these works, as also the percentage of the total expenditure on works including establishment calculated on the revenue with those of the two previous years : —

14. *Cash balance*—Out of the closing balance of Rs. 38,141-15-8, a sum of Rs. 4,494 is payable to the Deputy Commissioner, Singhbhum, for the construction of Primary School buildings under him, and Rs. 1,000 to villagers for supply of water, in case ½ cost is contributed by them. As high price of food grains still continues, nothing has been spent out of Rs. 1,000 during the year.

15. *Water-supply.*—One new well in town Chaibassa was constructed by the municipality and one new well by Government in Kolhan from Improvement Fund during the year. Three tanks were constructed by private persons in the Kolhan Government estate. Three tanks of the Thakur of Anandpur previously omitted to be shown have now been added to the figure below Monoharpur Thana. Four wells in the Kolhan were repaired by the District Road Cess Committee at a cost of Rs. 75-9-6 during the year, against a budget allotment of Rs 300 for 14 wells. It is reported that contractors were not available for repairing the remaining wells. The statement of water-supply is given below :—

ASHUTOSH DEY,
Accountant and Head Clerk,
Singhbhum, R. C. Office.

RAKHAL CHANDRA CHATTERJEE,
For *Chairman, D. R. C. C.,*
Singhbhum.

Extract from letter No. 348L.; dated the 16th July 1908, from E. H. C. WALSH, ESQ., I.C.S., *Commissioner of the Bhagalpur Division, to the Secretary to the Government of Bengal, Public Works Department.*

* * * * * * *

2. THE year closed with a balance of Rs. 73,467, against Rs. 92,414 of 1906-07. Although this shows a reduction in the heavy balance as compared with the preceding year, still it is far too great, and must be reduced to a reasonable amount during the current year. The causes which tend to prevent a better administration have been stated by the Deputy Commissioner in paragraph 3 of the report.

* * * * * * * *

3. As regards the working of the Committee, it is satisfactory to note that the percentage of average attendance increased to 53·7, as compared with 37·77 of preceding year. The Deputy Commissioner has devoted much attention to the improvement of the present state of the roads, and if a higher scale of rates for labour is sanctioned, as proposed, it is hoped that there will be a marked improvement during the present year.

Abstract of the Report by the Chairman, District Road Committee of the Sonthal Parganas on the operations of the District Road Fund of the District for the year 1907-1908.

[*Vide* letter, dated 5th June 1908, from H. W. P. SCROOPE, ESQ., I.C.S., Chairman of the District Road Committee of Sonthal Parganas, to the Commissioner of the Bhagalpur Division.]

1. The Local Self-Government Act was not in force in this district. The provisions of the Cess Act were extended to some selected portions of the district under Government Notification No. 4489R.P., dated the 20th August 1901.

2. *Working of the Committee.*—Certain changes were made in the constitution of the Committee which consists of 9 members, of whom 3 are *ex-officio* and the rest non-official. It can scarcely be called a representative District Committee. Dumka is difficult of access and residents of the outlying subdivisions find it impossible to attend regularly the meetings of the Committee; hence the Committee as at present constituted consists of gentlemen resident in the neighbourhood of Dumka. The Committee held 18 meetings during during the year against 21 in the previous year: of these 7 were special and the rest ordinary. The average attendance of members was 3·55 against 3·4 in the previous year, and the percentage of average attendance was 53·7 against 37·77.

RECEIPTS.

3. The year opened with a cash balance of Rs. 92,414. The income of the Committee from all sources amounted to Rs. 1,02,190, and the expenditure Rs. 1,21,137, leaving a closing balance of Rs. 73,467. The heavy closing balance is mainly due to the following causes:—

(a) The lack of suitable contractors to work in the district. The local contractors who took up petty road repair works have failed to finish them according to the sanctioned estimates in terms of their agreements. Instances of bad and scamped work were regrettably frequent, and fines and deductions had to be made on this account.

(b) Bad subordinates. During the year, the quality of supervision exercised by subordinates over the roads in their charge has been generally bad.

(c) Insufficiency of the rates provided in the sanctioned estimates. This would account in a great measure for the difficulty in obtaining suitable contractors. The demand for labour is on the increase throughout the district and a general rise has taken place in the wages of coolies, and a revised scale of rates has therefore been prepared and submitted for sanction.

4. The receipts of the year consisted mainly of the Government grant-in-aid. The following table compares the receipts under the several heads of the year with those of the previous year:—

	1906-07.	1907-08.
	Rs.	Rs.
Balance on 1st April ...	93,542	92,414
VI.—Provincial Rates—		
Cess on land	4,078	4,186
XII.—Interest—		
Interest on arrear collection of Road cess.	19	7

	1906-1907	1907-1908
	Rs.	Rs.
XXV.—Miscellaneous—

Deposits	1,930	400
Earnest money on Tenders ...	1,600	500
Total receipts ...	1,11,112	1,02,190
Grand Total receipts including balances ...	2,04,654	1,94,604

5. *VI.—Provincial Rates*—The actual receipts from cess on lands were Rs. 4,185-10-3 during the year, instead of Rs. 27,000 shown in the budget estimate, and this large difference is due to the Estates borne on the rolls of other districts not being valued and assessed to cesses during the year 1907-08. The cess was levied at the maximum rate allowed by the law.

6. *XXV.—Miscellaneous*—Rupees 17 shewn against "Fees, fines and forfeitures" represents the amount of fine realized from the contractors for non-completion of works within the contract time. The decrease under "Miscellaneous" is due to the sale of tender forms not fetching more than Rs. 27-8 against Rs. 39-8 in the previous year.

7. *XXX.—Irrigation Minor Works and Navigation*—Rupees 50 against "Local canal receipts" represents the amount realized from the villagers on account of sale of water for irrigation purposes.

8. *XXXII.—Civil works*—The actual receipts from the staging bungalows were Rs. 548-11 during the year, instead of Rs. 595 shewn in the budget estimate. The income fell off considerably, but receipts from this source appear to be purely dependent upon chance. Out of Rs. 1,388 shewn under "Contribution from private persons," Rs. 342 represents the donations made by the Lachmipur Estates towards the construction of two pucca culverts on Godda-Dhuria road, and Rs. 300 made by Mahammad Ismail Chowdhury for repairs to Kotalpukur-Hiranpur road, and the balance Rs. 746 is on account of subscription from influential and substantial local men for construction of primary school buildings in this district. The receipts under "Miscellaneous" more than doubled the amount shown in the budget estimate owing to much larger collections under (1) sale proceeds of unserviceable tools and plant, (2) sale proceeds of fruits, (3) rent of road-side land, and (4) sale proceeds of old furniture of Dumka dâk bungalow.

9. The decrease under "Grant from Government" is due to there being no receipts under "Agricultural improvements" and "Miscellaneous Public Improvements" in Government Estates, and also to the withdrawal of the special grant of Rs. 6,000.

EXPENDITURE.

10. The following table shows the outlay incurred in 1907-08 compared with that of the previous year:—

	Earnest money on tenders	1,950	50
	Total Disbursements ...	1,12,240	1,21,137

11. The total expenditure under "Land Revenue" was Rs. 29,307, against Rs. 24,461 in the year before. The increase is due to the sanction of fresh works which were found necessary out of the last year's (1906-07) unspent balance.

12. *Agricultural Improvements.*—The expenditure under this head fell off to a large extent and fell far short of the allotment of Rs. 2,180 made for the purpose. This is mainly due to the want of proper supervision over these works.

13. *Sanitary Improvements.*—Rupees 1,536 was expended in improving, repairing and constructing tanks, wells, and *bandhs* in the Damin.

14. *Provincial Rates.*—The figure, viz, Rs. 697, represents the amount actually spent and the increase is due to the establishment being provided for on an increased scale.

15. *Administration, Establishment and contingencies of Committee's office.*—The decrease under this head is mainly due to the permanent accountant having been transferred to the settlement department and the consequent omission of his personal allowance at the rate of Rs. 20 a month. Rupees 37-8 represents the amount actually spent on account of audit fee.

16. *Superannuation allowance and pension.*—The decrease under this head is due to the death of pensioner, Babu Ram Tirtha Sen, late Road Office clerk, on the 11th August 1907.

17. *Civil Buildings.*—Rupees 2,184-5-4 was spent towards the construction of the five primary school buildings at Bamangama, Mandro, Poreya, Geria and Jamnagar in this district. The cost was met out of the special grant of Rs. 4,050, placed at the disposal of the the District Road Commitee by the Education Department for constructing certain primary school buildings in this district.

18. *Civil Buildings—Repairs.*—Rupees 12-12 shown against "repairs" represents the amount of the municipal tax paid for the Road office buildings. The annual repairs were not done as the building will be shortly re-roofed with Raniganj tiles.

19. *Communication—New works.*—The important works carried out during the year both under the Road Fund and Land Revenue are given below with the amounts spent upon each:—

ROAD FUND.

		Rs.
1.	Constructing 2nd Dhanbhasa bridge	4,997
2.	Bridging Godda-Hansdiha road	3,215
3.	Constructing Bilki bridge on Bhagalpur-Suri road ...	3,638
4.	Improving Godda-Hansdiha road	5,050
5.	Constructing Fatehpur Inspection Bungalow on Dumka-Jamtara road.	1,941

ROAD FUND—*concluded.*

		Rs.
6.	Stone metalling Dumka-Rampurhat road from 21st to 25th mile. ...	998
7.	Gravelling Dumka-Pakour road on last five miles ...	1,942
8.	Gravelling Dumka-Godda road	1,330
9.	Supplying furniture for Dumka Dâk Bungalow ...	471
10.	Ditto for Deoghar Inspection Bungalow ...	141

DAMIN FUND.

1.	Improving Bhagaya-Shahabad road	3,806
2.	Constructing a 20-feet span bridge on Bhagaya-Shahabad road.	584
3.	Constructing Civil Hospital Assistant's quarters and dispensary at Borio.	951
4.	Constructing corrugated iron pipe culverts in Godda Damin	357
5.	Improving Tinpahar-Borio road	3,707
6.	Construction of Gumra bridge in Dumka Damin ...	4,911
7.	Constructing a bridge at Sonadhani	300
8.	Ditto ditto at Mohanpur	699
9.	Constructing Damin Inspection Bungalows at Amrapara and Dumurchi.	1,016
10.	Improving a bridge on Karmataunr-Rajabhita road	433
11.	Constructing Gopikandar-Nargunge road	310

20. *Communication—Repairs.*—The expenditure fell from Rs. 23,944 in the year 1906-1907 to Rs. 19,132 during the year. The decrease is mainly due to the advances drawn for repairs of certain roads in the district not having been adjusted before the year closed, and also to the lapse of the allotments for certain roads under the District Engineer and the Subdivisional Officer, Jamtara.

21. There was no change in the classification of the scheduled district and village roads under charge of the District Road Committee. During the year 43 scheduled roads with a total mileage of 840 miles were maintained at a total cost of Rs. 18,653 against Rs. 23,036 in the previous year. Of the total length, 15½ miles were metalled and the rest unmetalled, and of the total cost Rs. 395 was spent on the former and Rs. 18,258 on the latter class. The cost per mile of metalled road was thus Rs. 25·4 and of unmetalled road Rs. 22·1. Several important roads were improved during the year by the construction of pucka bridges and culverts and gravelling some of the kutcha portions.

22. The total number of scheduled village roads was the same as in the previous year. Four roads with a total mileage of 33 miles were maintained at a cost of Rs 255, the cost per mile being 7·7. No substantial improvement was effected in the condition of the village roads. The expenditure on repairs is classified in the following table :—

DISTRICT.	CIVIL BUILDINGS.			COMMUNICATIONS.

(a) For repairs to road inspection bungalows ... Rs. 224
Ditto Damin Ditto ... 848

23. *Railway feeder roads.*—The construction of new feeder roads, viz., Bhagaya-Shahabad and Tinpahar-Borio roads was taken up, and Rs. 3,806 and 3707 respectively were spent during the year. Rupees 7,750 was provided in the sanctioned Budget Estimate for improving the Sahebganj-Bhanjhi road, but it was found impossible to induce a contractor to take up the work, and consequently the whole sum lapsed. This appears to have been due to insufficiency of the rates provided in the estimate. They have now been revised and the work will be taken in hand this year.

24. *Famine relief.*—No famine relief operations were carried out during the year.

25. The receipts and expenditure of the three dâk bungalows under the Committee are compared with those of the previous year in the following table :—

Name of Dâk Bungalow.	Receipts.		Expenditure.	
	1906-07.	1907-08.	1906-07.	1907-08.
	Rs.	Rs.	Rs.	Rs.
Dumka	150	165	105	685
Rajmahal	315	167	253	177
Sahebganj	138	73	358	272

26. *Establishment.*—The expenditure was in excess of that of the previous year. The increase is attributable to the entertainment of a temporary establishment, including a supervisor at a cost of Rs. 2,360, against Rs. 2,488 in the previous year, and also to payment of grain compensation allowance of Rs. 600 to those employés of the District Road Committee who were entitled to it under the rules.

27. The following table shows the amount spent on establishment and the percentage of its cost on expenditure on Civil works :—

Year.	Outlay on works and repairs.	Outlay on establishment employed on works.	Percentage.
	Rs.	Rs.	
1906-07 ...	63,451	19,931	31·41
1907-08 ...	75,051(*a*)	21,486	28·62

		Rs.	A.	P.
(*a*) Land Revenue	...	29,307	0	3
Civil Buildings	...	2,197	1	4
Communication	...	43,546	12	4
		75 050	13	11

The percentage is high owing (*a*) to the accumulation of funds from the lapses of allotments made for works and repairs, (*b*) to the debit to establishment of the charges on account of such petty establishment as malis, chaukidars, &c, which are properly chargeable to work. The total cost on establishment is Rs. 23,659 against the receipt of Rs. 86,091.

28. *Medical.*—There are no medical institutions under the Committee, and there was thus no expenditure under this head. A sum of Rs. 951 was spent towards the construction of a dispensary building and Civil Hospital Assistant's quarters at Borio out of the Estate Improvement Funds.

29. *Village sanitation.*—The scheme promulgated by Government in Circular No. 10T.-M., dated the 30th May 1903, for the improvement of sanitation of villages and rural towns was not tried in this district during the year.

30. *Tools and Plant.*—The expenditure under this head was Rs. 1,278, against the Budget provision of Rs. 600. The excess of Rs. 678 is due to the purchase of certain important tools urgently wanted for the Damin projects and bridge works with the approval of the Superintending Engineer.

31. *Travelling allowance of Veterinary Assistant*—Rupees 150 was paid on account of travelling allowance of the Veterinary Assistant.

32. *Arboriculture.*—There has been no change in the system of arboriculture in this district since last year's report. Special attention has been paid to filling in gaps of existing avenues and providing plants with gabions for which Rs. 365 was spent. New nurseries have been established in the compounds of several road Inspection Bungalows and *gumlas* have been provided at most of the nurseries for planting seeds during the coming rains. It is reported that 1,310 new plants were planted during the year, against 1,010 in the preceding year. The matter has received more attention and it is expected that better progress will be made every year.

33. *Water-supply.*—There was no outlay incurred on water-supply from the District Road Fund except on sinking a pucca well in the compound of the newly-constructed Inspection Bungalow at Fatehpur on Dumka-Jamtara road. A sum of Rs. 1,536 was, however, spent out of the Estate Improvement Fund in sinking wells, excavating and improving tanks and *bandhs* in the Damin. It is reported that the water-supply is sufficient throughout the district and that the existing sources were enough for ordinary purposes.

A statement showing the thana totals of Form I, prescribed in Government Circular No. 8T.—M., dated the 15th May 1896, for several subdivisions, is appended below—

Bankipore, the 22nd February 1909.

(246—1 90).

Uncovenanted Service Family Pension Fund.

NOTICE.

NOTICE is hereby given that, in pursuance of a requisition of twelve qualified subscribers to the U. S. F. P. Fund (resident in England), a special meeting of the subscribers to the Fund will be held in the Town Hall on Saturday, the 12th June 1909, at 3 P.M. to consider the advisability of referring again to the general body of subscribers the revision and amendment of the proviso added to Rule 64 by Circular No. 1 of the 10th April 1907.

Under the above proviso every subscriber's share of surplus at the commencement of each year was restricted to an amount not exceeding his registered annual subscription, any surplus in excess of this limit being held over for addition to the surplus to be distributed in the following year, instead of being available for refund to the subscriber concerned in cash or for enhancement of the pension assured.

The requisitionists propose that the above proviso be repealed in view to a reversion to the practice of treating excess surplus as available for refund in cash or for enhancement of the pension assured.

Subscribers who cannot attend the above meeting have the right to vote by proxy; the votes to be valid should be stamped with a one-anna stamp and registered in this office not later than the 9th June 1909.

LEGISLATIVE DEPT.;
BOOK DEPÔT BRANCH,
The 28th December, 1908.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

GENERAL SUMMARY.—Slight rain fell in the districts of the Patna, Tirhut and Chota Nagpur Divisions (except in Patna and Palamau) and also in parts of Burdwan, Birbhum Midnapore, Nadia, Murshidabad, Jessore, Monghyr, the Sonthal Parganas, Balasore, Sambalpur and Cooch Behar. Preparation of lands for the sowing of *bhadoi* crops and sugarcane is going on. Pressing of sugarcane and harvesting of pulses and oil-seeds are in progress. Lancing of poppy in Shahabad and sowing of Sumatrana indigo in Saran have commenced. Slight damage has been caused to the *mahua* flower in Manbhum by the cloudy weather and rainfall during the week. Prospects of *rabi* crops are bad in the unirrigated tracts of North Bihar. There is considerable distress amongst the poorer classes in parts of Muzaffarpur and Bhagalpur. The price of common rice has risen in Burdwan, Jessore, Saran, Bhagalpur, Purnea, Palamau and Manbhum, and has fallen in Nadia, Khulna, Patna, Shahabad, Muzaffarpur, the Sonthal Parganas, Balasore, Puri, Sambalpur, Hazaribagh and Cooch Behar. Cattle-disease is reported from Midnapore, Nadia, Jessore, Gaya, Muzaffarpur, Darbhanga, Monghyr, Purnea, Sambalpur Ranchi, Palamau and Manbhum. Fodder is reported to be insufficient in Darbhanga, Monghyr and the Sonthal Parganas. The water-supply is getting scarce in many parts of North Bihar. 35,046 persons were on test-works in Muzaffarpur, Darbhanga, Bhagalpur and Purnea. 8,872 persons were gratuitously relieved in Darbhanga, Bhagalpur, Purnea and Palamau and 549 in Puri. The number of persons on famine-relief works in Darbhanga was 33,185.

SUMMARY OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL AND IN EASTERN BENGAL AND ASSAM FOR THE MONTH OF NOVEMBER 1908.

WEATHER in the Bay was disturbed during the early part of the month and the low pressure area characteristic of the retreating monsoon developed into a depression off the Coromandel coast on the first. On the third the storm appeared to be moving in a northerly direction, afterwards curving to the north-east and diminishing rapidly in intensity, so that the only evidence of its existence finally was a burst of heavy rain on the Arakan coast on the 6th and 7th. On the ninth a second disturbance was shown to the south-west of Diamond Island. This proved to be a small, but rather intense cyclonic storm which moved initially in a north-westerly direction and then curved rapidly to the east passing over Akyab on the night of the eleventh, doing considerable damage to the town. Up to three hours before it struck the coast, there was no local indication of its approach, both the observer and the Captain of a ship in harbour reporting light north-easterly winds and a total absence of swell. During the remainder of the month weather was comparatively quiet over the whole Bay.

Over the two Provinces during the week ending November 5th a few falls of rain occurred in Assam and heavy rain fell at Chittagong and Cox's Bazar, but there was no rain in other parts of the Division. During the next week Cox's Bazar and Gauhati were the only stations that reported rain. Skies were clear or lightly clouded during these two weeks, while temperature was normal or in defect, the deficiency being shown at night and in the western districts of the division. During the week ending on the 19th weather was dry with the sky clear or lightly clouded up to the 18th, when rain commenced to fall in Eastern Bengal and heavy cloud spread over Assam and Deltaic Bengal. Skies, however, cleared again rapidly and the only stations that reported rain in the week ending on the 26th were Cox's Bazar, Chittagong and Barisal. During the last few days of the month weather remained dry and the skies free from cloud.

Summary of temperature.—Mean temperature was in defect everywhere except in Eastern Bengal, North, where it was in slight excess. In Orissa and Assam the defect was about 1½° and in Chota Nagpur 1°. The highest temperature (92°) was reported from Buxar, and the lowest (46°) was reported from Daltonganj.

The following table gives the summary of the temperature of each of the seven meteorological divisions of the Provinces of Bengal and of Eastern Bengal and Assam for the month of November 1908:—

Summary of rainfall.—The rainfall work of the area under report has been handed over to the Director of Agriculture. A short table, however, is attached to this report, giving actual and normal rainfall recorded at the principal stations of each district.

No rain fell in Bihar, Chota Nagpur and Orissa and only light rain in Bengal. It was in general defect over the two Provinces. The rainfall recorded locally at Cox's Bazar and Chittagong was again in moderate excess.

Actual and average rainfall and departure from normal for the month of November 1908.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph, and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

≏, dew; ≡ fog.

No. 1210L.R.—The 8th March 1909.—In exercise of the power conferred by clause (*viii*) of section 264 of the Chota Nagpur Tenancy Act, 1908, the Lieutenant-Governor is pleased to make the following rules as to appeals from orders made by Revenue officers under section 61 of that Act :—

Chota Nagpur.

1. Appeals from orders of Revenue officers under section 61, sub-section (*3*), shall lie—
   (*a*) if the Revenue officer is an Assistant Settlement Officer—to the Settlement Officer to whom the Assistant Settlement Officer is subordinate, and
   (*b*) if the Revenue officer is the Settlement Officer—to the Commissioner.
2. When any such appeal has been heard by the Settlement Officer, a second appeal shall lie to the Commissioner.
3. The decision of the Commissioner on any appeal preferred under these rules shall be final.
4. Every appeal referred to in these rules must be presented within 30 days from the date on which the order appealed against was signed.
5. The provisions of sections 220 to 223 shall, as far as they may be applicable, apply to such appeals.

No. 1211L.R.—The 8th March 1909.—In exercise of the powers conferred by sub-section (*1*) and clauses (*xxii*) and (*xxiv*) of section 264 of the Chota Nagpur Tenancy Act, 1908, the Lieutenant-Governor is pleased to make the following rules as to the commutation of rent payable by occupancy-raiyats in any of the ways mentioned in sub-section (*1*) of section 61 of that Act :—

Chota Nagpur.

1. An application under section 61 for commutation of rent payable by an occupancy-raiyat must contain the following particulars : —

(i) (*a*) when a record-of-rights has been prepared, the plot numbers, local names, quality, boundaries and area of each of the parcels of land constituting the holding, as entered in the record-of-rights ;

(*b*) when a record-of rights has not been prepared, a statement of the parcels of land constituting the holding, the local name and boundaries of each parcel, the different qualities in each parcel, and the number of plots and the area of each different quality in each parcel.

Illustration to clause (*b*).—Name of tenant ... Birsingh Munda.

			Acres.	Decim ls.
1st parcel of land ; Name—Pundidiri Loyung.	*North*—Sanre Munda *South*—Sanichar Uraon	5 plots—Winter rice 4 plots—Autumn rice	3 1	13 49
	East—Bakast Malik *West*—Thepa Munda	9 plots—Early rice	2	36

Explanation to clause (*b*).—The area must be given in acres and decimals when these are known ; otherwise, in the measures locally prevalent.

(ii) the existing rent (including, if they are legally renderable, *rakumats* and *begari*), and the proposed inclusive money-rent ;

(iii) the rates of money-rent payable by tenants for land of a similar description and with similar advantages in the vicinity ; and

(iv) the names and addresses of the rent-receivers of the holding.

2. (*1*) The officer who inquires into the application shall give notice to the opposite party of the date fixed for the hearing of the application and the date fixed for the local inquiry (if any).

(*2*) A local inquiry shall be held, unless the application refers to an area for which a record-of-rights is under preparation or has recently been prepared, and unless such record-of-rights shows the classification of the land in sufficient detail for the purpose of commutation proceedings.

(*3*) Where no record-of-rights exists, the said officer may require the lands to be measured and classified by competent agency.

(*4*) After making the local inquiry (if any), and taking such evidence as may be tendered by the parties or as may be necessary for the disposal of the application, the said officer may determine the sum to be paid as money-rent.

3. (*1*) When several applications from one village are being inquired into simultaneously, it shall not suffice merely to fix general rates ; but the incidence of such rates on each holding must be separately considered, and the rates must be modified, if necessary, according to the particular circumstances of each holding.

(*2*) The rent fixed for each holding must be explained by the officer to both landlord and tenant.

4. When a record-of-rights is being made, any number of tenants, occupying land under the same landlord, whose interest is recorded in the same *khewat* entry in the same village, may, with the consent of the said officer, make a joint application for commutation of produce-rents, or may, with the like consent, be joined as defendants in the same proceedings on a similar application by the landlord :

Provided that, if at any time it appears to the said officer that the question between any two of the parties, one of whom is so joined with others, cannot conveniently be jointly inquired into, he may order a separate inquiry to be held as to that question, or he may pass such order, for the joint or separate disposal of the application, as he may think fit.

Extract (paragraphs 1 and 2) from the Proceedings of the Government of India in the Home Department (Public), under date Calcutta, the 8th December 1899.

RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer (in a Presidency Town, the Commissioner of Police) or Political Officer, as the case may be,

No. 1001.—The 9th March 1909.—In exercise of the powers conferred by sections 4 and 5 of the Charitable Endowments Act, 1890 (VI of 1890), and upon the application of Nawab Syed Mohummud Mahdi Hasun Khan, *alias* Nawab Syed Badshah Nawab, of Patna City, the Lieutenant-Governor is pleased to order—

Patna.

(1) that the immoveable properties described in the first schedule hereto annexed, together with all rents due or in arrear in respect of the same on the sixth day of January, 1909 (except any rent in respect of which the said Nawab Syed Badshah Nawab has obtained a decree prior to the said day,) shall vest in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal, to be held by him and his successors subject to the provisions of the said Charitable Endowments Act, 1890, and the rules from time to time framed thereunder by the Governor-General in Council; upon trust to apply the said properties and the income thereof to the maintenance of a permanent endowment, to be called the "Badshah Nawab Endowment for Female Education in Bihar," in accordance with the provisions in that behalf contained in the scheme set forth in the second schedule hereto annexed; and

(2) that the said scheme shall come into operation on the publication of this notification in the *Calcutta Gazette*.

The Second Schedule above referred to.

1. The endowment hereby created (hereinafter called the said endowment) shall be called the "Badshah Nawab Endowment for Female Education in Bihar."

2. The trustee to be appointed under section 5 (1) of the Charitable Endowments Act VI, 1890, to administer the property for the time being representing the said endowment shall be the Commissioner for the time being of the Patna Division or other the officer for the time being exercising the functions of such office (hereinafter referred to as "the said Commissioner").

3. The Treasurer of Charitable Endowments for the territories subject to the Government of Bengal (hereinafter referred to as "the said Treasurer") shall stand possessed of the properties of which the particulars are contained in the first schedule above written and any other property for the time being representing or forming part of the said endowment, other than securities for money (all of which said properties are hereinafter included in the expression "the said properties") upon trust (subject to any special order which he may receive from the Government of Bengal) to permit the said Commissioner to have the possession, management and control of the said properties and the application of the income thereof, as if the said properties had been vested in the said Commissioner. Should the said properties or any of them or any part thereof be sold or otherwise disposed of in accordance with the said Charitable Endowments Act, the said Treasurer shall pay the net income of any property that may be invested in securities for money in accordance with the said Act to the said Commissioner by whom the same shall be applied towards the same objects as are hereinafter specified in the case of the net income from the said properties. Provided always and it is hereby declared that the arrear rents vested in the said Treasurer by the above notification shall if and when recovered be treated as income arising from the immoveable properties specified in the preceding schedule and be applied by the said Commissioner in the manner and towards the objects hereinafter specified in respect of the income of the said properties and provided also that neither the said Treasurer or the said Commissioner shall be bound to take or continue any proceedings for the recovery of such arrear rents or any part thereof in the event of the said Commissioner being for any reason of opinion that it would not be for the benefit of the endowment to institute or continue proceedings for the recovery thereof.

4. The said Commissioner shall have full power to let the said properties, or any part thereof, from time to time, for such period, and on such terms and conditions, and to make any allowance to, or arrangements with, tenants, as he shall think fit, with liberty to accept surrenders of tenancies, and generally to do all acts and things necessary in connection with the management and development of the said properties as he in his discretion shall deem advisable and as if he were the absolute owner thereof, without being responsible for any loss or damage that may happen thereby, and, subject to any orders or rules of Government, with power to delegate either expressly or by implication, during such period or periods and upon such terms as he shall think fit, the exercise of all or any of the powers herein contained to any District Collector, Subdivisional Officer, Deputy Collector, or other officers in the service of Government, without being responsible for any loss occasioned thereby. The several powers hereinbefore contained may be exercised either in relation to any undivided shares of and in the said properties solely or in conjunction with the person or persons entitled to or having power in that behalf over the other undivided parts or shares of and in the said properties or in relation to the entirety of the said properties and so that in the latter case any rents, expenses, outgoings or other moneys may be apportioned in such manner as the said Commissioner shall think fit.

5. The said Commissioner shall out of the rents, income and profits of the said properties pay, or cause to be paid, all costs and expenses of and incidental to the collection of the same and the management of the said properties, the Government revenue, cesses, taxes and other outgoings payable in respect of the said properties, and any other costs and expenses duly incurred by him or the said treasurer in carrying out the trusts hereby declared, and any fees for the time being payable to Government under section 13 (*b*) of the Charitable Endowments Act, and shall apply the residue of such rents, income and profits as hereinafter mentioned.

6. The said Commissioner shall apply the said residue of the rents, income and profits of the said properties towards the advancement of female education in Bihar in manner hereinafter mentioned, or in such other way as the Local Government having territorial jurisdiction over Bihar (hereinafter called the "Local Government") shall in its discretion from time to time direct, subject to the condition that the name of the said Nawab Syed Muhammud Mahdi Hasun Khan, *alias* Syed Badshah Nawab, shall be sufficiently identified with such scheme as may from time to time be selected by the Local Government, and provided that no Christian Missionary shall at any time be permitted to be in any way concerned with any institution that may at any time be deriving any benefit under this endowment.

7. The said Commissioner shall, until the Local Government shall otherwise direct, apply the said residue of the rents, income and profits of the said properties in or towards meeting the expense of establishing, maintaining and carrying on a training college for women teachers to be named the "Badshah Nawab Training College for Women Teachers," and intended to be established at or in the neighbourhood of Bankipore and of any *practising* school or schools that may from time to time be attached to such training college, and in particular in establishing and maintaining scholarship of the total value of Rs. 50 per mensem to be awarded to Shiah female students attending the said training college and the said practising school or schools attached thereto, provided that should there at any time be any such practising school or schools as aforesaid, out of the said sum of Rs. 50 per mensem Rs 30 per mensem shall be allotted to scholarships for Shiah female students at the said training college and Rs. 20 per mensem shall be allotted to scholarships for Shiah female students at the said practising school or schools.

8. The scholarships, respectively, shall (subject to what is hereinbefore contained) be awarded for such amounts at such intervals and as the result of such examinations and in such manner and shall be held and enjoyed for such period and upon and subject to such terms and conditions as shall from time to time be prescribed by regulations approved by the said Commissioner and made by a committee to be nominated by the said Commissioner for the purpose or in default of such regulations, then as the said Commissioner shall determine and any committee from time to time nominated as aforesaid may at any time, with the approval of the said Commissioner, revoke or alter any regulations made under this clause and with such approval as aforesaid make new regulations in place thereof.

9. Should the said monthly sum of Rs. 50 or any part thereof, at any time or times not be required for the purpose of the said scholarships, or any of them, for want of eligible students or any other reason, the same or the unrequired portion, as the case may be, shall be applied towards the cost of maintaining and carrying on the said training college, $\frac{\text{and}}{\text{or}}$ the said practising school or schools or for the purposes of any other scheme for the advancement of female education in Bihar that may at any time be substituted by the Local Government for the one hereinbefore specified.

10. Should the Local Government at any time direct that the net income of the said endowment shall be devoted to some institution for the advancement of female education in Bengal other than the Training College aforesaid, scholarship for Shiah female students attending such institution shall be maintained out of the said income to the extent and in the manner and according to the provisions hereinbefore specified or as near thereto as circumstances shall permit.

11. The said Commissioner shall be at liberty, if he so thinks fit, to take all such steps as may be necessary to have his name substituted in the place of that of the said Nawab Syed Badshah Nawab in the Mutation Register and other records of any Collectorate in which the properties specified in the preceding schedule, or any part thereof are or is situated

12. The said Commissioner shall, in books to be kept by him regularly, enter, or cause to be entered, full and true accounts of all moneys received and paid by him as such trustee and shall submit, to such public servant, in such form and at such times as the Local Government may from time to time appoint and prescribe, an abstract of such accounts, and such returns in regard to any matters connnected with the administration of the trust as the Local Government may require.

MISCELLANEOUS REVENUE DEPT., OPIUM SALE, CALCUTTA, *the 9th March 1909.*

No. 1069B.

THE HON'BLE MR. W. C. MACPHERSON, C.S.I.

Dated Calcutta, the 26th February 1909.

IN exercise of the power conferred by section 100 of the Sea Customs Act, 1878 (VIII of 1878), the Board of Revenue, Lower Provinces, prescribe the following rules:—

II. Notification, dated the 7th April, 1896, which was published on pages 381 and 382 of Part I of the *Calcutta Gazette* of the 8th idem, is hereby cancelled.

RULES.

OPERATIONS ON GOODS IN A WAREHOUSE.

1. Before any operation referred to in section 100 is performed in a warehouse, an application, stating the exact nature of the proposed operation, must be made to the Collector of Customs.

2. The officer of Customs deputed by the Collector in this behalf shall, prior to the operation, compare the marks in the application with those on the goods and ascertain the actual quantity of the goods and record such quantity.

3. When the operation is completed, the officer shall ascertain the quantities, and record and sign the new account of the goods.

RACKING AND VATTING.

4. Racking from cask to cask may be performed in a warehouse, and casks in bad condition may have their contents racked out into sound casks.

5. Before any empty spirit cask is delivered from the Custom House or bonded premises, it shall be properly drained and thoroughly rinsed out with such quantity of water as the Customs officer may deem sufficient, water being allowed to stand in the cask for not less than twenty-four hours before delivery, during which period the cask shall be rolled over several times. The rinsings shall be poured away in the presence of an officer.

6. The operation of putting wines or spirits together in a vat may only be performed in a compartment of a warehouse fitted and used for that purpose only, unless the vat is a close-covered vessel, which has been accurately gauged, and of which the hatch and discharge cock can be secured by locks, the keys of which shall remain with the Bonding Department.

7. Vats must be distinctly marked with their numbers and capacity in gallons. The strength of spirits taken from a vat is to be ascertained by a sample from each cask.

8. After any spirits have been racked from a vat, the remainder must be drawn off before any more spirits are put into the vat.

RULES FOR THE BLENDING OF SPIRITS OR WINES IN BOND OR FOR THE REDUCTION OF STRENGTH OF SPIRITS BY WATER OR FOR THE FLAVOURING OF SPIRITS.

9. Applications for permission to blend spirits or wines in bond, or to reduce the strength of such spirits, or to flavour them, must be presented to the Collector of Customs.

10. Each application must contain a full description of the spirits or wines to be mixed, reduced, or flavoured, and must be accompanied by a fee at the rate of Rs. 4 per diem, to cover the pay of an officer of Customs, to be deputed by the Collector, in whose presence the blending, reduction or flavouring must be effected.

11. Spirits in casks may be reduced with water. When water is to be added, so much spirit may be drawn off from each cask as is required to make room for the purpose. The overdrawings, if more than 9 gallons, may be re-warehoused; and, if less than the quantity specified, they must either be used in another operation or cleared on payment of duty.

12. The amount of liquor drawn from each cask for the purpose of blending or reducing the strength, must be shown as cleared or exported on the original bond. If any deficiency be found on emptying a cask, duty thereon must at once be levied, subject to the provisions of sections 116 and 117 of the Sea Customs Act, 1878.

13. The blend, when effected, shall be re-tested and re-gauged, and a fresh bond shall be made out for the duty found leviable thereon.

14. For the purpose of calculating the period of three years under section 103 of the Sea Customs Act, 1878, and the allowances for ullage and wastage under section 116 of that Act, the date of the new bond shall be taken to be the date on which the earliest of the bonds, relating to any of the spirits in the operation, was executed.

15. The spirits or wines blended must be the produce and manufacture of the same country.

16. Spirits in bond may be blended, or reduced by water, or flavoured only in a bonded warehouse specially approved for the purpose, and in the presence of an officer deputed by the Collector of Customs.

17. Spirits so compounded or reduced shall be assessed to duty before any obscuring matter is added, and after the addition of such matter no allowance for ullage or wastage shall be made.

18. Samples of the spirit which it is intended to compound, and of the flavouring materials to be used, shall be sent, whenever the Collector of Customs deems it desirable, to the Chemical Examiner to be examined as to their freedom from objectionable substances.

19. Flavouring materials shall b added only in such proportion as may be fixed by the Government of India.

20. The words "blend" or "reduced by water" or "reduced and flavoured" must be cut into or indelibly marked on the vat or casks containing the blended spirits or wines, or the spirits reduced in strength and flavoured. Original marks and brands must be removed unless all the spirits and wines be of the same mark.

BOTTLING.

21. Wines and spirits may only be bottled from casks *in a bottling warehouse*. No other operation may be performed in such warehouse at the same time.

22. Wines and spirits intended for bottling must be removed from the warehouse to a bottling warehouse in presence of a Customs Officer.

23. Bottles must be packed immediately after filling Each package must contain a dozen, or a multiple of a dozen, of quarts or pints, and the bottles in each package must be of uniform size.

24. The officer deputed must record in his bottling book the number of bottles filled before they are packed; the bottles must then be packed without unnecessary delay. The officer must satisfy himself that the proper number of bottles are placed in each case, and must see that packed cases are at once closed and fastened.

25. The bonding officer shall keep the key of the door of the bottling warehouse.

26. The officer must see that in the labelling and corking of bottles, the provisions of the Indian Merchandise Marks Act, 1889, are observed.

27. Wines and spirits in bottle may, if it be necessary, be started into casks.

MISCELLANEOUS.

28. Wines and spirits imported in cases may, if it be necessary, be adjusted and repacked, but not more then once while in bond. Labels and capsules may be renewed, but not changed for others not identical in terms.

29. Samples may, with the previous sanction of the Collector, be drawn from any case or cask, whether in the bonded warehouse or in the warehouse for operations on wet goods in bond, a note being kept on the bond or Customs documents denoting the quantity so drawn.

30. Spirits may be methylated in a warehouse. The spirits are to be gauged and the strength ascertained prior to the operation; and any deficiency not exceeding the legal allowance may be written off.

31. After methylation, a sample must be drawn off and sent for the usual report to the Chemical Examiner.

N. B.—All applications under the above rules must, under Schedule II (1) (*a*) of the Court Fees Act, bear a stamp of one anna.

LAND SALE NOTICES.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the East Indian Railway, Chord Line, in the district of Burdwan, will be put up to sale at noon on Thursday, the 15th March 1909, corresponding with the 2nd Chaitra 1315 B.S., at Mankar Railway Station.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the Railway fencing, or plough the lands closer than 3 feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

Advertisement of Sale.

NOTICE is hereby given that the undermentioned plots of land, no longer required by Government, situated along the Bengal and North-Western Railway, in the district of Purnea, will be put up to sale at 11 o'clock on Tuesday, the 20th April 1909, corresponding with the 16th Baisakh 1316 Fusli, at Purnea Sadar.

The purchasers of the several plots of land will be subject to the following conditions:—

1st.—The purchasers will have no power to make any excavations on the land nearer than fifteen feet from the railway fencing, or plough the lands closer than three feet from its foundation.

2nd.—If the amount of purchase-money does not exceed Rs. 100, the whole amount must be paid down at once.

3rd.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount must be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale shall be cancelled, the sum deposited being forfeited to Government, and the lot again put up for sale at the risk of the defaulting purchaser, after issue of advertisement as in the case of original sale.

4th.—The plots of land will be sold revenue-free to the highest bidders.

5th.—The purchasers shall be put in possession on receipt by the Collector of the orders of the Board confirming the sale.

MURARI MISRA, for Collector.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Nadia, will be put up to sale at the Nadia Collectorate on the 5th April 1909, corresponding with 23rd Chaitra 1315 B.S.
(Bengali, Fusli, or Unli, according to the era current in the district.)

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

The condition regarding the payment of a land revenue fixed in perpetuity are not applicable to estate in temporarily-settled districts in which the land revenue should be fixed for the term of the current settlement and be subject to periodical revision on expiry of each settlement. In the case of one estate, situated in a permanently-settled area and yielding an annual rental of less than Re. 1 there should be no condition regarding payment of land revenue.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

Number on the district roll.	Name of estate and pargana.	Approximate area in acres.	Government revenue assessed.	Remarks.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,

or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Proceedings of the Bengal Legislative Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

Abstract of the Proceedings of the Council of the Lieutenant-Governor of Bengal, assembled under the provisions of the Indian Councils Acts, 1861 and 1892.

THE Council met in the Council Chamber on Wednesday, the 3rd March, 1909, at 11 A.M.

Present:

The Hon'ble SIR EDWARD BAKER, K.C.S.I., Lieutenant-Governor of Bengal, *presiding*.

The Hon'ble MR. F. A. SLACKE, C.S.I.

The Hon'ble MR. W. C. MACPHERSON, C.S.I.

The Hon'ble MR. E. W. COLLIN.

The Hon'ble MR. F. W. DUKE.

The Hon'ble MR. J. G. CUMMING.

The Hon'ble MR. C. E. A. W. OLDHAM.

The Hon'ble MR. A. S. THOMSON.

The Hon'ble SIR CHARLES ALLEN, KT.

The Hon'ble MR. E. P. CHAPMAN.

The Hon'ble BABU KALI PADA GHOSH, M.A., B.L.

The Hon'ble RAI KISHORI LAL GOSWAMI, BAHADUR, M.A., B.L.

The Hon'ble MAHARAJADHIRAJA SIR BIJAY CHAND MAHTAB BAHADUR, K.C.I.E., OF BURDWAN.

The Hon'ble BABU GAJADHAR PRASAD.

The Hon'ble BABU DEBA PRASAD SARBADHIKARI, M.A., B.L.

The Hon'ble MR. F. A. LARMOUR.

The Hon'ble BABU RADHA CHARAN PAL.

The Hon'ble MR. M. S. DAS, C.I.E.

The Hon'ble IHTISHAM-UL-MULK RAIS-UD-DAULA AMIR-UL-UMARA NAWAB ASIF KADR SAIYID WASIF ALI MIRZA KHAN BAHADUR MAHABAT JANG of Murshidabad.

The Hon'ble MR. C. W. N. GRAHAM.

NEW MEMBER.

The Hon'ble MR. C. W. N. GRAHAM took his seat in Council.

QUESTIONS AND ANSWERS.

SAVINGS EFFECTED IN THE SALARY OF THE POST OF PRINCIPAL OF THE CALCUTTA MADRASSA.

The Hon'ble the NAWAB BAHADUR OF MURSHIDABAD, AMIR-UL-UMARA, asked :—

Will the Government be pleased to state what, if any, is the amount of savings effected in the salary of the post of Principal of the Calcutta Madrassa since the appointment of the present incumbent ?

The Hon'ble MR. CUMMING replied :—

"When an officer goes on leave, it is ordinarily the case that his leave allowances, plus the officiating allowances of the officers who are promoted in the chain of vacancies caused thereby, equal or exceed the saving caused by his absence. The Local Government has made no special calculations in the case of Dr. Ross, but it has no reason to believe that the result will be different."

MURDER OF INSPECTOR NUNDO LAL BANERJEE.

The Hon'ble BABU RADHA CHARAN PAL said :—

With reference to the murder of Inspector Nundo Lal Banerjee, may I inquire if the inquiry is still proceeding, and if any clue has been obtained which might lead to the detection of the culprits involved in this abominable murder ?

The Hon'ble MR. DUKE replied :—

" The inquiry into the murder of Sub-Inspector Nundo Lal Banerjee is still proceeding. Government is not at present in a position to make any statement as to the information so far obtained."

ENTERTAINMENT OF AN ADDITIONAL POLICE FORCE ON THE EASTERN BENGAL STATE RAILWAY BETWEEN DUM-DUM JUNCTION AND BARRACKPORE STATION.

The Hon'ble BABU RADHA CHARAN PAL asked :—

(*a*) With reference to the Government Notification in the Calcutta Gazette of February 24th, declaring the area extending for two miles on each side of the Eastern Bengal State Railway, from a point one mile south of Dum-Dum junction to Barrackpore Station, to be in a dangerous state, and the entertainment of an additional Police force, will the Government be pleased to state what is the estimated monthly cost of the force, and whether the cost is to be defrayed out of the general revenues of the State or from special taxation on the people ?

(*b*) If the latter, how is it to be apportioned ?

(*c*) What are the villages included in the area ?

(*d*) Is it a fact, as stated in some newspapers, that it is intended to exclude the Mill area and Cantonment portion from the limit of taxation, if any; and if so, will the Government be pleased to state the reasons for such exclusion ?

The Hon'ble MR. DUKE replied:—

(*a*) "The estimate of cost of the force to be employed has not yet been worked out. It is expected that it will amount to about Rs. 7,000 per month. The cost will be recovered from the inhabitants of the declared area, with the exception of such individuals or classes as the Lieutenant-Governor may choose to exempt on the recommendation of the local officers."

(*b*) "The details of apportionment of the cost cannot be stated at present."

(*c*) "A complete list of the villages included in the area is not yet before Government."

(*d*) "No decision has yet been arrived at as to any particular area to be exempted."

SEPARATION OF JUDICIAL AND EXECUTIVE FUNCTIONS.

The Hon'ble BABU RADHA CHARAN PAL asked :—

Will the Government be pleased to state what steps it proposes to take with a view to trying the experiment of separation of Judicial from Executive functions in selected districts, as promised last year ?

The Hon'ble MR. DUKE replied:—

"This Government is still in correspondence with the Government of India on the subject of the separation of Judicial and Executive duties in Bengal."

THE CHOTA NAGPUR ENCUMBERED ESTATES (AMENDMENT) BILL, 1908.

The Hon'ble MR. SLACKE presented the Report of the Select Committee on the Bill further to amend the Chota Nagpur Encumbered Estates Act, 1876.

He said :—"In doing so I may mention that since the Bill was referred to a Select Committee for consideration, the question as to whether the Act applies to districts outside Chota Nagpur has been very ably argued before the Board, who, agreeing with the Hon'ble the Advocate-General, have decided the matter in the affirmative.

"It is very probable that the decision thus arrived at will be tested in the Civil Court, and thereby a point, which has long been in doubt, will be finally settled."

The Hon'ble MR. SLACKE moved that the Bill, as amended by the Select Committee, be taken into consideration.

The motion was put and agreed to.

The Hon'ble MR. SLACKE also moved that the clauses of the Bill be considered in the form recommended by the Select Committee.

The motion was put and agreed to.

The Hon'ble MR. SLACKE also moved that after sub-clause (*a*), in clause 7 of the Bill, the following be inserted, namely :—

"(*b*) debts or liabilities which the Deputy Commissioner is satisfied had necessarily to be incurred for the maintenance of such holder or his family."

He said :—"It is considered necessary to insert this clause for, in the section as it stands, the person who makes the application to the Commissioner may find himself very much hampered, if he is unable to raise means for the support of himself and his family during the period his appeal is being considered."

The Hon'ble BABU KALI PADA GHOSH said:—

"This seems to be a very necessary addition, and I beg to support the amendment to clause 7."

The motion was then put and agreed to.

The Hon'ble MR. SLACKE also moved that sub-clauses (*b*) and (*c*) in clause 7 of the Bill be lettered "(*c*)" and "(*d*)", respectively.

He said:—"This is merely a consequential amendment on the Council having accepted the previous amendment to clause 7."

The motion was put and agreed to.

The Hon'ble MR. SLACKE also moved that to sub-section (*2*) of section 14A in clause 13 of the Bill, and to sub-section (*2*) of section 19A in clause 15 of the Bill, the following be added, namely:

> "Provided that the Deputy Commissioner shall, before passing such order, hear any explanation or objection that may be made by such person."

He said:—"In making this motion, Sir, I would point out that under section 21A, clause 16 of the Bill, all the orders of the Commissioner, or Deputy Commissioner, are subject to the control of the Board of Revenue, who would of course see that the party fined had been given reasonable opportunity to explain his inability to produce the requisite deeds. But this amendment may possibly result in preventing undue expense on the part of the person called upon to deposit the deeds and who in default has been fined, since it will compel a Deputy Commissioner to remember that such a hearing is essential before a fine can be imposed."

The Hon'ble BABU KALI PADA GHOSH said:—

"Sir, this addition seems to be a distinct need, and I strongly support this amendment."

The motion was then put and agreed to.

The Hon'ble MR. SLACKE also moved that the Bill, as settled in Council, be passed.

The Hon'ble RAI KISHORI LAL GOSWAMI, BAHADUR, said:—"Your Honour, I heartily sympathise with the underlying policy of the Bill, which is now going to be passed into law. Experience, both official and non-official, as regards the practical working of the existing law for the protection of the ancient and historic families of Chota Nagpur, has been utilised to the fullest extent to give the final shape in which the Bill has been presented before us. The amplest safeguards have also been provided for the aboriginal imbecile landlords of Chota Nagpur, who, lacking both education and character, are prone to enter into a career of wasteful extravagance, and fall an easy prey to the astute and unscrupulous mahajans. There are several provisions in this Bill, Sir, which, if I may be permitted to say so, trench upon the rights of ownership to properties under the law of the land, which, though unsuited to, and would be intolerable in, other parts of the province entrusted to Your Honour's care, are proper for the class of land-holders who will come under the operation of this special legislation. This law will clothe the local officials of Chota Nagpur with extensive and, I may say, unbounded powers which, I feel no doubt, will be exercised in the same fatherly spirit in which the law has been conceived. Autocracy, Sir, is exposed to the risk of using its giant strength like a giant. The Bill has therefore provided for careful and strict scrutiny, both of the Board of Revenue and Your Honour, for all important proceedings so far as the local officials are concerned, and it has also afforded facilities to the aggrieved parties to invoke such scrutiny.

"There is one matter in connection with this Bill on which I wish to submit a few observations. It is not unoften that I have seen people affect a puritanic view against money-lenders as a class, though no human society can do without them. Shylocks are undoubtedly undesirable members of society, and to none more so than to the borrower when the time comes for them to demand their pounds of flesh. It is, however, very imprudent to legislate on a principle which ignores all the legitimate protection which is eminently due to honest money-lenders.

"There are two provisions of the Bill, in regard to which I now wish to submit a few observations before Your Honour. According to clause 5 of the Bill, there is, on the one hand, the very narrow limit of time, which is three months from the date of the order vesting the property of the incumbent proprietor in the Manager, within which the claimants are allowed to put forward their claims and, on their failing to do so, they forfeit their right to enforce their claim until their property is restored to the proprietor; on the other hand, Sir, the mode of publication of the notices is limited to merely posting it in cutcherries of the district or districts in which the property is situated. Now, Sir, those who are acquainted with the habits of the people in this country, and of Chota Nagpur in particular, will not deny that the various notices and *istahars* posted on the notice boards attached to cutcherries are seldom read, as also various notices that are posted up in the notice-boards attached to Courts of Law or Revenue Courts. Under section 19 of the Bill, it is competent to Your Honour to frame rules for giving greater publicity to such notices. If I may venture a suggestion at this stage, I should say that such notices should be published in the Calcutta Gazette and in the local papers, if any, and also in two English papers published in Calcutta and two vernacular papers, one of Calcutta and one of Bihar. The next point is that the plenary powers reserved by clause 11 of the Bill will enable the Manager and the Commissioner to effect settlements of debts in any manner they please, entirely ignoring the terms of the contract under which the debts were incurred, and even the decrees of the Civil Court obtained in respect of such debts. This is undoubtedly an extraordinary power intended only to meet exceptional cases, but I hope, Sir, and earnestly hope, that proper rules will be framed for the exercise of the power vested in Your Honour under clause 19 to regulate the exercise of such power. In the absence of such rules, I apprehend that honest capital will run shy of these ancient families in time, when for a legitimate and useful purpose they will stand in need of borrowing money.

"These are my humble suggestions in respect of the whole Bill itself. I hope, Sir, I shall not be accused of undue partiality towards the money-lending community for making these precautionary suggestions, and I hope, Sir, I shall not be misunderstood."

The Hon'ble MR. SLACKE said:—"With reference to the remarks that have just fallen from the lips of the Hon'ble Member, I will say that the suggestions with regard to clause 5 of the Bill will be duly considered when the time comes to frame the requisite rules. With regard to clause 11 the power to which the Hon'ble Member has alluded is an existing power and, so far as my experience goes, I cannot remember any case of hardship having arisen. With these few remarks, Sir, I would ask that the Bill be passed."

The motion was then put and agreed to.

THE BENGAL EXCISE BILL, 1909.

The Hon'ble Mr. Macpherson moved that the Bill to consolidate and amend the Excise Law in Bengal be referred to a Select Committee consisting of the Hon'ble Mr. Oldham, the Hon'ble Sir Charles Allen, the Hon'ble Mr. Chapman, the Hon'ble Rai Kishori Lal Goswami, Bahadur, the Hon'ble Babu Gajadhar Prasad, the Hon'ble Babu Radha Charan Pal, the Hon'ble Mr. Das and the Mover, with instructions to report next July.

He said :—"The Bill has been published in the Calcutta Gazette, and will be published in the vernacular Gazettes. It has been sent to local officers and authorities and Associations, with the request that opinions may be forwarded by the middle of this month. Copies of the Bill have also been sent to the newspapers When opinions are received, they will be circulated to all the Members of the Council, and they will be referred to the Select Committee. Some time will be required for printing and abstracting the replies, and for preparing them for the consideration of the Select Committee; but I think that it should be possible for the Select Committee to begin its sittings in June; and I would express a hope that it may be able to report in July, and that the Bill, as settled by the Committee, may commend itself to the Council and be passed into law in July or August. Unless, Sir, there should be such a discussion to-day with regard to the general provisions and principles of the Bill, as to require an explanation from me, I do not propose to-day to add to the remarks which I made on the day that the Bill was introduced. I now ask you, Sir, to put the motion which stands in my name."

The Hon'ble BABU DEBA PRASAD SARBADHIKARI said :—

"OUR first and most agreeable duty to-day is to thank Your Honour and Your Honour's Government for the considerate orders for regulation of the location of drink-shops in specified municipal areas through the instrumentality of Advisory Boards. This is an important concession to what has been unreasonably termed "extreme temperance views" which is doubly welcome because it is spontaneous and voluntary, and we quite recognise that it is a sort of first experiment, tentatively made, the scope of which will be capable of expansion. It is a distinct advance on the Bill as introduced in Council the other day, and the Select Committee about to be appointed will, I have no doubt, take due note of this advance and work out proposals for effective yet safe local control. I am no less sorry than surprised to find that my pioneer remarks on the Bill were characterised as "severe," and I am glad and thankful to have been to a certain extent justified by the later action of the Government to which I have just referred. The discovery as to "severity" was fortunately made not in the Province most affected by the measure, but hundreds of miles away from thisCouncil Chamber, where "vigour of criticism" will be the last thing to be resented, so long it is are *bonâ fide* and not absurdly impractical. The need of something like local option, long recognised by the Government and the various Committees that have considered the matter for years, has been conceded by the Bill, and the expansion of the principle in its working details will now be the work of the Select Committee. That there is necessity of not only vigour of criticism but also of vigour of action will be admitted by those who have with any degree of care studied the requirements of particular tracts and the manner in which drinking facilities are provided for them. I shall refer to the tract which I know best as a resident, bounded on the north by the street running from this Council Chamber on to the Sealdah Station and on the south by the parallel street leading from the South-East gate of the Government House. I shall not refer to the many superior and inferior hotels, or the eating-houses, bars and drinking saloons frequented by non-Indian population, whose habits and customs require larger conveniences in this direction. These institutions abound in this tract and round about it, possibly because it is the business part of the town and the centre of European trade and commerce. Nor shall I for the same reason take into consideration the many retail shops within and near about this area in which liquor is not sold in glasses but in bottles, though it would be interesting to have an idea of the number of these retail shops and hotels, which I exclude for my present purposes But the weary traveller who is not particular as to his house of entertainment and trudging the distance of about a mile from this Council Chamber or the Government House through any route he may choose, to the Sealdah Station, will have his choice of not half-way houses but one-sixth way houses, if such a phrase be permissible, for more than a dozen liquor-shops are to be found in this circumscribed area. If we had a Committee with real determining voice and effective control, more than half of these shops

would disappear to-morrow and with it the proportionate drinking facilities. White in his admirable Natural History of Selbourn tells us that "crickets may be destroyed like wasps by phials half filled with beer or any liquid and set in their haunts, for being eager to drink they will crowd in till the bottles are full." The human crickets and wasps in my neighbourhood, in which some of these beer-traps are only a few hundred yards apart, are neither by inclination nor nature so eager to drink, and many of these death-dealing phials may with advantage be removed from their haunts. If people cannot be left to manage and control local affairs like these, no generous measure of reform that may be passed will fit them for larger shares of self-government. As has, therefore, been claimed by a well-known Anglo business paper, it would be infinitely better to bring into being a representative Licensing Board by statute than to trust the matter to an Advisory Council.

"I would not at this stage like to labour this point and some others that I ventured to indicate on the day that the Bill was introduced in Council. But as the Council will not be in touch with the Select Committee for some months, I would like, with Your Honour's permission, to say a few more words on the most important of these points that strike me.

"The power of granting Excise licenses by the Corporation of Calcutta or any other Municipality under section 84 of the present Act should not be withdrawn, and the control now granted by law—but up to the present not exercised for reasons that are by no means clear—should be allowed to stand and be put into practice.

"It is further desirable on principle that the Revenue Authorities in districts outside Calcutta should not be allowed full and undivided control in future years. Although it is impossible to hope that Government will hand over from Revenue-officers the decision on licensing affairs to a non-official body, friends of temperance would desire to see an expansion of the principles actuating the appointment of the recent Committee, and would press that these Committees, which may be constituted at the discretion of Local Government, shall share with the Revenue Authority the final control of such important subjects as the number and location of sites, and shall have a real determining voice.

"There is much indeed to criticise in sections 34 to 41 of the Bill, and around these the greatest discussion in the Select Committee and later on here must centre. The temperance opinion of recent years has been gathering about the much-debated question of local option, and while it is admitted that local option as found in Europe and America is at present not fully applicable to the condition of affairs in Bengal, the hour has come when as much representation as possible of local opinion should be obtained. The question of the granting of licenses, etc., affects three different areas: first of all, Calcutta and Howrah; secondly, municipal areas in the Mufassil; and, thirdly, areas in the Mufassil where no Municipalities are at present formed, and where the District Board is the one non-official representative body. Different arrangements must of course be suggested for these three different areas. As the Government has already been good enough to accept and agree to the principle of Licensing Committees, I venture to point out that they have at their disposal representative men in each of the said three spheres to whom could be given the responsibility of dealing with the liquor traffic in their respective areas. For example, there may be in Calcutta, for which no separate Committee has been appointed this year, a Licensing Committee of nine members, consisting of—first, the Commissioner of Excise; second, Chairman of the Corporation; third, the Commissioner of Police; fourth, one Presidency Magistrate, one Municipal Commissioner, one representative of Educational interests, to be named by the University or the Director of Public Instruction, and the remaining to be nominated by the public bodies like the British Indian Association and the Muhammadan Literary Society. This would give quite a representative Committee to which public opinion would be perfectly willing to appeal. The decision of the majority of the Committee on any point should be regarded

as final; but if the Government did not consider their interests sufficiently safeguarded, an appeal might still be allowed to the Board from the decisions of this Committee. In licensing matters that affect the suburbs, it will of course be necessary to add the local Magistrate to the Committee.

"Then in regard to Mufassal municipal areas, the constitution of the Committee such as would be acceptable to the Government has already been foreshadowed by the appointment to which I have referred and it would be desirable to add the District Judge or the highest Judicial Officer of the locality and a representative of Educational interests and a representative of local non-official interests. Here, again, it would be wise to allow final decision to a majority of this Committee, or, if necessary, grant appeal from it to the Divisional Commissioner. Then, in regard to non-municipal areas, a Committee consisting of the Collector, the Vice-Chairman of the District Board, as in most cases the Chairman himself is the Collector, and the third, the District Superintendent of Police and representatives of Educational and non-official interests, as in the last case, may be decided on. In this way it is quite possible to suggest a system applicable to the present development in the three areas referred to, in and through which such representation as the public may at present be allowed to claim could be fairly granted. That the demand is not unreasonable has already been conceded by Your Honour's action, and a slight modification is all that we venture to ask for. If, however, suggestions like these are ruled impracticable, it is desirable that under section 37 the class of objectors to the proposals made by the Collector should be more general. Under the present wording no non-resident may appeal against the placing of a grogo shop in a certain locality. It is quite possible the Principal of a college or the Head Master of a school might be living away from the position chosen which he might regard as dangerous to his scholars, but because he is not a resident municipal rate-payer he would have no legal standing to raise objections. Further, although in the note explaining the various sections of the Bill it is stated that this section (37) aims at allowing public bodies to make objections, there is nothing in the section itself giving this authority; and it is undesirable that so general a term as "in the vicinity of the shop" should be allowed to remain and a definite distance should be mentioned.

"The Local Government should not be allowed, as is suggested in section 21 of the Act, to obtain such power as will in all future years make it practically independent of public opinion. To take section 21 together with section 79, there are a large number of most important considerations in which public opinion should be obtained before final action is taken, and the Local Government should be subject, at any rate, to the criticism available through a discussion in the Legislative Council upon many of the items referred to. It is necessary therefore to guard the future probable course of events by refusing to legislate in a manner that will make reform hereafter much more difficult to obtain.

"With regard to section 28, it is not quite clear as to what the Local Government means by allowing itself the opportunity of dealing with any aspect of the sale of foreign liquor which does not come under the Liquor Duties. Sections 21 and 28 may give the Local Government in future years the fullest authority to do much regarding which legislative interference from time to time would be wholesome and welcome, specially pending changes in our Legislative Councils.

"Paragraph 26 of the Statement of Objects and Reasons reads: '*Chapter IV.—Manufacture, Possession and Sale.*—In dealing with these provisions have been entered which, while imposing the necessary restrictions on the public, will enable the Lieutenant-Governor to adopt any system of administration that appears most suitable to particular areas.' This is far too large a power and should be considerably restrained.

"There is a serious omission from these clauses of the Bill which stands in the draft of the Bill of 1904. It referred to restrictions on grants of licenses,

and empowered the licensing authority to forbid any increase in the number of licensed shops in any area which it regarded as sufficiently supplied, and then added this important clause (*2*). Subject to any rules made by the Board on this behalf, such authority shall not authorise the grant of any licenses for the retail sale of country spirit or *tari* at any place situated:—

(*a*) In the case of municipal areas in or at the entrance of any market established or licensed under the Calcutta Municipal Act, 1899, or the Bengal Municipal Act, 1884, or any enactment repealed thereby, or in the case of non-municipal areas in or at the entrance to any bazar, or

(*b*) near any bathing ghat, place or water-supply used by the public, school, hospital, place of public worship, factory, workshop or tea-garden, or

(*c*) in the interior of any village (clause 40 of the draft Bill of 1904).

"The present Bill gives the Board general powers by saying every license, permit or pass granted under this Act shall be granted subject to such restrictions and on such conditions as the Board may direct either generally by rule under section 80 or specially in any particular instance [clause 42 (*a*) (*iii*)]. The particulars in the draft Bill of 1904 are matters that should have legislative force and not be left to the rule-making power of the Board. Although such rules are supposed to be in force at the present day, they are not observed. The Secretary to the Government of Bengal, referring to section 40 of the draft Bill, said: 'The Lieutenant-Governor quite admits that the object of this section might be achieved by rules framed under the Act, which would of course have the force of law just as fully as the provisions contained in the Act itself. But he considers that it is not only due to the opinions expressed by those who are deeply interested in temperance reform but also due to Government itself that the principles which underlie the Excise Administration of the Government in this respect should be clearly expressed in the law. This clause involves very few alterations in the existing procedure'—(*See* Financial Department, Separate Revenue, No. 181T.—F., Darjeeling, 22nd April, 1904). It is therefore desirable that this clause be reintroduced into the Bill.

"As regards the maximum of retail sale and possession, the Bill leaves the settlement under clause 5 and clause 18 to the Board. This changes the law (section 15 of Bengal Act VII of 1878), and is opposed to the views of the Excise Commission, which, so far as country liquor is concerned, considered that the statutory limit of one quart bottle prescribed by Act XII of 1896 was wise. Some statutory limit should be provided, and temperance workers think that for country liquor the limit of one quart bottle is proper, and it has been suggested that each bottle so sold should be sealed with the seal of the license-holder.

"The newly-given powers to compromise cases of offences under the Excise Act, [section 68 (*1*)] are open to grave objection. The Bill of 1903 proposed to give the Collector as distinct from the Magistrate power to compromise cases of offences under the Excise Act. The present Bill goes much further, and, following the precedent of legislation in Madras, proposes that the Collector or any Excise Officer specially empowered by the Local Government in this behalf may accept from a license-holder whose license is likely to be cancelled or suspended payment of a sum of money not exceeding Rs. 200 in lieu of such cancellation or suspension or by way of compensation for such offence. In support of this innovation it has been urged that, under the present law, offenders have invariably to be prosecuted before a Magistrate or their licenses have to be cancelled. There are many cases, it is claimed, in which it would be to the advantage of both the offender and the revenue if the Collector or any Excise Officer specially empowered by the Local Government in that behalf had power to compromise is questionable legislation and takes away from the satisfactory safeguards of Chapter IX to a large degree. It

authorises a sort of a Court which is and can be no Court composed of the Revenue officials, and adds to the revenue of the department by compounding cases which merit imprisonment or a small fine. In place of section 68 (*1*) the present law should stand modified by stating what Magistrates should try Excise cases.

"The exceptions in paragraph 41 are undesirable, especially regarding (*a*) and (*c*). It opens the way for the Revenue authorities to employ for short periods a number of agents who will not come under the restrictions of the Act, and forms an exception to the main principles of the Bill that must be regarded as undesirable."

The motion was then put and agreed to.

The Council was then adjourned to the 26th of March, 1909.

SECOND FORECAST OF THE WHEAT CROP OF BENGAL FOR 1908-09.

THE following note is published for general information.

F. W. DUKE,
Offg. Chief Secy. to the Govt. of Bengal.

The 2nd March 1909.

DEPARTMENT OF AGRICULTURE, BENGAL.

SECOND FORECAST OF THE WHEAT CROP OF BENGAL FOR 1908-09.

(On an average of five years ending 1906-07, the area under wheat in the territory to which this forecast relates, has represented some 4·81 per cent. of the total area under wheat in India.

The ratio of the irrigated wheat acreage to total wheat acreage, (*a*) in British India and (*b*) in the territory now reported on has, in the five years ending 1906-07, averaged (*a*) 38·1 per cent. and (*b*) 1·8 per cent., respectively.)

Character of the season.—As reported in the first forecast issued in December last, the sowings began at the

normal season and under favourable circumstances. But absence of rain since the second week of October hindered progress and affected the growth of the early sown crops. The rainfall in the latter part of the last month did much good, but it was too scanty in Bihar where the crop is most important.

Area sown.—The area sown with the crop is reported to be 1,234,900 acres as against 1,003,100 acres of last year. The increase is due to the cultivation of the crop on low lands in Bihar where, for want of sufficient moisture, paddy could not be sown.

Outturn.—Of the important districts of Bihar, Gaya, Shahabad, Saran, Champaran, Muzaffarpur, Monghyr and the Sonthal Parganas report crops of between 59 to 75 per cent. of the normal. In Patna, Darbhanga, Bhagalpur and Purnea, as well as in the less important districts of Nadia, Murshidabad, and Hazaribagh, a poor outturn is anticipated. The outturn for the whole Province according to the District Officers' estimates works out to 60 per cent. of the normal.

CALCUTTA,
The 23rd February 1909.

W. R. GOURLAY,
Offg. Director of Agriculture, Bengal.

Nadia	1,787,320	1,043,900	23,100	9,800	13,900	31	39	Not cadastrally surveyed.			Beginning of October.	The weather and general conditions have not been favourable. The rainfall in January has benefited the crop. The sowings were normal.	
Murshidabad ...	1,371,520	965,500	69,300	16,600	31,400	28	39	...	.....	.....	End of September.	The weather was not favourable for want of rain. The condition of the crop is fair. The recent rainfall will improve prospects to some extent. The date of sowing was normal. Revised figures submitted by some of the thana officers for the estimated area under the crop this year are being verified.	
Jessore	1,872,153	1,191,000	1,700	1,500	900	40	50	...	.....	.....	February	The weather was not favourable for want of rain. The condition of the crop is fair. The date of sowing was normal.	
Patna	1,328,000	1,062,100	125,000	105,700	104,300	73	48	73,164	1900-01	1,261	From October	The weather was not favourable. The general condition of the crop is not good. The date of sowing was normal this year.	
Gaya	3,015,680	2,116,100	167,000	65,400	71,500	69	73	517,900	1893—1895, 1900—1902, and 1907-08.	23,193	2nd week of October.	The weather was not favourable. The condition of the crop can be described as fair. The recent rain has done much good to the crop. The date of sowing was generally normal.	

Shahabad ...	2,890,843	1,893,700	725,540	132,000	174,200	55	76	..	....	.....	1st October.	The crop was sown under fairly favourable conditions. The Aushya rain though scanty was seasonable. It was followed by a long drought and the crop suffered. Finally a little rain fell in the end of January and this rain though insufficient has improved the prospects of the crop.
Saran	1,711,296	857,200	77,500	67,100	73,900	58	63	1,633,435	1893 to 1901	77,622	15th September.	The general condition is fair. The weather was seasonable. The increase in the area in column 6 is due to more areas sown under the crop in the Siwan and Gopalganj subdivisions since the submission of the 1st forecast. The date of sowing was early.
Champaran ...	2,250,540	1,447,600	105,300	88,800	80,000	58	75	2,259,840	1872 to 1899	105,300	15th October.	The weather was unfavourable for want of rain. The general condition of the crop is fair as yet. But rain is urgently wanted. The date of sowing was normal.
Muzaffarpur ..	1,948,400	1,027,000	69,700	65,000	70,000	53	60	1,948,400	1892 93 to 1898—99.	69,700	1st week of October.	The weather was not favourable as the rainfall was scanty and badly distributed. The crop is suffering for want of moisture except in irrigated tracts. The date of sowing was normal.
Darbhanga ...	2,142,650	1,678,000	52,700	76,800	109,200	56	49	2,142,690	1896 to 1903	52,700	September and October.	The weather was not good. The general condition of the crop is bad. The date of sowing was early in the Samastipur subdivision and normal in the Sadar and Madhubani subdivisions.
Monghyr	2,510,080	1,582,800	150,000	174,300	252,500	64	70	985,552	1900 to 1904	105,612	1st week of October.	The weather has not been quite favourable. The crop suffered to some extent for want of rain. The date of sowing was normal.
Bhagalpur	2,704,640	2,073,300	168,200	155,000	200,000	61	47	1,067,946	1902—04	65,800	15th October.	Owing to inadequate rainfall during the last rainy season the soil is devoid of moisture and hence the crop has indifferent growth. The condition of the crop on high lands will go from bad to worse if there be no rainfall soon. The crop on low lands are doing well in places, where irrigation is possible. The date of sowing was early in the Supaul and late in the Banka subdivisions.
Purnea	3,196,123	1,694,400	24,000	28,800	34,000	83	40	2,506,346	1907-08 and 1904-05.	Not yet known.	October	The weather was not favourable and rain is urgently wanted. If there be no rain soon, the outturn will be poorer than that now expected.
Darjeeling ...	744,956	166,600	4,200	4,200	4,200	59	59	261,349	1897-1903	1711	October to December.	The date of sowing was normal. The condition of the crop is not good due to unfavourable weather.

† The report is for the week ending the 27th February 1909.

GENERAL SUMMARY.—There was no rain during the week under report except in the Gumla subdivision of the Ranchi district, where a fall of 1·60 inches has been recorded. More rain is wanted in Jessore and in North Bihar for preparation of lands for the next season's crops Pressing of sugarcane and harvesting of oil-seeds and pulses are in progress. Lancing of poppy in Shahabad and sowing of Sumatrana indigo in Saran continue. Some damage has been done to mango and *mahua* blossoms by hailstorms in Ranchi. Prospects of *rabi* crops continue unfavourable in unirrigated tracts of North Bihar. The price of common rice has risen in Gaya, Hazaribagh and Ranchi, has fallen in Bankura and Balasore and has been stationary in the remaining districts. Cattle-disease is reported from Burdwan, Birbhum, Midnapore, Nadia, Murshidabad, Jessore, Patna, Monghyr, Purnea, Sambalpur, Hazaribagh, Ranchi and Palamau. Fodder is insufficient in parts of Darbhanga, Monghyr, Purnea and the Santhal Parganas. The water-supply is getting scarce in many parts of North Bihar. 27,406 persons attended test-works in Muzaffarpur, Darbhanga, Bhagalpur and Purnea. 13,188 persons were given gratuitous relief in Darbhanga, Bhagalpur, Purnea and Palamau and 563 in Puri. The number of persons on famine relief-works in Darbhanga was 32,267.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

⌓, dew; ≡, fog.

MISCELLANEOUS REVENUE DEPT., OPIUM SALE, CALCUTTA, *the 9th March 1909.*

No. 1069B.

THE HON'BLE MR. W. C. MACPHERSON, C.S.I.

Dated Calcutta, the 26th February 1909.

IN exercise of the power conferred by section 100 of the Sea Customs Act, 1878 (VIII of 1878), the Board of Revenue, Lower Provinces, prescribe the following rules:—

II. Notification, dated the 7th April, 1896, which was published on pages 381 and 382 of Part I of the *Calcutta Gazette* of the 8th idem, is hereby cancelled.

RULES.

OPERATIONS ON GOODS IN A WAREHOUSE.

1. Before any operation referred to in section 100 is performed in a warehouse, an application, stating the exact nature of the proposed operation, must be made to the Collector of Customs.

2. The officer of Customs deputed by the Collector in this behalf shall, prior to the operation, compare the marks in the application with those on the goods and ascertain the actual quantity of the goods and record such quantity.

3. When the operation is completed, the officer shall ascertain the quantities, and record and sign the new account of the goods,

RACKING AND VATTING.

4. Racking from cask to cask may be performed in a warehouse, and casks in bad condition may have their contents racked out into sound casks.

5. Before any empty spirit cask is delivered from the Custom House or bonded premises, it shall be properly drained and thoroughly rinsed out with such quantity of water as the Customs officer may deem sufficient, water being allowed to stand in the cask for not less than twenty-four hours before delivery, during which period the cask shall be rolled over several times. The rinsings shall be poured away in the presence of an officer.

6. The operation of putting wines or spirits together in a vat may only be performed in a compartment of a warehouse fitted and used for that purpose only, unless the vat is a close-covered vessel, which has been accurately gauged, and of which the hatch and discharge cock can be secured by locks, the keys of which shall remain with the Bonding Department.

7. Vats must be distinctly marked with their numbers and capacity in gallons. The strength of spirits taken from a vat is to be ascertained by a sample from each cask.

8. After any spirits have been racked from a vat, the remainder must be drawn off before any more spirits are put into the vat.

RULES FOR THE BLENDING OF SPIRITS OR WINES IN BOND OR FOR THE REDUCTION OF STRENGTH OF SPIRITS BY WATER OR FOR THE FLAVOURING OF SPIRITS.

9. Applications for permission to blend spirits or wines in bond, or to reduce the strength of such spirits, or to flavour them, must be presented to the Collector of Customs.

10. Each application must contain a full description of the spirits or wines to be mixed, reduced, or flavoured, and must be accompanied by a fee at the rate of Rs. 4 per diem, to cover the pay of an officer of Customs, to be deputed by the Collector, in whose presence the blending, reduction or flavouring must be effected.

11. Spirits in casks may be reduced with water. When water is to be added, so much spirit may be drawn off from each cask as is required to make room for the purpose. The overdrawings, if more than 9 gallons, may be re-warehoused; and, if less than the quantity specified, they must either be used in another operation or cleared on payment of duty.

12. The amount of liquor drawn from each cask for the purpose of blending or reducing the strength, must be shown as cleared or exported on the original bond. If any deficiency be found on emptying a cask, duty thereon must at once be levied, subject to the provisions of sections 116 and 117 of the Sea Customs Act, 1878.

13. The blend, when effected, shall be re-tested and re-gauged, and a fresh bond shall be made out for the duty found leviable thereon.

14. For the purpose of calculating the period of three years under section 103 of the Sea Customs Act, 1878, and the allowances for ullage and wastage under section 116 of that Act, the date of the new bond shall be taken to be the date on which the earliest of the bonds, relating to any of the spirits in the operation, was executed.

15. The spirits or wines blended must be the produce and manufacture of the same country.

16. Spirits in bond may be blended, or reduced by water, or flavoured only in a bonded warehouse specially approved for the purpose, and in the presence of an officer deputed by the Collector of Customs.

17. Spirits so compounded or reduced shall be assessed to duty before any obscuring matter is added, and after the addition of such matter no allowance for ullage or wastage shall be made.

18. Samples of the spirit which it is intended to compound, and of the flavouring materials to be used, shall be sent, whenever the Collector of Customs deems it desirable, to the Chemical Examiner to be examined as to their freedom from objectionable substances.

19. Flavouring materials shall be added only in such proportion as may be fixed by the Government of India.

20. The words "blend" or "reduced by water" or "reduced and flavoured" must be cut into or indelibly marked on the vat or casks containing the blended spirits or wines, or the spirits reduced in strength and flavoured. Original marks and brands must be removed unless all the spirits and wines be of the same mark.

BOTTLING.

21. Wines and spirits may only be bottled from casks *in a bottling warehouse*. No other operation may be performed in such warehouse at the same time.

22. Wines and spirits intended for bottling must be removed from the warehouse to a bottling warehouse in presence of a Customs Officer.

23. Bottles must be packed immediately after filling. Each package must contain a dozen, or a multiple of a dozen, of quarts or pints, and the bottles in each package must be of uniform size.

24. The officer deputed must record in his bottling book the number of bottles filled before they are packed; the bottles must then be packed without unnecessary delay. The officer must satisfy himself that the proper number of bottles are placed in each case, and must see that packed cases are at once closed and fastened.

25. The bonding officer shall keep the key of the door of the bottling warehouse.

26. The officer must see that in the labelling and corking of bottles, the provisions of the Indian Merchandise Marks Act, 1889, are observed.

27. Wines and spirits in bottle may, if it be necessary, be started into casks.

MISCELLANEOUS.

28. Wines and spirits imported in cases may, if it be necessary, be adjusted and repacked, but not more then once while in bond. Labels and capsules may be renewed, but not changed for others not identical in terms.

29. Samples may, with the previous sanction of the Collector, be drawn from any case or cask, whether in the bonded warehouse or in the warehouse for operations on wet goods in bond, a note being kept on the bond or Customs documents denoting the quantity so drawn.

30. Spirits may be methylated in a warehouse. The spirits are to be gauged and the strength ascertained prior to the operation; and any deficiency not exceeding the legal allowance may be written off.

31. After methylation, a sample must be drawn off and sent for the usual report to he Chemical Examiner.

N. B.—All applications under the above rules must, under Schedule 1(1) (*a*) of the Court Fees Act, bear a stamp of one anna.

By order of the Board of Revenue, L. P.,

SRIGOPAL BHATTACHARJI,
Secretary.

Municipal and Local.

NOTIFICATIONS.

No. 448M.—The 11th March 1909.—It is hereby notified that, under section 27 of the Bengal Municipal Act III of 1884, the Lieutenant-Governor is pleased to appoint Mr. H. B. Poole to be a Commissioner of the Garden Reach Municipality, in the district of the 24-Parganas, *vice* Mr. J. E. B. Radcliffe.

24-Parganas.

No. 469M.—The 12th March 1909.—In accordance with the provisions of clause (*c*) of section 9 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), and on the recommendation of the Commissioners of the Muzaffarpur Municipality, in the district of Muzaffarpur, made at a meeting, the Lieutenant-Governor is pleased to declare his intention to include within the said Municipality, the local area of ·977 square miles lying south-west of the Municipality and bounded as follows:—

Muzaffarpur.

1. *North.*—The boundary of the area proposed to be added commences at a point through which the course of the new Hajipur line passes at the junction of the boundary line of villages Maripur and Bhagwanpur and thence continued eastward along race course and Kalambag road till it meets the boundary line of villages Satpura and Ganipur.

East.—By the boundary line of village Ganipur till it meets the alignment of the old Hajipur Railway line.

South.—By the new Hajipur Railway line passing through the villages of Ganipur Khabra and Majhaulia.

West.—By the curve of the new Hajipur Railway line passing through the villages of Barhanpura, Bhagwanpur till it meets the Bettiah Railway line.

2. The revised boundaries of the Muzaffarpur Municipality after the inclusion of the aforesaid local area, will be as follows:—

North.—The River Buri Gandak.

South.—The boundary line continues along the south towards the east by the old boundary line at the village of Bhikanpur, Atterdah and Sherpur up to the Mithanpur unmetalled road.

East.—The boundary line runs along the western edge of the Mithanpura unmetalled road from its junction with the Sisoo road to its junction with the Pachrang Patti road, then turning east and then northward by the western edge of the Pachrang patti road up to its junction with the Kalibari road; then turning eastward by the northern edge of the unmetalled road called road to Trilouki Babu's garden up to its junction with Opium Godown road, thence by the eastern boundary of the Opium Godown compound to the old bed of the river Buri Gandak; thence westward and north along the eastern edge of the old bed to its junction with present Buri Gandak at Chandwara.

West.—The western edge of the Daudpur unmetailed road from its junction with the Daudpur embankment to the north-western corner of the Daudpur Indigo Factory, thence a line running south-west and south by the boundary line of the villages of Barhampura and Daudpur up to its junction of its boundary with the Bengal and North-Western Bettiah Railway line, thence eastward along the north of the Railway line up to its junction with the Hajipur line; thence westward following the curve of the Hajipur Railway line and passing through villages of Barhampura and Bhagwanpur up to the tangent point of the same curve, thence along the same line, south-eastward through villages of Majhowlia Khabra and Ganipur up to its junction with the alignment of the old Hajipur Railway line, thence along the old Railway line up to Baldeo Babu's Tank.

3 Any rate-payer of the said Municipality, or any inhabitant of the local area which it is proposed to include therein who objects to the said inclusion should submit his objection in writing, through the District Magistrate, to the undersigned within six weeks from the publication of this notification.

LAND SALE NOTICES.

Advertisement for Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates in the district of Hooghly, will be put up to sale at the Hooghly Collectorate on the 26th March 1909, corresponding to 13th Choitra 1315 B. S.

The purchaser will be subject to the following conditions of sale:—

Conditions of sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale is subject to the existing leases and to rights conferred by the settlement proceedings and to the laws in force, and purchaser to be bound to respect the rights of the resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid at once.

4th.—If the amount of purchase-money exceed Rs. 100, the one-fourth of the amount of bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the succeeding day the sale is to be cancelled (the sum deposited being forfeited to the Government), and the estate to be put up to sale again at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estate, situate in the district of Nadia, will be put up to sale at the Nadia Collectorate on the 5th April 1909, corresponding with 23rd Chaitra 1315 B.S.

(Bengali, Fusli, or Umli, according to the era current in the district.)

The purchasers will be subject to the following conditions of sale:—

Conditions of Sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of this estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him, subject to the revenue fixed in perpetuity.

The condition regarding the payment of a land revenue fixed in perpetuity are not applicable to estate in temporarily-settled districts in which the land revenue should be fixed for the term of the current settlement and be subject to periodical revision on expiry of each settlement. In the case of one estate, situated in a permanently-settled area and yielding an annual rental of less than Re. 1 there should be no condition regarding payment of land revenue.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force; and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser, after issue of advertisement, as in the case of original sale.

The Bengal Pottery Works, Limited.

Extract from the proceedings of the third Extraordinary General Meeting of shareholders held on 13th May 1908, at No. 20, Cornwallis Street, Calcutta, at 6-30 p.m.

Resolved—

THAT the shareholders present are of opinion that considering the financial position of the Company and the prospects of improving it, it would not be possible to keep the business of the Company going for any appreciable period with any profit to the Company or to the shareholders, and under the circumstances it is advisable to wind up the Company in its present condition under article 127 of its Articles of Association.

Extract from the proceedings of the fourth Extraordinary General Meeting of shareholders held at No. 20, Cornwallis Street, Calcutta, on the 13th June 1908, at 6 p.m.

Resolved—

That the Company is wound up from to-day.

That Babu Rakhal Chandra Hazra, the Solicitor of the Company, be appointed the Liquidator of the Company without any remuneration.

Extract from the proceedings of the fifth Extraordinary General Meeting of shareholders held at the Ripon College, on the 20th September 1908, at 4 p.m.

That Babu Rakhal Chandra Hazra, Solicitor, appointed Liquidator on 13th June 1908, having declined to accept the appointment, Babus Anadi Nath Mookerjee, Manmatha Nath Mookerjee and Mr. G. C. Bose, the former Directors, be appointed the Liquidators of the Company, and they do take necessary steps for the purposes of liquidation.

N.B.—All communications with regard to the above to be made with the Liquidators at 31, Harrison Road, Calcutta.

(324—1—112)

NOTICE.

In the matter of the Calcutta Motors, Limited.

BY an order made by the Honourable High Court on the 18th day of January last, Mr. K. THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

(iii) Mahanth Jogannath Ramanuj Das of Raghab Das Math, ...	2,000
(iv) Mahanth Adhikari Ram Krishna Das Goswami of Uriya Math, Puri, ...	1,000

2. In reply, I am to say that the Lieutenant-Governor has been pleased to accept these contributions, which will be devoted to the object for which they have been given. I am to request that you will be so good as to convey to the donors an expression of His Honour's high appreciation of their liberality and public spirit.

LIBERALITY OF BABU KUNJA BIHARI GHOSH.

No. 1441.—The 10th March 1909.—Extract (paragraphs 1 and 2) from a letter from J. G. CUMMING, Esq., I.C.S., *Officiating Secretary to the Government of Bengal, to the Commissioner of the Presidency Division, No. 1438, dated the 10th March 1909.*

Para. 1.—I am directed to acknowledge the receipt of your letter No. 202L.S.-G., dated the 3rd February 1909, in which you report that Babu Kunja Bihari Ghosh of Bistoopur, in thana Barasat in the district of 24-Parganas, desires to make over to Government, Government Promissory Notes of the nominal value of Rs. 4,000 for the creation of an educational endowment in memory of his wife, Srimati Aghore Mohini.

Para. 2.—In reply, I am to say that Government accepts the offer, and to request that the thanks of Government may be communicated to the donor for his liberality.

REPORT ON THE ADMINISTRATION OF THE OPIUM DEPARTMENT DURING THE SEASON 1907-08.

NOTIFICATION.

No. 237-O.—The 12th March 1909.—The following extracts from the Report of the Board of Revenue on the Administration of the Opium Department during the year 1907-08 are published for general information.

C. E. A. W. OLDHAM,
Secy. to the Govt. of Bengal.

No. 1070B., dated Calcutta, the 26th February 1909.

From—SRIGOPAL BHATTACHARJI, ESQ., M.A., B.L., Secretary to the Board of Revenue, L.P.,

To—The Secretary to the Government of Bengal, Financial Department.

I AM directed by the Board of Revenue to submit the annual report on the operations of the Opium Agencies of Bihar and Benares during the twelve months beginning on the 1st November 1907 and ending 31st October 1908.

OPIUM.

THE HON'BLE MR. W. C. MACPHERSON, C.S.I.

* * * * * *

5. *Check measurements by Gazetted officers.*—In the Bihar Agency 8,720 villages, 66,016 plots belonging to 43,181 raiyats, containing an area of 15,937 bighas, were test-measured by the Gazetted officers, the total area test-measured being 7·6 of the cultivated area, against 6·6 in the preceding year. The total for the year under review represented the work of fewer officers, and, owing to the contraction of poppy cultivation, it formed a larger percentage of the cultivated area The work done by all the officers was satisfactory.

In the Benares Agency the number of villages inspected during the cold weather was 20,497, or 70 18, per cent. of the whole number, and the total area test-measured was 43,986 bighas, or 7·32 per cent. of the area for measurement. Last year's percentages were 69·86 and 6·70, respectively. Mr. House writes on this subject :—

"The season was one in which the inspection of licenses was of the greatest importance, and generally speaking officers were alive to this, several of them inspecting from 90 to 100 per cent. of their licenses. It speaks well for the staff that notwithstanding the heavy tale of inspection work and the miscellaneous work in connection with the making of well and other advances, so much was done in the way of test-measurements."

6. *Settlements.*—In the orders of the Government of India No. 1156A., dated 23rd February 1907, it was decided, that the area to be settled for opium cultivation for the season 1907-08, should be restricted to 900,000 bighas in all, and it was at first proposed that 257,000 bighas should be cultivated in the Bihar Agency and 643,000 bighas in the Benares Agency. Later in the year it was directed that the full area of 900,000 bighas need not be worked up to and that there was no objection to the cultivation for the season being reduced to 850,000 bighas by reductions to be made mainly in the Bihar Agency.

The area actually engaged for was 845,291 bighas, viz, 236,228 bighas in the Bihar Agency and 609,063 bighas in the Benares Agency, as against 320,781 and 631,232 bighas in the respective Agencies in the previous year. This decrease was due partly to action taken by the Department in refusal of licenses for the less productive lands in order to effect concentration, partly to the growing unpopularity of the poppy crop and partly to the unfavourable opening of the season.

* * * * * *

7. *Measurements and actual cultivation.*—In the Bihar Agency the area cultivated, excluding failures, was 201,980 bighas as compared with 283,379 bighas in 1906-07, showing a decrease of 28 per cent. All the Sub-Agencies show a decrease. The total failures amounted to 17,920 bighas against 30,681 bighas in the preceding year. The failures in the year under review, over

11,601 bighas, are ascribed to non-fulfilment of engagements, and over 6,319 bighas, to climatic causes. Mr Shirres notes that the distinction between failures due to non-fulfilment of engagements and failures due to climatic causes, is to some extent illusory; for if a raiyat breaks his engagement and sows *rabi* instead of poppy, he probably does so because he finds or fears that there may not be enough water for poppy.

In the Benares Agency the officers were instructed not to insist upon sowings in places in which it was probable that no irrigation would be practicable, as there was clearly no use in swelling the measurement area by the inclusion of cultivation which could come to nothing. In the end 601,231 bighas were sown, or only $1\frac{1}{8}$ per cent less than the full area engaged for. The Agent observes that this result would not have been obtained had not Bara Banki given an increase of nearly 5,000 bighas. Four other divisions also gave small increases. In Fyzabad the decrease was nominal: otherwise short sowings were of general occurrence, the drop being most marked in Mainpuri (nearly 3,000 bighas), the division which had already the biggest drop at settlements (nearly 14,000 bighas). The increase in Bara Banki is ascribed to poppy seed being much cheaper than wheat seed and to wheat having done badly in recent years in that part of the province. In Bara Banki also and in Bareilly there was some displacement of sugarcane by poppy.

One thousand two hundred and sixty-eight bighas were reported to have been wilfully left unsown by 2,122 cultivators in the Benares Agency. The failures due to climatic causes affected 21,533 bighas as compared with 12,453 in the preceding year; Gonda, Lucknow and Bareilly Divisions suffered most and between them had over 12,000 bighas of failures. There was also a large area over which the yield was nominal.

8. *Weather and general results.*—In the Bihar Agency the weather was on the whole unfavourable. The monsoon was deficient and ceased early, there being no *kathia* rains. The consequent drought caused the sowings to be late, and at this stage the prospects were bad. The crop, however, germinated well, and rain in the latter part of January and the beginning of February saved the situation. Subsequently considerable damage was done by hail and west winds of most unusual violence, but just at the close of the season the weather was very favourable. The general result was a slight increase in the average outturn per bigha, which slightly exceeded 3 seers.

In the Benares Agency the monsoon rains of 1907 practically came to an end by the third week of August, and no more rain fell until the second week of January 1908. Sowings were therefore delayed, but the germination was good, and down to the end of the first week of February there was every hope of a good outturn. The hot winds which followed, however, injuriously affected all but the most forward portion of the sowings and destroyed the greater portion of the backward crop. Every attempt was made to encourage irrigation by the sinking of kutcha wells and the amount advanced for this purpose was the largest ever given. To help the cultivators to pull through a season of drought second advances, which are rarely given in this Agency, were distributed in January to March 1908. Many cultivators, however, abandoned their crops and went on to famine relief works.

9. *Outturn of Opium.*— * * In the two Agencies taken together, the *damdeta* produce at 70° consistence has further decreased by 21,802 maunds, or by 23 per cent. in the year under review, as compared with that of the year 1906-07. This decrease occurred in both Agencies and is attributable both to the smaller area sown, and to the unfavourable weather which prevailed. Seven out of eight divisions in Bihar and fifteen out of seventeen in the Benares Agency show a decrease. In Bihar the general average gross produce per bigha (excluding failures) was 3 seers 1 chitak and 2 kachas in the year under review, the slight improvement over that of the preceding year being probably due to the elimination of the least productive areas in the Bihar Agency. But the Agent points out that for many years there has been a decline in the average outturn, and he thinks that this is due to part of the land allotted to poppy being no longer the best land. The average yield per bigha in the Benares Agency, which was 3 seers 10 chitaks, is the lowest on record since 1883-84

except in the year 1894-95, when it was 3 seers 4½ chitaks. Some of the eastern districts in this Agency had a better yield than for some years past; but the submontane tracts show a marked falling off, due to deficient rainfall.

10. *Average area per cultivator.*—In the Bihar Agency the Shahabad division continues to show the highest area, viz., 15 cottahs 14 dhurs per cultivator and Tirhut the lowest, viz., 7 cottahs 10 dhurs. The average for the whole Agency is only 10 cottahs 11 dhurs, and is the lowest on record.

In the Benares Agency the Etawah division has again shown the highest average area for a cultivator, viz., 17 biswas 12 biswansis; the lowest figures are returned by the Basti and Gonda divisions in which the average is only 8 biswas 7 biswansis.

11. *Average produce per license and per cultivator.*—In the Bihar Agency the average produce per license again fell from 1 maund 2 seers 1 chitak to 1 maund 1 seer 6 chitaks during the year under review; but the average produce of a cultivator slightly increased, *viz.*, from 1 seer 9 chitaks 2 kachas to 1 seer 10 chitaks and 1 kacha. The Agent notes that, although there was a diminution in the average amount of opium sent up by each license-holder, the decrease was less than might have been expected from the smaller area under cultivation, and the average amount of opium produced by each cultivator was slightly larger than in the previous year. The average outturn per license and per cultivator in the Benares Agency are shown as 1 maund 31 seers 14 chitaks, and 2 seers 4 chitaks, respectively, as compared with 2 maunds 18 seers 13 chitaks, and 3 seers 3 chitaks in 1906-07. Here, again, the average produce per cultivator is, since 1883-84, the lowest on record, except in the year 1894-95, when it was 2 seers and 3 chitaks per cultivator. This unusual result was due to the unfavourable character of the season.

* * * * * *

13. *Consistence of the season's opium.*—The general average of the consistence of the drug delivered in the Bihar Agency this year was very high, viz., 76·34° as compared with 72 69° in the previous year. This result was due to the exceptionally dry season, and to the prevalence of high west winds at the time when the poppy heads were being lanced.

In the Benares Agency also the dryness of the season gave an unusually high consistence in the drug, the average being 72·07° against 67·35° in the preceding year and 69·21°, the average of the last ten years. No division produced opium of less than 70° consistence, and 13 out of the 17 divisions had an average of 72° and over. The Salempur subdivision produced opium of 77·68° consistence and the Etawah subdivision of 68·62° consistence; these are the highest and the lowest figures for the year in this Agency.

* * * * * *

19. *Advances and outstanding balances.*—In the Bihar Agency the value of opium delivered by cultivators (including Nepal Opium) was Rs. 40,79,022. The payments made for this opium were (1) at settlements Rs. 16,86,304, (2) at weighments Rs. 23,82,024, (3) at final adjustment Rs. 2,11,172, giving a total of Rs. 42,79,500 or Rs. 2,00,478 in excess of the value of opium. Of this, Rs. 1,89,978 were recovered, leaving a balance of Rs. 10,500 as due to Government at the end of the year, to which the balances of the previous year have to be added giving a total of Rs. 15,249 as compared with Rs. 22,305 in the preceding year. During the year outstandings of previous years to the amount of Rs. 17,567 were adjusted. More than half the total amount to be recovered on account of preceding years is due from Amarpur in Monghyr, which was closed to poppy cultivation in 1906-07.

In Benares the total advances made on account of opium, leaf and trash amounted to Rs. 1,27,90,309 and the final payments to Rs. 10,91,368, making a total of Rs. 1,38,81,677. The balance, as ascertained after weighments, amounted to Rs. 75,980, out of which Rs. 55,575 have since been adjusted by recoveries from the cultivators. The net balance outstanding on 1st November 1908 is Rs. 20,405, of which Rs. 20,343 are for opium and Rs. 62 for leaf. The figures are remarkably low considering the unfortunate character of the season. Of the balances of previous years aggregating Rs. 2,408, Rs. 1,825 have been adjusted during the year, Rs. 817 by remission and Rs. 1,008 by recoveries from cultivators. There is a balance of Rs. 583 still outstanding, made up

of Rs. 19 for 1904-05, Rs. 58 for 1905-06 and Rs. 506 for 1906-07. These balances are still under investigation and a portion is expected to be recovered. Officers were instructed to show consideration to cultivators and not to press for outstanding sums where such action would cause hardship.

20. *Advances for wells.*— * * In the Bihar Agency 84 pucka wells were constructed, 2,952 earthen wells were dug, and 43 masonry wells were repaired. The Board regret to notice that advances for wells were not made in Monghyr; and the Agent has very properly pointed out to the Sub-Deputy Agent that there was no reason for departing from the policy of the Department in this matter.

In the Benares Agency, owing to the deficient rainfall, the advances made for wells were the largest ever made by the Opium Department. During the year 817 masonry wells and 55,476 kutcha wells were completed, 1,060 masonry wells and 3 kutcha wells were under construction at the close of the year. Advances were made for the repairs of 582 masonry and 275 kutcha wells.

21. *Factory operations—Provision opium.*— * * The average consistence of the opium produced in the Bihar Agency was 76·34° as compared with 72·69° in the previous year, showing an increase of 3·65°. The average consistence of the Benares opium received was 73·78° as compared with 68·28° or an increase of 5·50°, and the average of both Bihar and Benares opium taken together worked out to 74·82° as against 70·62° last year.

The gross district weight of the opium produced in the Benares Agency was 53,011 maunds and the factory weighment gave 52,436 maunds, the difference being due to dryage. The Agent reports that there was a general tendency among District Officers to classify too low, possibly owing to the fact that they have for some years past been classifying opium of unusually low consistence and therefore found some difficulty in gauging the class of opium of quite abnormally high consistence. Mr. House has made a careful analysis of the classification made by some of his officers and draws attention to the importance of this work.

* * * * * *

25. *Manufacture and supply of Excise opium.*—Six thousand two hundred and nineteen chests and 315 cakes of Excise opium were manufactured this year at Patna against 2,607 chests and 235 cakes last year. The aggregate cost of the manufacture of the opium was Rs. 23,278, which works out to Rs. 3-11-10 a chest, compared with Rs. 3-9-5 last year. The slight increase of 2 annas 5 pies a chest over the previous year's figure is due to the fact that an assistant on higher pay was placed in charge of this work.

At Ghazipur 4,678 chests of Excise opium were manufactured, and the cost of manufacture of a chest was Rs. 5-10-5, as compared with Rs. 5-10-11 in 1906-07.

The lower rate returned for the Bihar Agency appears to be due to not taking into account the cost of the materials used in making the chests for packing opium. The Board are in correspondence with the Agent on the subject.

* * * * * *

28. *Expenditure.*—The total expenditure of the Bihar Agency amounted to Rs. 49,76,092 against Rs. 61,32,930 in the previous year. The decrease is mainly due to the decrease in the total amount of opium delivered. The average cost per maund of Bihar Opium rose from Rs. 286 in 1906-07 to Rs. 292 in the year under review; but on the other hand the cost of a chest of provision opium fell from Rs. 502-1-3 to Rs. 489-7-7, in consequence of the increase in the total number of chests manufactured.

In the Benares Agency the total expenditure of the season has fallen to Rs. 1,48,41,357 from Rs. 1,93,41,233 in the previous year. The average cost per maund of opium has been Rs. 273 as compared with Rs. 269 in the previous year and the average cost of a chest Rs. 472 against Rs. 494 of last year, showing a decrease of Rs. 22 which is due to the larger number of chests manufactured as compared with that of the previous year. Taking the figures for a period of five years from 1901-02 to 1905-06, Mr. House has reckoned that the cost of a chest of provision opium of 71° consistence at Ghazipur,

including transit charges to Calcutta, and storage charges, etc., there, is Rs. 458·85; the price of a chest of 75° consistence at Patna is Rs. 494·49.

29. *Cost of a chest of provision opium and net revenue.*—During the calendar year 1908, 46,800 chests of provision opium were sold in equal proportions from Bihar and Benares and the average prices realized for a chest from each Agency were Rs. 1,433 and Rs. 1,341, or Rs. 1,387 for both combined, against an average of Rs 1,372 in 1907. The total sale-proceeds in 1908 amounted to Rs. 6,49,28,400. The total cost of manufacture of the produce (including Presidency charges, etc.) amounted to Rs. 1,19,25,454 in Bihar and to Rs. 1,23,08,680 in Benares, or a total of Rs. 2,42,34,134, giving an average cost per chest of Rs. 518. The net revenue derived from opium during the two calendar years 1907 and 1908 amounted to Rs. 4,37,24,679, and Rs. 4,06,94,266, respectively.

30. *Sales.*—The opium sales during the twelve months from November 1907 to October 1908 comprised 42,806 chests manufactured in 1905-06 and 4,194 chests manufactured in 1906-07, in all 47,000 chests of which half was taken from each Agency in monthly lots of 4,000 chests during November 1907 to December 1907, and of 3,900 chests during January to October 1908. The number of chests sold during the twelve months was 47,000 chests, or 4,200 chests fewer than were sold during the previous corresponding period.

* * As compared with 1906-07, the average prices of Bihar and Benares opium for the twelve months under notice show a decrease of Rs. 19 and Rs. 38 respectively.

31. The total outturn of provision opium during the season 1907-1908 was 40,001 chests, and the balance of the previous year's crop amounted to 26,132 chests. The number of chests available for sale at the beginning of 1909 was therefore 66,133. In accordance with the orders of the Government of India contained in their notification No. 3920A., dated the 3rd July 1908, 43,200 chests or 3,600 chests monthly, made up of 1,800 chests each, of Bihar and Benares opium, will be sold during the year 1909 and there will, therefore, be left on the 1st January 1910, a reserve of 22,933 chests, viz., 14,105 of Bihar and 8,828 of Benares opium. This reserve is exclusive of the equivalent of about 4,474 chests of crude opium remaining in the vats at the end of the year 1907-08

36. Mr. Bright was in charge of the Bihar Agency for six years, during which time he carried out his duties with much efficiency and ably and thoroughly dealt with all the difficulties of a declining industry. His sympathy with the Bihar cultivators and his painstaking and exhaustive reports on all matters of importance were characteristic, and his loss will be felt in the administration.

SECOND FORECAST OF THE SPRING OILSEED CROPS OF BENGAL, 1908 09.

THE following note is published for general information.

F. W. DUKE,
Offg. Chief Secy. to the Govt. of Bengal.

The 12th March 1909.

DEPARTMENT OF AGRICULTURE, BENGAL.

SECOND FORECAST OF THE SPRING OILSEED CROPS OF BENGAL, 1908-09.

[On an average of the five years ending 1906-07, the area under linseed and rape and mustard in the territory to which this forecast relates have represented some 22·5 and 12·7 per cent., respectively, of the total area under these crops in British India.]

Explanatory.—This forecast deals with the estimates of the area and outturn of all oilseed crops except *til* for which separate forecasts are published.

Character of the season.—In September the rainfall was below the average and though showers were general in the first week of October drought has prevailed since. Sowings were for the most part begun in normal time, but the absence of rain prevented the full normal area being sown. The crops also suffered for want of moisture in the early period of growth and the outturn is reported to be unsatisfactory in almost all districts. The season was, on the whole, very unfavourable for the oilseed crops.

Area sown.—The total area under the different kinds of oilseeds excepting *til* is estimated at 1,552,800 acres, *i.e.*, 149,700 acres more than last year and 617,500 acres less than the normal.

Outturn.—From the summary of district returns appended to this note, it will be seen that 10 districts report crops between 70 and 78 per cent., 6 districts between 60 and 68 per cent. and 5 districts between 52 and 59 per cent. In the remaining districts the outturn is below 50 per cent. According to the estimates of the District Officers the total outturn of the different kinds of the spring oilseeds for the whole Province amounts to 51 per cent. of the normal against 64 per cent. last year.

W. R. GOURLAY,
Offg. Director of Agriculture, Bengal.

CALCUTTA,

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR FEBRUARY 1909.

Character of the Rainfall.—Light showers fell in all districts except Jessore. The fall was below the normal everywhere except in Puri, where it was in excess. In Cuttack the rainfall was almost equal to the normal. The usual rainfall table is appended.

II. *Progress of Agricultural operations.*—Planting of the sugarcane crop and preparation of lands for the *bhadoi* crops and sugarcane continue. Harvesting of oilseeds and pressing of sugarcane were in progress throughout the month.

III. *State of standing crops.*—*Rabi* crops, especially wheat and barley, were benefited by the rainfall received in the end of January and in the beginning of February and prospects generally improved, but the rain received was too scanty in Bihar where the crops are most important. Prospects of these crops are unfavourable in parts of Birbhum, Midnapore, Nadia, Murshidabad, Jessore, Muzaffarpur, Darbhanga, Purnea and Palamau. In other districts they are generally fair.

IV. *Prospects and probable outturn of harvests.*—The *rabi* harvest is likely to be very poor in unirrigated tracts of North Bihar. For the Province as a whole an outturn of 60 per cent. of the normal is anticipated.

V. *Damage to crops.*—There was no serious damage to standing crops. Some damage was caused to *rabi* crops by frost in Champaran, Saran and Darbhanga and tobacco in Muzaffarpur. *Mahua* flower was damaged to some extent by rain and cloudy weather in Manbhun and mango blossom by hailstorms in Purnea.

VI. *Condition of Agricultural stock.*—The condition of agricultural stock was, on the whole fair. Cattle-disease was reported from parts of Birbhum, Midnapore, Nadia, Murshidabad, Jessore, Gaya, Shahabad, Muzaffarpur, Darbhanga, Monghyr, Purnea, Puri, Sambalpur and Chota Nagpur generally.

VII. *Failure of pasturage and fodder.*—Insufficiency of fodder was reported from Darbhanga, Monghyr, Purnea and the Sonthal Parganas. The water-supply was getting scarce in many parts of North Bihar.

VIII. *Prices of food-grains.*—During the second fortnight of the month the price of common rice rose in four districts and went down in thirteen and remained stationary in the remaining districts. It varied from 8 seers a rupee in Howrah and Purnea to 15 seers in Angul. The price of food-grains was generally easier than during the corresponding period of last year.

IX. *Condition of the labouring classes and agricultural population.*—There was distress amongst the poor classes in many parts of North Bihar on account of the scarcity. The agricultural situation in these tracts continued bad as the *rabi* harvest is anticipated to be very poor in the unirrigated parts. Gratuitous relief continued in Darbhanga, Bhagalpur, Purnea, Palamau and also in Puri. The number of persons on test-works in North Bihar and on famine relief-works in Darbhanga showed a tendency to increase.

† The report is for the week ending the 6th March 1909.

GENERAL SUMMARY.—There was no rain during the week under report. More rain is urgently wanted in Jessore, Cooch Behar and in North Bihar for preparation of lands for the next season's crops. Pressing of sugarcane and harvesting of *rabi* crops continue. Planting of sugarcane and ploughing of lands are going on. Lancing of poppy in Shahabad and sowing of Sumatrana indigo in Saran are in progress. *Mahua* has commenced falling in Palamau and Manbhum. *Rabi* crops are very unfavourable in unirrigated tracts of North Bihar. The price of common rice has risen in Champaran, Puri and Cooch Behar and has fallen in Burdwan, Birbhum, the 24-Parganas, Murshidabad, Jessore, Patna, Gaya, Monghyr, Bhagalpur, the Sonthal Parganas, Balasore and Ranchi. Cattle-disease is reported from Midnapore, Nadia, Murshidabad, Patna, Muzaffarpur, Monghyr, Purnea, Sambalpur and Chota Nagpur (Singhbhum excepted). Fodder and water supply is reported to be insufficient in Monghyr, Purnea, the Sonthal Parganas and Cooch Behar. Water is getting scarce also in parts of Murshidabad, Jessore, Muzaffarpur and Champaran. Four thousand three hundred and eighty-nine persons were on test-works in Muzaffarpur, Bhagalpur and Purnea and 39,060 persons were on famine relief-works in Darbhanga. Gratuitous relief was given to 15,443 persons in Muzaffarpur, Darbhanga, Bhagalpur, Purnea and Palamau and 557 in Puri.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

NOTIFICATION.

No. 709Medl., dated the 22nd March 1909.—Whereas by Notification No. 1688Medl., dated the 10th April 1894 published at page 74 part I B of the *Calcutta Gazette*, dated the 11th April 1894, after reciting that in or about the month of November 1891 Syed Muhammad Mehdi Hossein Khan of Patna had placed at the disposal of the Government of Bengal the sum of Rs. 10,000 to be applied to some public and charitable object in the City of Patna; and reciting that it had been resolved by the Government of Bengal that the said sum should in the first instance be devoted to the creation of an endowment to provide funds for the payment of the salary of the lady doctor to be employed in the female ward of the Temple Hospital at Patna and that the said sum should be invested

in the purchase of securities which should be vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal in manner thereinafter appearing; and reciting that the said sum with accumulation of interest thereon to the date of the said notification had accordingly been invested in the purchase of the two several Calcutta Municipal Debentures of which particulars are contained in part I of the 1st schedule hereunder written. It was notified that the Lieutenant-Governor of Bengal in exercise of the powers conferred by sections 4 and 5 of the Charitable Endowments Act, 1890, did thereby order and direct that the said two several Calcutta Municipal Debentures should as from the date of the first publication in the *Calcutta Gazette* of the said notification vest and be thenceforth vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal to be held by him and his successors subject to the provisions of the Charitable Endowments Act, 1890, and any rules from time to time framed thereunder by the Governor-General in Council upon trust (until the Local Government in exercise of the powers conferred by the Charitable Endowments Act, 1890, should direct the expenditure of the trust fund in building a separate hospital for women at Patna or its application to some other purpose of a similar nature, and should in consequence frame a new scheme) to receive the interest of the said securities when and as the same should become due and payable and from time to time to apply the same in terms of the scheme for the creation of an endowment for the payment of the salary of a lady doctor to be employed in the female ward of the Temple Hospital at Patna, of which scheme particulars were contained in the second schedule to the said notification. And whereas by Notification No 2035Medl, dated the 4th August 1902, published at pages 1083-1085 part I of the *Calcutta Gazette* dated the 6th August 1902, after reciting as is hereinbefore recited and reciting that accumulations having resulted of the surplus interest of the securities vested by the said therein recited notification (being the said notification dated the 10th April 1894) the same had been invested in the purchase of the Calcutta Municipal Debenture of which particulars were contained in part II of the first schedule thereunder written and are contained in part II of the first schedule hereunder written and reciting that it had been resolved that the said last mentioned security should be vested in the said Treasurer of Charitable Endowments upon the same trusts as were declared by the said therein recited notification of and concerning the said two several securities therein comprised and reciting that it was necessary that a modification should accordingly be effected of the said scheme, of which particulars were contained in the second schedule to the said therein recited notification. It was thereby notified that the Lieutenant-Governor of Bengal in exercise of the powers conferred by sections 4 and 5 of the Charitable Endowments Act, 1890, did thereby order and direct that in place of the said scheme, of which particulars were contained in the second schedule to the said therein recited notification there should be substituted the modified scheme, of which particulars were contained in the second schedule to the said reciting notification and that the said two several Calcutta Municipal Debentures, of which particulars are contained in part I of the first schedule hereunder written, and also the said Calcutta Municipal Debenture, of which particulars are contained in part II of the last mentioned schedule should as from the date of the first publication in the *Calcutta Gazette* of the now reciting notification vest and be thenceforth vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal to be held by him and his successors subject to the provisions of the Charitable Endowments Act, 1890, and any rules from time to time framed thereunder by the Governor-General in Council upon trust (until the Local Government should in exercise of the powers conferred by the Charitable Endowments Act, 1890 direct the expenditure of the trust fund in the erection of a separate hospital for women at Patna or the application of the same to some other purpose of a like nature in accordance with any scheme to be thereafter framed by the Local Government) to receive the interest of the said securities vested by the now reciting notification when and as the same should become due and payable and from time to time to apply the same in accordance with the said substituted scheme for the creation of an endowment for the payment of the salary of a lady doctor to be employed in the female ward of the Temple Hospital at Patna, of which scheme the particulars were contained in the said second schedule to the reciting Indenture and are contained in the second schedule hereunder written and it was thereby further notified that the said therein last mentioned scheme should come into operation on the vesting of the said securities in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal and whereas accumulations having resulted of the surplus interest of the securities vested by the said last recited notification, the same have been invested in the purchase of the Government security, of which particulars are contained in part III of the first schedule hereunder written and it has been resolved upon the application of the persons now acting in the administration of the trust that the said last mentioned security shall be vested in the said Treasurer of Charitable Endowments upon the same trusts as are declared by the said last recited notification of and concerning the several securities therein comprised. Now it is hereby notified that the Lieutenant-Governor of Bengal in exercise of the powers conferred by sections 4 and 5 of the Charitable Endowments Act, 1890, doth hereby order and direct that the Government security, of which particulars are contained in part III of the first schedule hereunder written and which has been purchased and acquired with and out of the surplus interest of the property vested by the said hereinbefore last recited notification shall as from the

date of the first publication of this notification vest and be thenceforth vested in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal to be held by him and his successors upon the like trusts and for the like purposes in all respects as are declared by and in the said hereinbefore recited Notification No. 2035Medl., dated the 4th day of August 1902, of and concerning the said Calcutta Municipal Debentures which were vested by that notification in the said Treasurer of Charitable Endowments and of which particulars are contained in parts I and II of the first schedule hereunder written and it is hereby declared that so much of the interest of the security vested by this notification as shall be received by the persons for the time being acting in the administration of the trust shall be applied by them towards the same purpose as the interest of the said Calcutta Municipal Debentures which were vested in the said Treasurer of Charitable Endowments by the said hereinbefore recited Notification No. 2035Medl, dated the 4th day of August 1902, has to be applied in pursuance of the scheme set out in the said schedule to such last mentioned notification, and a copy of which said scheme is also contained in the second schedule hereunder written :—

The first Schedule above referred to.

PART I.

No. 771—5 per cent. Calcutta Municipal Debenture of 1887-88 for Rs. 4,000.
No. 804—5 ditto ditto ditto of 1889-90 „ „ 5,000.

PART II.

No. 1752—5 per cent. Calcutta Municipal Debenture of 1887-88 for Rs. 500.

PART III.

Government promissory note of the nominal value of Rs. 500 of the 3½ per cent. loan of 1865 purchased by the Comptroller, Post Office, on behalf of the Syed Muhammad Mehdi Hossein Fund at present kept in his custody.

The Second Schedule above referred to.

I.—The endowment hereby created shall be called "the Syed Muhammad Mehdi Hossein Fund," and its object is and shall be the provision of a suitable monthly salary for a lady doctor to be employed in the female ward of the Temple Hospital at Patna.

II.—The trustees to be appointed under section 5(1) of the Charitable Endowments Act 1890 to administer the property vested by the above notification shall be—

(1) The Commissioner for the time being of the Patna Division.
(2) The Collector of Patna for the time being.
(3) The Civil Surgeon of Patna for the time being (who shall also act as Secretary of the trustees).

III.—The interest of the Calcutta Municipal debentures specified in parts I and II of the first Schedule above-written shall be paid by the Treasurer of Charitable Endowments as and when the same shall be received by him to the said trustees mentioned in clause II hereof who shall apply the same from time to time in paying the whole or a portion of the salary of a lady doctor to be employed in the female ward of the Temple Hospital at Patna.

IV.—The trustees may hold meetings for the despatch of business at such times and places, and may adjourn and otherwise regulate such meetings as they think fit, and determine the quorum necessary for the transaction of business. Questions arising at any meeting shall be determined by a majority of votes, and in case of an equality of votes, the Chairman shall have a second or casting vote.

V.—The trustees may elect a Chairman of their meetings. If no such Chairman is elected, or if he is not present at the time appointed for holding the same, the trustees present shall choose one of their number to be Chairman of such meeting.

VI.—Minutes shall be made in books to be provided for the purpose of the names of the trustees present at each meeting, and of all resolutions and proceedings of the trustees. Any such minute signed by any person purporting to be Chairman of any meeting shall be receivable in evidence of the facts therein stated without further proof.

VII.—The trustees shall in books to be kept by them regularly enter or cause to be entered full and true entries of all moneys received and paid by them as such trustees as aforesaid and shall from time to time submit to such public servant in such form and at such times as the Local Government may from time to time appoint and prescribe, an abstract of such accounts and such returns as to any matters relating to the administration of the trust property as the said Local Government may from time to time require.

LAND SALE NOTICES.

Advertisement for Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates in the district of Hooghly, will be put up to sale at the Hooghly Collectorate on the 26th March 1909, corresponding to 13th Choitra 1315 B. S.

The purchaser will be subject to the following conditions of sale:—

Conditions of sale.

1st.—The estate to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale. The purchaser of the estate will be considered as the proprietor of the estate, and the entire proprietary right of Government in such estate will be transferred to him subject to the revenue fixed in perpetuity.

2nd.—The sale is subject to the existing leases and to rights conferred by the settlement proceedings and to the laws in force, and purchaser to be bound to respect the rights of the resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid at once.

4th.—If the amount of purchase-money exceed Rs. 100, the one-fourth of the amount of bid to be immediately deposited. If the balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the succeeding day the sale is to be cancelled (the sum deposited being forfeited to the Government), and the estate to be put up to sale again at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

LEGISLATIVE DEPT.;
BOOK DEPÔT BRANCH,
The 28th December, 1908.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta,
or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

BENGAL ACT No. III OF 1909.

THE CHOTA NAGPUR ENCUMBERED ESTATES (AMENDMENT) ACT, 1909.

An Act further to amend the Chota Nagpur Encumbered Estates Act, 1876.

WHEREAS it is expedient further to amend the Chota Nagpur Encumbered Estates Act, 1876; VI of 1876.

And whereas the previous sanction of the Governor General has been obtained, under section 5 of the Indian Councils Act, 1892, to the passing of this Act; 55 & 56 Vict., c. 14.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Chota Nagpur Encumbered Estates (Amendment) Act, 1909.

Amendment of section 2 of Act VI of 1876.

2. (*1*) In section 2 of the Chota Nagpur Encumbered Estates Act, 1876, as amended by the Chota Nagpur Encumbered Estates (Amendment) Act, 1884 (hereinafter cited as "the said Act"), for the words from "or, when any such property" to the words "such property is situate" the following shall be substituted, namely:— VI of 1876. V of 1884.

"or the Deputy Commissioner within whose jurisdiction any such property belonging to such holder is situate, when—

(*i*) attachment has been made of, or a proclamation has been issued for the sale of, such property or any portion thereof, in execution of a decree or order of a Civil Court or a Revenue Court, or

(*ii*) such Deputy Commissioner is satisfied, after making such inquiry as he may think fit, and after considering and placing on record all representations (if any) made by such holder, that such holder has entered upon a course of wasteful extravagance likely to dissipate his property."

(*2*) After the words "consent of the Lieutenant-Governor of Bengal," in the same section, the words "(to be obtained through the Board of Revenue)" shall be inserted.

(*3*) After the words "during the continuance of such management," in the same section, the following shall be inserted, namely:—

"Provided as follows—

First, if any holder referred to in clause (*ii*) of this section petitions the Commissioner, while the inquiry referred to in that clause is being made, to postpone, until the petitioner has been heard, the passing of orders on any request that the Deputy Commissioner may make for applying the provisions of this Act to his case,

and if a request as aforesaid be made by the Deputy Commissioner,

the Commissioner shall appoint a day for hearing the petitioner; and if he appears, either in person or by agent, on the day so appointed, and on the subsequent day (if any) to which the hearing is adjourned, the Commissioner shall not pass any order in the matter until he has been heard;

Secondly, if any holder referred to in clause (*ii*) of this section petitions the Board of Revenue, while any proceedings are pending before the Commissioner under proviso *First*, to postpone, until the petitioner has been heard, the passing of orders on any request that the Commissioner may make for the consent of the Lieutenant-Governor to the application of the provisions of this Act to his case,

and if a request as aforesaid be made by the Commissioner,

(*Chota Nagpur Encumbered Estates (Amendment) Act, 1909—Sections 3-5.*)

the Board of Revenue shall appoint a day for hearing the petitioner; and if he appears, either in person or by agent, on the day so appointed, and on the subsequent day (if any) to which the hearing is adjourned, the Board shall not pass any order in the matter until he has been heard;

Thirdly, the consent of the Lieutenant-Governor shall not be given in the case of any holder referred to in clause (*ii*) of this section unless either—

such holder belongs to a family of political or social importance, or

the Lieutenant-Governor is satisfied that it is desirable, in the interests of the tenants of such holder, that such consent should be given."

New section 2A.

3. After section 2 of the said Act the following shall be inserted, namely:—

"2A. (*1*) For the purpose of making an application under section 2 in the case of any holder, the Deputy Commissioner may, by written order, require the said holder to produce before him, on a date to be stated in such order,—

Power of Deputy Commissioner to order production of statement and documents.

(*i*) a statement in writing, showing—

(*a*) all debts and liabilities to which the said holder is subject,

(*b*) the amount, kind and particulars of his property, and the annual value of any such property not consisting of money,

(*c*) the names and residences of his creditors, so far as they are known to, or can be ascertained by, him, and

(*d*) such other information as the Deputy Commissioner may, by his order, require, and

(*ii*) such documents relating to his estate, which are in the possession, power or control of the holder, as the Deputy Commissioner may deem necessary.

(*2*) The Deputy Commissioner may, by a like order, call upon any person in whose possession, power or control he has reason to believe there is any document relating to a debt or liability to which the holder is subject, to submit the same to him for the aforesaid purpose."

Amendment of section 3.

4. (*1*) In clause *First* of section 3 of the said Act, after the words "British India" the words "or in any Revenue Court in Bengal" shall be inserted.

(*2*) In clause *Secondly* of the same section, after the words "British India" the words "or any Revenue Court in Bengal" shall be inserted.

Amendment of section 4.

5. (*1*) In section 4 of the said Act, after clause *thirdly*, the following shall be inserted, namely:—

"*fourthly*, all sums due in re-payment of loans effected under the power conferred by clause (*c*) of section 18,"

and clause *fourthly* shall be re-numbered clause *fifthly*.

(*2*) In the same section, the words from "and also in or towards the re-payment" to "by the Manager under this Act," are hereby repealed.

(Chota Nagpur Encumbered Estates (Amendment) Act, 1909—Sections 6-11.)

Amendment of section 5.

6. In section 5 of the said Act, for the words "Urdu and Hindi" the words "and the language of the district or estate" shall be substituted.

Addition to section 7.

7. To section 7 of the said Act the following shall be added, namely:—

Barring of debts incurred after making petition for postponement of orders for application of Act.

If a holder of property has petitioned the Commissioner, under the first proviso in section 2 or the first proviso to section 12A, sub-section (*5*), to postpone the passing of orders on any request that the Deputy Commissioner might make for applying or re-applying the provisions of this Act to his case,

every debt or liability which such holder has, after the date on which the said request was made, incurred, or charged upon his property, shall be barred, with the exception of—

(*a*) debts due or liabilities incurred to the Government,

(*b*) debts or liabilities which the Deputy Commissioner is satisfied had necessarily to be incurred for the maintenance of such holder or his family,

(*c*) in the case of under-tenures, the rent due to the superior landlord, and

(*d*) interest due in respect of debts or liabilities incurred before the said date.

Amendment of section 9.

8. (*1*) In section 9 of the said Act, after the word "lease"—

(*a*) in the first place where it occurs, the words "or rent-free or maintenance grant," and

(*b*) in all other places where it occurs, the words "or grant" shall, respectively, be inserted.

(*2*) To the said section the following shall be added namely:—

"Provided that no rent free or maintenance grant shall be set aside or cancelled without the previous sanction of the Commissioner, which may be accorded only if he is satisfied that the grant was not made in good faith."

Amendment of section 10.

9. In section 10 of the said Act,—

(*a*) after the figure "9" the words and figure "except a refusal under the proviso to section 9" shall be inserted; and

(*b*) for the words "shall be final," in both places in which they occur, the words, figures and letters "shall, subject to the provisions of sections 10A and 21A, be final," shall be substituted.

New section 10A.

10. After section 10 of the said Act the following shall be inserted, namely:—

Review by Commissioner

"10A. The Commissioner may of his own motion review any order or proceeding under section 6, 7, 8, 9 or 10, and may revise, modify or reverse the same."

Amendment of section 12.

11. (*1*) In section 12 of the said Act, for the words "received from the Government under section eighteen" the words, brackets, letter and figures "effected under the power conferred by clause (*c*) of section 18," shall be substituted.

(*Chota Nagpur Encumbered Estates (Amendment) Act, 1909— Section 12.*)

New section 12A

(*2*) In the said section 12, after the words "powers hereinafter contained" the following shall be inserted, namely :—

"Provided that, where a fresh order has been made under section 2, in pursuance of section 12A, sub-section (*5*), re-appointing a Manager and vesting in him the management of the whole or any portion of the property of any holder, such property shall not be restored to such holder, but shall be retained by the Manager for restoration to the heir of such holder in due course."

12. After section 12 of the said Act the following shall be inserted, namely :—

"12A. (*1*) When the possession and enjoyment of property is restored, under the circumstances mentioned in the first or the third clause of section 12, to the person who was the holder of such property when the application under section 2 was made, such person shall not be competent, without the previous sanction of the Commissioner,—

Continuance of disabilities after restoration of property to owner.

(*a*) to alienate such property, or any part thereof, in any way, or

(*b*) to create any charge thereon extending beyond his lifetime.

(*2*) If the Commissioner refuses to sanction any such alienation or charge, an appeal shall lie to the Board of Revenue, whose decision shall be final.

(*3*) Every alienation and charge made or attempted in contravention of sub-section (*1*) shall be void.

(*4*) The Deputy Commissioner may at any time, either of his own motion or on the application of any person interested, make an inquiry to ascertain whether any holder of property who is referred to in sub-section (*1*) has made or attempted to make any alienation or charge in contravention of that sub-section, and shall consider and place on record all representations (if any) made by such holder and by the person in whose favour such alienation or charge is alleged to have been made.

(*5*) If the Deputy Commissioner is satisfied, after making such an inquiry, that such holder has made or attempted to make any alienation or charge in contravention of sub-section (*1*), he may make a report to the Commissioner, setting forth the result of the inquiry and showing all debts and liabilities to which such holder is subject, and requesting that the provisions of this Act be re-applied to his case; and the Commissioner may, with the previous consent of the Lieutenant-Governor (to be obtained through the Board of Revenue), publish a fresh order under section 2, re-appointing a Manager and vesting in him the management of the whole or any portion of the property of such holder:

Provided as follows—

First, if the said holder petitions the Commissioner, while the said inquiry is being made, to postpone, until the petitioner has been heard, the passing of orders on any request that the Deputy Commissioner may make for re-applying the provisions of this Act to his case,

and if a request as aforesaid be made by the Deputy Commissioner,

the Commissioner shall appoint a day for hearing the petitioner; and if he appears, either in person or by agent, on the day so appointed, and on the subsequent day (if any) to which the hearing is adjourned, the Commissioner shall not pass any order in the matter until he has been heard;

(Chota Nagpur Encumbered Estates (Amendment) Act, 1909— Sections 13-14.)

Secondly, if the said holder petitions the Board of Revenue, while any proceedings are pending before the Commissioner under proviso *First*, to postpone, until the petitioner has been heard, the passing of orders on any request that the Commissioner may make for the consent of the Lieutenant-Governor to the re-application of the provisions of this Act to his case,

and if a request as aforesaid be made by the Commissioner,

the Board of Revenue shall appoint a day for hearing the petitioner; and if he appears, either in person or by agent, on the day so appointed, and on the subsequent day (if any) to which the hearing is adjourned, the Board shall not pass any order in the matter until he has been heard.

(*6*) No suit shall be brought to charge any person to whom property is restored under the circumstances mentioned in the first or the third clause of section 12—

(*i*) upon any promise, made after such restoration, to pay any debt contracted while the management of the property was vested in the Manager, or

(*ii*) upon any ratification, made after such restoration, of any promise or contract made while the management of the property was vested in the Manager,

whether or not there be any new consideration for such promise or ratification."

New section 14A

13. After section 14 of the said Act the following shall be inserted, namely:—

"14A. (*1*) The Manager may order all holders of tenures and under-tenures on property under his management to produce their evidence of title to such tenures and under-tenures.

Power to order production of title to tenures and under tenures.

(*2*) Any person who refuses to comply with an order of the Manager under sub-section (*1*) shall be liable, by order of the Deputy Commissioner, to a fine not exceeding five hundred rupees:

Provided that the Deputy Commissioner shall, before passing such order, hear any explanation or objection that may be made by such person."

New sections 18, 18A and 18B.

14. For section 18 of the said Act the following shall be substituted, namely:—

"18. After a scheme has been approved by the Commissioner under section 11, the Manager shall, subject to the sanction of the Commissioner, have power,—

Power of Manager to raise money by mortgage, sale or loan.

(*a*) to demise by way of mortgage the whole or any part of such property for a term not exceeding twenty years from the date of publication of the order under section 2, or

(*b*) to sell by public auction or by private contract, and upon such terms as the Manager thinks fit, such portion of such property as may appear expedient,

for the purpose of raising any money which may be required for the settlement of the debts and liabilities to which the holder of the property is subject, or with which such property or any part thereof is charged, or,

(*c*) to borrow money, at such rate of interest as appears reasonable to the Board of Revenue,

for the aforesaid purpose or for the purpose of meeting the costs of such repairs and improvements of the property as appear necessary to the Manager and are approved by the Commissioner.

"18A. (*1*) A mortgagee advancing money upon any mortgage made under section 18 shall not be bound to see that such money is wanted, or that no more than is wanted is raised.

Freedom from obligation to inquire into necessity for, or application of, money.

(*2*) The receipt of the Manager for any moneys paid to him as such shall discharge the person paying the same therefrom and from being concerned to see to the application thereof.

(*Chota Nagpur Encumbered Estates (Amendment) Act, 1909—Sections 15-18.*)

"18B. Subject to the sanction of the Commissioner, the Manager shall have power to enter upon any contract or to execute or relinquish any lease or counterpart of a lease, or to take any action not otherwise provided for in this Act which in his opinion is necessary for the proper care and management of the property."

Power of Manager to contract and take action for the benefit of the property

New sections 19A and 19B.

15. After section 19 of the said Act the following shall be inserted, namely:—

"19A. (*1*) The Commissioner may make such orders as to him may seem fit in respect of the education of any child of a holder whose property is being managed under the provisions of this Act otherwise than on the application of the Deputy Commissioner.

Power to make orders as to education of holder's children. Penalty for disobedience.

(*2*) Any person who disobeys any order made by the Commissioner under sub-section (*1*) shall be liable, by order of the Deputy Commissioner, to a fine not exceeding five hundred rupees:

Provided that the Deputy Commissioner shall, before passing such order, hear any explanation or objection that may be made by such person.

"19B. Any fine imposed by the Deputy Commissioner under section 14A or section 19A shall be recoverable as an arrear of land-revenue."

Recovery of fines.

New sections 21A and 21B.

16. After section 21 of the said Act the following shall be inserted, namely:—

"21A. All orders or proceedings of the Commissioner and of the Deputy Commissioner under this Act shall be subject to the supervision and control of the Board of Revenue; and the Board of Revenue may, if it thinks fit, revise, modify or reverse any such order or proceeding.

Control by Board of Revenue.

"21B. During the period of management,—

Suits and appeals by and against holder, during management.

(*1*) every suit or appeal by the holder shall be instituted in his name by the Manager;

(*2*) in every pending suit or appeal in which the holder is plaintiff or defendant, the Manager shall be named as the representative of the holder for the purposes of the suit or appeal; and no application in any such suit or appeal shall be made to the Court on behalf of the holder except by the Manager;

(*3*) no person other than the Manager shall be ordered to sue or be sued as next friend or guardian, or be named as guardian, of the holder, for a pending suit; and

(*4*) the Court, upon application by the Manager or by any party to a suit, may order that the plaint or memorandum of appeal be amended so as to conform with the requirements of clause (*1*), or that the Manager be named as the representative of the holder as required by clause (*2*), of this section."

Amendment of section 23.

17. In section 23 of the said Act,—

(*a*) to the words "nothing in this Act" the words, figures and letter "subject to the provisions of section 21B," shall be prefixed; and

(*b*) the words "but to all such suits the Manager of such property shall be made a party" shall be omitted.

Repeal of section 24.

18. Section 24 of the said Act is hereby repealed.

CALCUTTA,
The 18th March 1909.

REPORT ON THE WORKING OF THE STEAM TRAWLER *GOLDEN CROWN* FOR THE QUARTER ENDING DECEMBER 31ST, 1908.

DURING the quarter under review the *Golden Crown* made seven voyages to the Bay of Bengal, viz.:—

(1) From October 1st to 5th.
(2) „ „ 11th to 14th.
(3) „ „ 22nd to 29th.
(4) From November 11th to 18th.
(5) „ „ 21st to 1st December.
(6) „ December 4th to 13th.
(7) From December 17th to 22nd.

She also left for sea on December 30th, but as practically no fish were caught until the midnight on the 31st, the result of this voyage has been kept for inclusion in the report on the first quarter for 1909. It may be mentioned here that between the third and fourth voyages (October 29th to November 11th) the *Golden Crown* went into dry dock for a few days for sundry repairs.

DETAILS OF JOURNEYS.

The items mentioned above include the whole of the journey from Prinsep's Ghat to the sea and back, so that at least one complete day must be allowed for the outward journey and a similar amount for the return voyage. For an average voyage, however, it would be well not to allow less than three whole days for the actual steaming to and from the fishing grounds, so that, although the trawler was actually away from Calcutta altogether 52 days during the quarter, the actual number of days engaged in trawling is somewhat less than this. In the case of a single vessel engaged in commercial trawling, it is immaterial whether, in summarising results and comparing receipts with expenditure, one takes the number of days actually spent in trawling or the number of days the vessel is away from port as a basis for calculation of the amount of fish caught per day, since obviously expenses are accumulating even when the vessel is not actually fishing. In the case, however, of a small fleet of trawlers with a special vessel or vessels (carrier or cutter) engaged in conveying stores outwards and fish homeward, the ratio of trawling days to journey days would naturally be higher than in the case of a single vessel; in order to facilitate comparison with such a fleet the trawling day has therefore been taken as the unit of time in the case of the *Golden Crown*. Where later in the report the amount of fish caught per day is referred to, it must be understood that the 'day' means a day actually engaged in fishing, exclusive of the time taken in travelling to and from the fishing grounds. The point is not an unimportant one, since, other things being equal, the longer the vessel is away from port the higher the average catch per day should be. In the case of a port with a long and difficult approach and heavy pilotage dues, it naturally would not pay to have one or two vessels making very short and frequent trips.

During the month of October the *Golden Crown* was engaged in fishing for 14 days, during November 10 days, and during December 11 days, making 35 days in all.

On the first trip (October 1st to 5th) trawling was tried off the Orissa coast between Konarak (Black Pagoda) and Puri in from 10 to 18 fathoms of water, the nature of the bottom varying from soft mud to sand and shells. From the 11th to 14th October she trawled between False Point and Konarak in depth from 11 to 17 fathoms on muddy, sandy and shelly ground. From the 22nd to 29th October she again trawled off the Orissa coast between False Point and Konarak in from 9 to 15 fathoms on similar ground except that coral sand and stones were encountered.

On the fourth voyage (November 11th to 18th), after a preliminary unsuccessful trial off the Eastern Sunderbans, trawling was tried in the vicinity of South-Patches light vessel off the Arakan coast in depths from 8 to 13 fathoms on a muddy and sandy bottom. Again from November 21st to December 1st, after a trial near the intermediate light-vessel, fishing was carried on off Konarak in from 14 to 21 fathoms. From December 4th to 13th, after a trial trip 26 miles from Pilot's Ridge light-vessel, the ground off the Orissa coast between Konarak and Puri was again visited. From the 18th to the 21st December fishing was tried near the Mutlah light-vessel.

It may be advisable to explain here that a steam-trawler engaged in fishing for commercial purposes trawls during the whole of the 24 hours, and this is precisely what occurs on the *Golden Crown*. All modern trawlers are fitted up with two full sets of gear in readiness for immediate use, one on the port and one on the starboard side, so that, as soon as one net is hauled, the other may, if required, be shot. The *Golden Crown*, however, is unable to use her starboard gear and, as a consequence, frequent annoying, though unavoidable, delays occur. In surveying unknown grounds it is impossible at times to avoid serious damage to the nets, and all this damage must be repaired before the net can again be used. Hence, every time the net is torn on the *Golden Crown* she has to remain idle, while all hands turn to and effect the necessary repairs. This may at times cause serious delay and must be taken into account in estimating the weight of fish caught per day's trawling. The amount of delay, which would almost invariably be nil on a properly equipped vessel

varies on the *Golden Crown* from nil to 25 per cent. of the time actually spent on the fishing grounds.

In addition, the impossibility of using the starboard gear on board the *Golden Crown* makes her handling at all times a more hazardous matter than it would otherwise be, and in comparing the *Golden Crown* catches with those of a moderately well-equipped vessel, this fact must not be omitted from consideration.

It does not appear that any absolutely fresh trawling ground was opened up during the quarter, and although the accumulation of evidence respecting the condition of each fishing ground in the Bay during each particular month of the year is undoubtedly of some service, still one or more voyages per quarter should be devoted in future to opening up absolutely new grounds, even though it will be necessary for this purpose to provide the vessel with additional, better and more varied gear than she at present possesses.

Weight and quantity of fish caught.

The returns of weight per voyage are:—

	Weight. Lbs.
First voyage	8,660
Second ,, ...	14,239
Third ,, ...	12,344
Fourth ,, ...	4,634
Fifth ,, ...	15,968
Sixth ,, ...	18,195
Seventh ,, ...	8,574
Total ...	82,614

Thus the weight of fish caught during 35 days' trawling amounted to an average of 2,360 lbs. per day.

This excludes (except in one instance where their weight was included) turtles and all sawfish and sharks. If commercial trawling were attempted in the Bay, doubtless some use would be found for the livers and fins of these gigantic *Elasmobranches*. So far then as the actual quantity of fish caught per diem in concerned, the results are not unfavourable. Similar quantities in European waters, such as the North Sea, would render trawling a commercial success. In making this comparison it is, of course, necessary to make certain assumptions which may not turn out to be justifiable, and one of the most important of these is that the fish is of approximately equal edible value and commands a ready sale at similar prices to sea-fish in the markets of Northern Europe.

Some of these considerations need further investigation, and fortunately sufficiently reliable data exist for the comparison of the kinds of fish landed during each separate voyage, in some instances even for separate hauls of the trawl. This latter information, while doubtless of value for future work, whether of a scientific or commercial nature, is not analysed in the present report, and attention is solely directed to the quantities of each kind of fish landed per voyage. The question of sale and the many factors connected with it cannot be considered here. In England when strange sea-fish were first put on the market the public demand for them was practically nil. Many instances could be given of this; it will perhaps suffice to mention the Hake. This fish was formerly considered to be worthless, but the popular demand for it is now considerable, and it fetches a good price.

Details of the "Golden Crown" Catches.

The detailed account of the *Golden Crown's* catches is given in the table below. The names of the fish are those given by the European crew of the trawler who, in some cases, have adopted local names (not always correctly), and in other cases have utilized the common names of European fish on account of some assumed external resemblance, or have even been driven to invent entirely new names for fish for which no local names were readily forthcoming and which had no resemblance to common European marine species.

The local names, or names already in use in India, adopted for the purposes of classification on the trawler, are Begti, Bummaloh, Topsi and Pomfret. The Pomfret, as is well known, is a *stromateus* and two species are frequently caught in the trawler, namely *cinereus* and *niger*. The former is the more abundant and in greater demand on account of its more attractive appearance. The Bummaloh (Harpodon Nehereus) is a *scopeloid* and is well known as the "Bombay duck." The name Topsi is given to several species of Polynemus, including both *indicus* and *plebius*, although strictly speaking it should only be applied to *paradiseus*. The Begti of the *Golden Crown* is not the Begti (lates calcarifer) of Bengal, but comprises two or more forms, notably the Datneh (Chrysophyrs datnia) and a Pericoid form (Pristipoma maculatum).

Of the names applied to fish in the Bay, which have been adopted on account of the presumed similarity to European species, the chief are whiting, herring, gurnards, halibut, conger, prawns, skate, soles, lobster and rock salmon. Of these the whiting, gurnard and rock salmon are structurally very dissimilar to those of European waters, and the names are based on a misconception of the nature of the Indian species. They are, however, sufficiently useful to be retained as market terms, though they should, strictly speaking, be always quoted in inverted commas. It would be difficult to replace them by any terms which would be understood by the public.

The Gadidae (cod, whiting, haddock, etc.) are not represented, and the so-called whiting of the *Golden Crown* include quite a number of very different forms, mostly species of *sciena*, *scienoids* and more rarely *umbrina*. The gurnards are siluroids of the genus *arius*, very largely *arius dussumeri*. As the siluroids are unknown in English markets it is not surprising that these gurnards are absolutely unlike the English gurnards. The name is evidently given on account of the hard bony plates protecting the head which are found in both forms. It is strange that neither the whiting nor the gurnard finds a ready sale in the New Market, although both these fish, especially the former, are good eating. Possibly the rather numerous bones and, in the case of whiting, the small size are prejudicial to a ready sale.

The rock salmon is entirely distinct from the true salmon. No member of the salmon family has been discovered in Bengal waters, and the name "rock salmon" has been bestowed on *Otolithus Maculatus* on account of the spotted surface of the latter bearing resemblance to a salmon. This form and *Otolithus Ruber* are really scienoids.

The Halibut (Psettodes erumei) and the soles (species of Cynoglossus synaptura and plaguria), although differing from the British species similarly named, are nevertheless true flat fish (Pleuronectidæ). The Conger eel is *muræenesox cinereus*, the skates (large) mostly species of *Trygon* or sting rays or (small) *mylobatis* and *œlobatos*. The herring are Clupeoids of the genera *Pellona* and *Chalœssus*. The prawns are principally *Peroids* and *Palæmonidæ*, and the lobster is a *Panulerus* or spiny lobster, and in all these cases the names are sufficiently correct for commercial purposes. A few species of fish are grouped under the somewhat unintelligible headings of red flats, small flats, mixed flats and mixed. The red flats are *Pagrus spinifer*, a most excellent edible fish; the small flats vary considerably usually they consist almost entirely of various species of House mackerel (Caranx), but sometimes *deepens punctata* and *ephippus orbis* predominate, and then the term mixed flats is sometimes employed, although there is no precision in the use of the terms. Under the heading of mixed fish we find very diverse forms; *saurena tumbil* is almost invariably present and mackerel (Scomber Microlepedotes) is also common.

GRAND TOTAL ...	... Orissa coast.	... Orissa coast.	... Orissa coast.	... Arakan coast.	... Orissa coast.	... Orissa coast.	82,614lbs. Matlah light-vessel.

I would be well to refrain from too minute a comparison of the different fishery grounds at the present juncture. No stress can be laid on the discrepancy between the result observed off the Arakan coast and the Orissa coast; all, one can say; is that with the gear at present on board the *Golden Crown* the latter coast is more profitable. With nets capable of being used on rocky ground (*i.e.*, with a bobbin foot rope) precisely the reverse statement might conceivably be made. The weight for the fourth trip is probably considerably under-estimated, even so the total weight for 35 days' fishing is 82,614 lbs., or 2,360 lbs. per day. That is to say, inspite of the drawbacks under which the *Golden Crown* has had to work, she has caught during the quarter well over a ton of fish per day's fishing. As explained above, with a trawler properly equipped, an increase of at least 25 per cent. could be expected.

It may not be amiss to remark here that the *Golden Crown* is a small and ancient type of trawler, and that her gear is by no means adequate for the work she has to perform, viz., the exploitation of the Bay. It is difficult to compare her catching power with a modern vessel with improved gear, but some appreciable percentage should be added to her catch if she be compared with a vessel of that type.

THE HANDLING AND MARKETING OF FISH.

When the catch is got aboard it is sorted, washed, weighed and then placed below in the ice-hold. When the vessel reaches Calcutta the fish is landed, some sent to the Linde Cold Storage, some to the Sir Stuart Hogg Market and some to Chingrighatta. The prices charged for the fish at the *Golden Crown*

stall in the New Market are appended for reference. It would be an easy matter to calculate from these figures the value of each separate landing from the *Golden Crown*, but as these prices are absolutely fixed it would serve no useful purpose to do so. Assuming the average catch per day's fishing of the *Golden Crown* to be not less than 2,400 lbs. then at the rate of 2*d.* per lb., the result of each day's fishing would be £20.

The figures given above of the weight caught per voyage need to be collected for a longer period, if only for the purpose of determining seasonal variations on different grounds.

Conclusion.

An appendix is attached with the names of the fish so far identified from the *Golden Crown's* catches. The list is provisional and incomplete and, in some cases, notably in the sciennoids, requires revision. So far as it goes, one learns that over 150 species of fish have been identified, and of these at least six are new to science.

† The report is for the week ending the 13th March 1909.

GENERAL SUMMARY.—There was no rain during the week except a nominal shower of 0·08 inch in Angul. More rain is wanted in Hooghly, Jessore, Cooch Behar and in North Bihar for cultivation of lands. Planting of sugarcane and ploughing of lands continue. Sowing of early paddy has commenced on low lands of Monghyr, Bhagalpur and Purnea, where moisture is available. Harvesting of *rabi* crops is going on. Their outturn will be poor in the unirrigated tracts of North Bihar. *Mahua* is falling in Ranchi, Palamau and Manbhum. Its prospects are reported to be good in the Sonthal Parganas. The price of common rice has risen in Burdwan, Jessore, Gaya, Champaran, the Sonthal Parganas and Singhbhum, and has fallen in Birbhum, Darjeeling and Cuttack. Cattle-disease is reported from Burdwan, Midnapore, Nadia, Jessore, Gaya, Muzaffarpur, Darbhanga, Monghyr, Purnea, Sambalpur, Ranchi and Palamau. Fodder is reported to be insufficient in places in Jessore, Khulna, Gaya, Darbhanga, Purnea and the Sonthal Parganas. The water-supply is getting scarce in many parts of North Bihar and also in parts of Birbhum, Murshidabad, Jessore, Khulna, Gaya, Monghyr and the Sonthal Parganas. 15,655 persons attended test-works in Muzaffarpur, Bhagalpur and Purnea and 37,934 persons were on famine relief-works in Darbhanga. 15,961 persons were gratuitously relieved in Muzaffarpur, Darbhanga, Bhagalpur, Purnea and Palamau and 560 in Puri.

The mean pressure, temperature, etc., are deduced from the traces of the Kundsen's Barograph and from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in the Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for 24 hours preceding 8 A.M. of that day.

RULES UNDER THE LAND IMPROVEMENT LOANS ACT, XIX OF 1883.

Powers of sanction.

1. (1) Subject to the provisions of these rules, and provided that the district allotment is not exceeded without the sanction of the Commissioner of the Division, Subdivisional Officers, and also Deputy Collectors specially empowered by the Collector with the approval of the Commissioner, may sanction loans of sums not exceeding Rs. 500 in each case, and the Collector may sanction loans up to Rs. 1,000 in each case, for purposes specified in the Act.

(2) Any loan exceeding Rs. 1,000 shall require the sanction of the Commissioner, and exceeding Rs. 5,000 the sanction of the Board; and the Commissioner or the Board, as the case may be, may call for such detailed plans and estimates, or for such professional opinion, as may seem necessary, before sanctioning any such loan.

Application to whom to be made.

2. Applications for loans may be presented to the Collector, or to any other Revenue Officer, not below the rank of a Kanungo, authorized in this behalf by the Collector.

Form of application.

3. (1) Application may be made orally or in writing.

(2) The officers authorized by rule 2 to receive applications shall keep with them, for free distribution, copies of the annexed Form A, and shall do their best to secure the presentation of all written applications as nearly as possible in that form, but shall not reject any such application that may be presented in any other form.

(3) If applications are received orally, they shall at once be reduced to writing by the officers authorized to receive them.

Local enquiry.

4. (1) A Revenue Officer receiving an application under rule 2 shall either make a local enquiry himself, or cause one to be made by another Revenue Officer not below the rank of a Kanungo, or by some reliable non-official agency if available, for the purpose of ascertaining the particulars mentioned on the reverse of Form A.

(2) A Kanungo shall be so employed only when a gazetted officer is not available.

(3) In addition to the procedure prescribed in this rule, a Revenue Officer receiving the application under rule 2 may, if he thinks fit, publish a notice under section 5 of the Act calling upon persons objecting to the loan to appear before the officer deputed to hold the local enquiry, at a time and place to be fixed in the notice, and to submit their objections.

(4) Such notice shall be published by being affixed to a prominent place in the village in which the land, to the improvement of which the loan is to be applied, is situated.

Submission of application with report of local enquiry.

5. If the Revenue Officer is not empowered by rule 1 to sanction the loan, he shall transmit the application with his report to the Collector or to the officer who ordered the enquiry, as the case may be, provided that, if the receiving or enquiring officer is subordinate to a Subdivisional Officer, he shall submit it to the Subdivisional Officer.

Delegation of functions.

6. The Local Government may, by general or special order, empower any person to perform all or any of the functions of a Collector or of a Revenue Officer referred to in rules 2, 4 and 5.

7. In deciding whether the security offered is sufficient, the officer dealing with the application shall be guided by the following principles:—

Security.

(i) Where the amount of the loan does not exceed three-fourths of the value of the applicant's transferable interest in the land after the improvement has been made, no collateral security need be required.

(ii) Where the applicant's interest in the land is not sufficient of itself to guarantee the repayment of the loan, further security shall be required, which may consist of transferable interests in other lands belonging to the applicant or to other persons willing to become his sureties, or of personal security.

(iii) Where a body of five or more co-villagers bind themselves jointly and severally as contemplated in section 9 of the Act, their personal security will generally be sufficient, and such officer may, if empowered by rule 1, at his discretion advance on such security an amount not exceeding five times the annual assessment of the land held by such villagers.

8. If the proposed improvement falls within section 4, sub-section (2), of the Act, and if the security offered is good and sufficient, the officer dealing with the application, or the Collector, when the application and report have been transmitted to him under rule 5, may, on completion of the local enquiry, sanction the loan himself, if he has power by rule 1 to do so; otherwise the Collector shall forward the application, with his report thereon, to the Commissioner for disposal.

Procedure.

9. Where the Revenue Officer, other than the Collector, has power under rule 1 to sanction the loan applied for, he may, as soon as the local enquiry is completed, and the particulars mentioned on the reverse of Form A are filled in, take the security required by rule 11, sanction the loan, and, if so desired by the applicant, disburse it on the spot. Loans, or instalments of loans, sanctioned by the Collector or any higher authority may be disbursed in the village by Subdivisional Officers and Deputy Collectors empowered under rule 1, and by any reliable non-official agency where available.

Disbursement of loans on the spot.

Provided that disbursement on the spot may not in any case exceed Rs. 500 for a single item:

Provided also that, when any loan is payable in more than one instalment, the second or any subsequent instalment shall not be passed for payment by the sanctioning officer until he has had an enquiry made locally and satisfied himself that satisfactory progress is being made with the work for which the loan was sanctioned.

10. For the purpose of rule 9 the Revenue Officer may draw a lump sum at a time on an abstract bill, subject to the following restrictions:—

Drawing of money on abstract bills.

(*a*) No officer disbursing loans under the said rule shall be allowed to draw a second abstract bill without producing a detailed bill to account for the amounts already disbursed from the last advance taken, any balance left being at the same time refunded into the Government Treasury.

(*b*) In no case shall the submission of the detailed bill be delayed beyond the end of the month following that in which the advance was drawn from the Treasury.

(*c*) The disbursing officer shall take the receipts of the payees on the spot as soon as advances have been made, and shall certify at the foot of the detailed bill that the advances were duly sanctioned by him and paid in his presence.

(*d*) The Collector shall prescribe a money-limit for the amount which may be drawn on an abstract bill by each officer with due regard to the circumstances of each case.

Explanation to clause (*a*).—It is not intended that the money should actually be returned to the Treasury on each occasion. When preparing the detailed bill, the disbursing officer should show in it the unexpended balance of the advance as refunded. This balance will be deducted at the Treasury from the amount of the abstract bill submitted for a further advance.

11. (1) If the loan is sanctioned, the applicant must sign a certificate in the annexed Form B; and when the value of his interest in the land to be improved, or in the said land, together with any other land belonging to him which he may have hypothecated, is not sufficient to cover the loan, he must execute, or cause to be executed, a bond in the annexed Form C or D, as the case may be.

Certificate for grant of loan, and security bond.

(2) If the loan is granted to a body of villagers who make themselves jointly and severally liable, they shall, in addition to signing the certificate in Form B, sign a bond in the annexed Form E.

12. A copy of the certificate shall be given to the applicant, and, on presentation thereof, payment of the loan, or of any instalment of the loan, may be made to him either at the district or the subdivisional treasury, or on the spot under rule 9.

Payment where to be made.

13. (1) In the case of a loan granted by instalments, if the applicant, after taking one or more instalments, fails to take any other instalment within six weeks from the date on which he is entitled to it, the Collector may declare the loan closed.

Closure of loan, on failure to take instalment due.

(2) The total of the instalments taken by the applicant shall then constitute the loan, which shall be treated as having been fully paid on the date on which the last instalment was actually taken; and a fresh arrangement for repayment shall be made by the Collector, consistent with rules 17 and 18, in modification of the certificate in Form B granted to the applicant when the loan was sanctioned

ILLUSTRATION.—*A* applies for and obtains sanction to a loan of Rs. 1,000, payable to him in four instalments of Rs. 250 on the 1st January, the 1st April, the 1st July, and the 1st October 1908. In the certificate granted to him, the loan is declared to be repayable in half-yearly instalments beginning from the 1st October 1909. He takes only the first two instalments. The Collector may treat the loan as one of Rs. 500 completely paid on the 1st April 1908, and if he does so, he must draw up a revised certificate in Form B in which all the conditions of the repayment of the loan actually taken are to be recorded.

Interest on loans.

14. (1) The ordinary rate of interest on loans shall be one anna in the rupee, or 6¼ per cent. per annum.

(2) The Local Government may, for special reasons, and on special application through the Board of Revenue, sanction a loan at a lower rate of interest, or without interest.

(3) If any instalment of principal or of interest, or of consolidated principal and interest, is not paid when it falls due, the Collector shall charge interest on it at 6¼ per cent. per annum, from the date of its falling due to the date of payment:

Provided that, whenever the Collector is satisfied that the default is due to inability to pay, and that the levy of such interest would be productive of hardship, he may, with the sanction of the Commissioner, reduce or remit it.

(4) In charging penal interest on overdue instalments not suspended under rule 20, the same period of 15 days' grace shall be allowed as in the case of payments of cesses, and thereafter interest shall be charged on the total of the overdue instalment at the same rate as the interest on the loan.

Interest for intervening period.

15. (1) Interest shall be levied for the period intervening between the date of the completion of the loan (in cases in which loans are granted in one payment), or between the dates of the payment of the instalments (in cases in which loans are granted in instalments), and the date from which the first instalment of interest, consolidated with the first instalment of the principal, becomes payable.

(2) The interest leviable in such cases shall be demanded in a lump sum on the date on which the first consolidated instalment of principal and interest is made payable.

Table of repayment.

16. (1) The repayment of the loan shall be made in accordance with the Table of Equated Repayments of *Takavi* Loans, prepared by the Accountant-General, Bengal, similar to the annexed Form F, which shows the amounts of equal yearly payments necessary to repay a loan advanced with interest at 6¼ per cent. per annum for any number of years from one to twenty.

(2) When the instalments are payable half-yearly, the sum to be paid each half-year shall be half the sum shown in the said Table for a yearly instalment.

17. (1) Repayment shall be by yearly or half-yearly instalments.

Repayment by instalments: date of first instalment.

(2) The date of the first instalment shall be the time when profit begins to accrue, but shall in no case be later than two and-a-half years from the date of the actual advance of the loan, or, when the loan is advanced in instalments, from the date of the advance of the last instalment actually paid

Date of last instalment, and principle on which instalments should be fixed.

18. The date of the last instalment shall not ordinarily be later than twenty years from the date of the actual advance of the loan, or, when the loan is advanced in instalments, from the date of the advance of the last instalment actually paid, the amount of the instalments being fixed, in cases in which such a principle is applicable, with reference to the annual profit expected to accrue from the improvement: Provided that the whole amount of the loan shall in all cases be repaid before expiry of the period for which the improvement is likely to be effective.

Date of repayment of instalments or of interest.

19. The dates for repayment of instalments (annual or half-yearly) shall be fixed by the Collector, with the sanction of the Commissioner, for each thana of his district, with reference to the season when repayment can most easily be made.

EXPLANATION.—The season at which repayment can most easily be made will ordinarily be the time when crops grown for sale are taken to market. In jute districts, for instance, it would probably be best to provide for repayment by one annual instalment in September, when the jute crop is sold, except in cases where the borrower himself prefers to pay in two yearly instalments.

Suspension of instalments.

20. (1) The realisation of instalments or of interest may be suspended by the Collector on proof of failure of crops from causes beyond the borrower's control, or of other exceptional calamity rendering the payment of instalments unduly burdensome to him.

(2) The Collector shall report every such suspension to the Commissioner, who shall pass such orders on the case as may seem proper.

(3) No interest shall be charged for the period of suspension. The total amount to be repaid shall remain the same as before.

(4) The power of suspension of payments of instalments or of interest on loans which is conferred on the Collector by clause (1) of this rule may be exercised to the extent of Rs. 1,000 in any one case.

(5) Notwithstanding anything contained in clause (4) of this rule, in all cases where suspension of revenue or rent has been granted on a large scale over a wide area, a suspension of payment of instalments due during the period for which suspension of revenue or rent has been granted shall be made by the Collector without reference to any higher authority, and the effect of such suspension shall be to postpone for one instalment period at a time the payment of all remaining instalments due on the loan.

Remission of loan.

21. (1) The Collector shall, in no case without reference to the Commissioner, remit repayment of a loan; and he may recommend remission only in cases where a work fails from causes beyond the borrower's control and where recovery of the loan in full would occasion serious hardship.

(2) Remission may be sanctioned by the Commissioner up to the amount of loan a Collector may sanction, and by the Board up to the amount a Commissioner may sanction. Larger remissions require the sanction of the Local Government.

Inspection of work.

22. The Collector shall make provision for the inspection, from time to time, of all works undertaken under the Act. In all cases the works shall, if possible, be inspected within one month from the expiration of the time within which completion is directed in the certificate Form B.

Misapplication of loan.

23. (1) If at any time it is proved to the satisfaction of the Collector that any part of a loan has been misapplied, he may, after recording in writing the grounds of his decision, and subject to the control of the superior Revenue Authorities, proceed to recover the whole amount of the loan with such interest as may have become due thereon.

(2) Before determining to take action under clause (1) of this rule, the Collector shall take into consideration the expense of supervision, even when that may have been supplied by the debtor himself

Returns, registers and accounts.

24 The Board of Revenue shall regulate the forms of all returns, registers and accounts relating to loans under the Act.

Supplementary Rules having effect only in temporarily-settled Estates.

Reclamation of waste land.

25. When land is reclaimed from waste and brought under cultivation by means of a loan granted under the Act, the increase in value derived from the improvement shall not be taken into account in revising the assessment of land-revenue on the land until after the expiration of a period of three years, reckoned from the beginning of the harvest first reaped after such reclamation was effected

Improvement by irrigation.

26. When land assessed at unirrigated rates is improved by irrigation by means of a loan granted under the Act, the increase in value derived from the improvement shall not be taken into account in revising the assessment of land revenue on the land—

(*a*) if the irrigation is provided by the construction of a new masonry well, until after the expiration of twenty years, reckoned from the beginning of the harvest first reaped after such improvement was effected;

(*b*) if the irrigation is provided by the construction of a distributary from a canal, until after the expiration of a period of five years, reckoned as in clause (*a*) of this rule directed; or

(*c*) if the irrigation is provided by any means other than those hereinbefore in clauses (*a*) and (*b*) specified, until after the expiration of a period of ten years, reckoned as in clause (*a*) of this rule directed.

Loans combined with free grants.

27. (1) For the purpose of carrying out any irrigation work or protective work, such as a private tank or embankment—

(*a*) which is likely either to lead ultimately to an increase in the land revenue, or to be necessary to secure the land revenue already assessed, and

(*b*) which is beyond the capacity of the people to be benefited thereby to carry out without assistance in money,

loans may be granted to a landowner, sufficient to pay for a portion of the cost of the work, a free grant being made of the remainder of the cost, the proportion of the free grant to the total cost depending on the property of the applicant and the marginal profit from the work.

Provided that, without the sanction of the Board of Revenue, which shall only be accorded in special cases, the maximum amount of the free grant shall not exceed half the said total cost or Rs. 500, whichever may be less:

Provided also that the work be carried out to the satisfaction of the Collector.

(2) Should the amount of any loan made under clause (1), or any part thereof, be misapplied, or be spent otherwise than in accordance with the conditions on which the loan was made, the whole amount of the loan shall be recoverable as arrears of land revenue under section 7 of the Act.

(3) In dealing with loans and free grants under this rule, the procedure prescribed in rules 1 to 23 shall, *mutatis mutandis*, be followed:

Provided that the payment of any such free grant shall be deferred until the agreement in Form B has been registered by the grantee under the Indian Registration Act, 1877.

(4) The amount of any free grant made under this rule shall not be included in the loan accounts, but shall be shown in a separate account, and debited to "43—Minor Works."

Saving.

Loans in special cases.

28. Nothing in these rules shall be deemed to affect any power of the Board of Revenue or the Local Government to grant, in special cases, loans under the Act on terms other than those hereinbefore prescribed or to affect the terms of any special agreement under which any loan under the Act has been, or may hereafter be, granted, or the terms of any unexpired settlement.

FORM B.

(SEE RULES 11, 13, 22 AND 27.)

Certificate granted under the Land Improvement Loans Act, 1883, and the rules made thereunder.

To , son of , of .

On production of this certificate the aforesaid is entitled to receive from Government, in the district of , the following sums, on the dates noted against each, as a loan to be expended on (here describe clearly the nature of the improvement) the land specified in the margin.

Date.	Amount.
"	"

2. The conditions relating to the making and repayment of this loan are as follow:—

(*a*) That it, with the interest thereon, shall be payable on the dates and by the amount specified below:—

Date.	*Amount (Principal and interest).*
"	"

(*b*) That, in the case of a loan granted by instalments, if the applicant, after taking one or more instalments, fails to take any other instalment within six weeks from the date on which he is entitled to it, the Collector may declare the loan closed. The total of the instalments taken by the applicant shall then constitute the loan, which shall be treated as having been fully paid on the date on which the last instalment was actually taken; and a fresh arrangement for repayment shall be made by the Collector, consistent with rules 17 and 18, in modification of this certificate.

(*c*) That interest shall be levied for the period intervening between the date of the completion of the loan (in cases in which loans are granted in one payment), or between the dates of the payment of the instalments (in cases in which loans are granted in instalments), and the date from which the first instalment of interest, consolidated with the first instalment of the principal, becomes payable. The interest leviable in such cases shall be demanded in a lump sum on the date on which the first consolidated instalment of principal and interest is made payable.

(*d*) That the loan shall be applied solely to the purpose specified above; and that, if at any time it is proved to the satisfaction of the Collector that any part of the loan has been misapplied, he may proceed to recover the whole amount of the loan with such interest as may have become due thereon.

These clauses to be used only when needed.

(*e*) That, unless (here enter any conditions as to the period or periods appointed for completing the work) the work has been completed by (date) or any extension of the said date granted by the Collector, the loan shall be held to have been misapplied.

(*f*) That, for the repayment of the loan with any interest due on the same, the immoveable property specified in the margin is hypothecated to Government.

(*g*) That, if any instalment is not paid on the due date, the whole amount of the loan shall be deemed to have become due.

(*h*) That, if it be proved to the satisfaction of the Collector that the statements made by the aforesaid in his application for this loan, as to the nature and extent of encumbrances, are in any particular untrue, the Collector may so declare in writing, and thereupon the whole of such loan, with such interest as may become due thereon, shall forthwith become due and payable.

(*i*) (*Where a loan and a free grant are made under rule 27.*)—That, if the work be not carried out to the satisfaction of the Collector, the amount given as a free grant shall be repaid, and shall be recoverable under the provisions of the Public Demands Recovery Act, 1895.

Signature of Collector, Subdivisional Officer, or Deputy Collector.

I understand and agree to the aforesaid terms and conditions.

No. 1628L.R.—The 23rd March 1909.—In exercise of the power conferred by section 10 of the Land Improvement Loans Act, 1883, the Lieutenant-Governor is pleased to make the following rules for Bengal (including the district of Sambalpur), in supersession of those in section 152, pages 45-48, of the Bengal Famine Code (Revised Edition of 1905), as to the grant of loans under that Act to proprietors and occupants of land, in tracts which may from time to time be affected by distress, for the purpose of constructing tanks and executing other works in their own villages and giving employment to labourers thereon.

II. The following notifications are hereby cancelled, namely:—

No. 1286L.R., dated the 28th February 1908, published at pages 554-560 of Part I of the *Calcutta Gazette* of the 4th March 1908.

No. 1317T.R., dated the 24th June 1908, published at page 1194 of Part I of the *Calcutta Gazette* of the 1st July 1908.

No. 3545L.R., dated the 4th September 1908, published at page 1526 of Part I of the *Calcutta Gazette* of the 9th idem.

F. W. DUKE,
Offg. Chief Secy to the Govt. of Bengal.

SPECIAL RULES UNDER THE LAND IMPROVEMENT LOANS ACT, XIX OF 1883, FOR TRACTS AFFECTED BY DISTRESS.

Application of rules.

1. These rules shall have effect in such tracts as may from time to time be declared by the Local Government to be affected by distress.

Allotment of funds.

2. (1) On the first warnings of distress, the Local Government will call upon the Board of Revenue to submit estimates of sums required for advances under the Land Improvement Loans Act, 1883, and will allot to each Division such amount as may, with reference to local conditions and the district programmes of village relief-works, seem to be necessary.

(2) Commissioners may divide the sums so allotted among the districts of their Divisions at their discretion, and may transfer assignments from one district to another; but the total expenditure within the Division must be kept within the amount assigned.

(3) If a Collector considers the allotment assigned to his district to be insufficient, he shall report the fact and his requirements to the Commissioner, who shall, if possible, arrange for a transfer from another district, or report the matter, through the Board of Revenue, to the Local Government for orders.

Loans combined with free grants.

3. (1) In distressed areas loans may be made for land improvements which will afford employment to the poor, with the assistance of free grants-in-aid from famine funds.

(2) The general proportion of the free grant-in-aid to the total expenditure will be fixed for each Division by the Local Government.

(3) The proportion in individual cases or classes of cases shall be fixed by the Collector, but the previous sanction of the Commissioner must be obtained if that proportion varies by more than 25 per cent. from the average proportion fixed for the Division.

(4) Should the amount of any loan made under this rule, or any part thereof, be misapplied, or spent otherwise than in accordance with the conditions on which the loan was made, the whole amount of the loan shall be recoverable as arrears of land revenue under section 7 of the Act.

(5) The payment of any free grant made under this rule shall be deferred until the agreement in Form D—II(*a*) has been registered by the grantee under the Indian Registration Act, 1877.

(6) The amount of any free grant made under this rule shall not be included in the loan accounts, but shall be shown in a separate account, and debited to "33—Famine Relief."

Powers of sanction.

4. (1) Subject to the provisions of these rules, and provided that the district allotment is not exceeded, Subdivisional Officers and Famine Relief Charge Superintendents, and also Deputy Collectors specially empowered by the Collector with the approval of the Commissioner of the Division, may sanction loans (including free grants-in-aid at the proportion fixed under rule 3) not exceeding Rs. 1,000 in each case, and the Collector may sanction such loans up to Rs. 5,000 in each case.

(2) Loans exceeding Rs. 5,000 shall require the sanction of the Commissioner, and loans exceeding Rs. 10,000 the sanction of the Board; and the Commissioner or the Board, as the case may be, may call for such detailed plans and estimates or for such professional opinion on the project proposed as may seem necessary before sanctioning any such loans.

Applications for loans.

5. (1) Applications for loans may be made orally or in writing to the Famine Relief Circle Officer or Charge Superintendent, or to any Revenue Officer not below the rank of a Kanungo.

(2) The officers authorised by clause (1) of this rule to receive applications shall keep with them, for free distribution, copies of the annexed Form D—I, and shall do their best

to secure the presentation of all written applications as nearly as possible in that form, but shall not reject any such application that may be presented in any other Forms.

(3) If applications are received orally, they shall at once be reduced to writing by the officer authorised to receive them.

6. (1) An officer receiving an application under rule 5 shall either make a local enquiry himself, or cause one to be made by a Famine Relief Officer not below the rank of a Circle Officer, or by a Revenue Officer not below the rank of a Kanungo, or by some reliable non-official agency if available, for the purpose of ascertaining the particulars mentioned on the reverse of Form D-I.

Local enquiry.

(2) A Kanungo or a Circle Officer shall be so employed only when a gazetted officer is not available.

(3) In addition to the procedure prescribed in this rule, an officer receiving application under rule 5 may, if he thinks fit, publish a notice under section 5 of the Act calling upon persons objecting to the loan to appear before the officer deputed to hold the local enquiry at a time and place to be fixed in the notice, and to submit their objections.

(4) Such notice shall be published by being affixed to a prominent place in the village in which the land, to the improvement of which the loan is to be applied, is situated.

7. If the Famine Relief Officer or the Revenue Officer is not empowered by rule 4 to sanction the loan, he shall transmit the application with his report to the Collector or the officer who ordered the enquiry, as the case may be, provided that, if the receiving or enquiring officer is subordinate to a Famine Relief Charge Superintendent or to a Sub-divisional Officer he shall submit the appplication to his immediate superior.

Submission of application with report of local enquiry.

8. In deciding whether the security offered is sufficient, the officer dealing with the application shall be guided by the following principles:—

Security

(i) Where the amount of the loan does not exceed three-fourths of the value of the applicant's transferable interest in the land after the improvement has been made, no collateral security need be required.

(ii) Where the applicant's interest in the land is not sufficient of itself to guarantee the re-payment of the loan, further security shall be required, which may consist of transferable interests in other lands belonging to the applicant or to other persons willing to become his sureties, or of personal security.

(iii) Where a body of five or more co-villagers bind themselves jointly and severally as contemplated in section 9 of the Act, their personal security will generally be sufficient; and such officer may, if empowered by rule 4, at his discretion advance on such security an amount not exceeding five times the annual assessment of the land held by such villagers.

9. (1) Where any application submitted refers to a project already entered in the district programme of village relief-works, the information given in the programme and in any plans that may have been prepared for the work may be referred to in dealing with such application.

Principles to be observed in determining the amount to be advanced.

(2) In determining the amount of the loan in such cases, the officer dealing with the application shall follow the estimates of cost of the works as given in the said programme. For other works the rate shall not exceed the ordinary local rate by more than 25 per cent.

10. If the proposed work be approved by the enquiring officer, and if the security offered be good and sufficient, he may, on completion of the local enquiry, sanction the loan himself if empowered by rule 4 to do so; otherwise he shall forward the application with his report for orders under rule 7.

Procedure.

11. If the loan is sanctioned in the village by an officer other than the Collector, the sanctioning officer, after filling in the particulars mentioned on the reverse of Form D—I, and taking the security required by rule 13 may, if so desired by the applicant, disburse the loan on the spot. Loans or instalments of loans sanctioned by the Collector or any higher authority may also be disbursed in the village by Subdivisional Officers and Famine Relief Charge Superintendents and by Deputy Collectors empowered under rule 4, and by any reliable non-official agency, where available.

Disbursement of loans on the spot.

Provided that, when any loan is payable in more than one instalment, the second or any subsequent instalment shall not be paid by the disbursing officer, except as provided in rule 16.

12. For the purpose of rule 11, the officer concerned may draw a lump sum at a time on an abstract bill, subject to the following restrictions:—

Drawing of money on abstract bills.

(*a*) No officer disbursing loans under the said rule shall be allowed to draw a second abstract bill without producing a detailed bill to account for the amounts already disbursed from the last advance taken, any balance left being at the same time refunded into the Government Treasury.

(*b*) In no case shall the submission of the detailed bill be delayed beyond the end of the month following that in which the advance was drawn from the Treasury.

(*c*) The disbursing officer shall take the receipts of the payees on the spot as soon as advances have been made, and shall certify at the foot of the detailed bill that the advances were duly sanctioned by him and paid in his presence.

(*d*) The Collector shall prescribe a money-limit for the amount which may be drawn on an abstract bill by each officer with due regard to the circumstances of each case.

Explanation to clause (a).—It is not intended that the money should actually be returned to the Treasury on each occasion. When preparing the detailed bill, the disbursing officer should only show in it the unexpended balance of the advance as refunded. This balance will be deducted at the Treasury from the amount of the abstract bill submitted for a further advance.

Certificate for grant of loan and security bond.

13. If the loan is sanctioned, the applicant must sign a certificate in the annexed Form D—II (*a*); and, when the value of his interest in the land on which the work is to be executed, or in the said land together with any other land belonging to him which he may have hypothecated, is not sufficient to cover the loan, he must execute, or cause to be executed, a bond in the annexed Form D—II (*b*) or Form D—II (*c*), as the case may be.

Where payment will be made.

14. On the certificate under rule 13 being signed, a copy of it shall be given to the applicant, with an order for payment which may be made at the District or Subdivisional Treasury, or at the office of the Famine Relief Charge Superintendent, or at the applicant's village under rule 11, or by any officer specially deputed for the purpose by the Collector, as may be convenient.

Interest.

15. Interest shall be charged at one anna per rupee, or 6¼ per cent. per annum, except in the case of a misapplication of the loan, when interest shall be charged at double the above rate, as provided for in rules 22 and 23.

Payment of loans by instalments.

16. Loans shall ordinarily be given in three instalments, viz., two-fifths before the work has been commenced, two-fifths when it is approximately half finished, and one-fifth when it has been passed as completed after due inspection.

Repayment by instalments; date of first instalment.

17. (1) Repayment shall be made by yearly or half-yearly instalments.

(2) The date of the first instalment shall be the time when profit begins to accrue, but shall in no case be later than two and-a-half years from the date of the actual advance of the loan, or, when the loan is advanced in instalments, from the date of the advance of the last instalment actually taken.

Date of last instalment, and principle on which instalments should be fixed.

18. The date of the payment of the last instalment shall not ordinarily be later than twenty years from the date of the actual advance of the loan, or, when the loan is advanced in instalments, from the date of the advance of the last instalment actually taken, the amount of the instalments being fixed in cases in which such a principle is applicable, with reference to the annual profit expected to accrue from the improvement:

Provided that the whole amount of the loan or such portion of it as will be recovered shall in all cases be repaid before the expiry of the period for which the improvement is likely to be effective.

Closure of loan on failure to take instalment due.

19. (1) In the case of a loan granted by instalments, if the applicant, after taking one or more instalments, fails to take any other instalment within six weeks from the date on which he is entitled to it, the Collector may declare the loan closed.

(2) The total of the instalments taken by the applicant shall then constitute the loan, which shall be treated as having been fully paid on the date on which the last instalment was actually taken; and a fresh arrangement for repayment shall be made by the Collector, consistent with rules 17 and 18, in modification of the certificate in Form D—II (*a*) granted to the applicant when the loan was sanctioned.

ILLUSTRATION.—*A* applies for and obtains sanction to a loan of Rs. 1,000 payable to him in three instalments, two of Rs. 400 each (⅖ths of the total amount) and one of Rs. 200, payable, respectively, on 1st January, 1st May and 1st September 1908. In the certificate granted to him, the loan is declared to be repayable in half-yearly instalments, beginning from the 1st October 1909. He takes only the first two instalments. The Collector may treat the loan as one of Rs. 800 completely paid on the 1st May 1908, and, if he does so, he must draw up a revised certificate in Form D—II (*a*) in which all the conditions of the repayment of the loan actully taken are to be recorded.

Suspension of instalments or of interest.

20. (1) The realization of instalments or of interest may be suspended, by the order, and at the discretion, of the Collector, on proof of failure of crops from causes beyond the borrower's control or of other exceptional calamity rendering the payment of instalments unduly burdensome to him.

(2) The Collector shall report every such suspension to the Commissioner, who shall pass such orders on the case as may seem proper.

(3) No interest shall be charged for the period of suspension. The total amount to be repaid shall remain the same as before.

(4) The power of suspension of payments of instalments which is conferred on the Collector by clause (1) of this rule may be exercised to the extent of Rs. 5,000 in any one case.

(5) Notwithstanding anything contained in clause (4) of this rule, in all cases where suspension of revenue or rent has been granted on a large scale over a wide area, a suspension of payment of instalments due during the period for which suspension of revenue or rent has been granted shall be made by the Collector without reference to any higher authority, and the effect of such suspension shall be to postpone for one instalment period at a time the payment of all remaining instalments due on the loan.

Inspection and measurement.

21. (1) It shall ordinarily be sufficient, if a work has been properly located and measured out beforehand, to make a detailed measurement after it has been completed, a careful inspection being made only when the work is about half done, with the object of ascertaining whether the second instalment of the loan should be paid.

(2) If the final measurements agree substantially with those specified in the original estimate, the account shall be closed, any difference being adjusted by the Collector.

Interest to be levied in the case of misapplication of loan, or of discovery of untruth of statements made by applicant or his sureties.

22. (1) If at any time it is proved to the satisfaction of the Collector that any part of a loan has been misapplied, or that it is not being spent on the work for which it was intended, or that the statements made by the applicant in his application for the loan (Form D—I), or by his sureties in their bond proffering collateral security, as to the nature and extent of the encumbrances on the immoveable property pledged as security for the repayment of the loan, are in any particular untrue, the Collector may, after recording in writing the grounds of his decision, and subject to the control of the superior Revenue Authorities, proceed to recover the whole amount of the loan with such interest as may have become due thereon at the rate of 12½ per cent. per annum from the date on which the loan was made to the date of recovery.

(2) Before determining to take action under clause (1) of this rule, the Collector shall take into consideration the expense of supervision, even when that may have been supplied by the debtor himself.

Interest for intervening period.

23. (1) In the circumstances described in rule 22, interest shall also be levied at 12½ per cent. per annum for the period intervening between the date of the completion of the loan (in cases in which loans are granted in one payment), or between the dates of the payment of the instalments (in cases in which loans are granted in instalments), and the date from which the first instalment of interest, consolidated with the first instalment of the principal, becomes payable.

(2) The interest leviable in such cases shall be demanded in a lump sum on the date on which the first consolidated instalment of principal and interest is made payable.

Form of remission of part of loan.

24. If the work for which a loan is made is carried out to the satisfaction of the Collector, and in accordance with the conditions imposed by these rules, and if it is necessary to grant some remission, it shall take the form of a remission of land revenue. The loan with interest shall ordinarily be recovered.

Irrecoverable loans.

25. When any portion of a loan or any interest leviable under rule 15 or rule 22 or rule 23, is found to be irrecoverable, a special report shall be made to the Board.

Returns, registers and accounts.

26. The Board of Revenue shall regulate the forms of all returns, registers and accounts relating to loans advanced under these rules.

Offg. Chief Secy. to the Govt. of Bengal.

RULES UNDER THE AGRICULTURISTS' LOANS ACT, XII OF 1884.

1. The Collector may sanction loans of sums not exceeding Rs. 700 in each case. Subdivisional officers and any Deputy Collector who may be specially empowered in this behalf by the Collector with the approval of the Commissioner may sanction loans not exceeding Rs. 250. Loans exceeding Rs. 700 shall require the sanction of the Commissioner, and loans exceeding Rs. 5,000 the sanction of the Board. The district allotment may not be exceeded without the sanction of the Commissioner.

Power to sanction loans.

2. Applications for loans may be presented to the Collector or to any other Revenue Officer not below the rank of a Kanungo authorised in this behalf by the Collector.

Application to whom to be made.

3. (i) Applications may be made orally or in writing.

(ii) The officers authorised by rule 2 to receive applications shall keep with them for free distribution copies of the annexed Form A, and shall do their best to secure the presentation of all written applications as nearly as possible in that form, but shall not reject any such application that may be presented in any other form.

Form of application.

(iii) If applications are received orally, they shall at once be reduced to writing by the officer authorised to receive them.

4. (i) A Revenue Officer receiving an application under rule 2 shall either make a local enquiry himself or cause one to be made by another Revenue Officer not below the rank of a Kanungo or by some reliable non-official agency, if available, for the purpose of ascertaining the particulars mentioned on the reverse of Form A.

Local enquiry.

(ii) A Kanungo shall be so employed only when a gazetted officer is not available.

5. If any Revenue Officer is not empowered by rule 1 to sanction the loan, he shall transmit the application with his report to the Collector, or to the officer who ordered the enquiry, as the case may be, provided that, if the receiving or enquiring officer is subordinate to a Subdivisional Officer he shall submit it to the Subdivisional Officer.

Submission of application with report of local enquiry.

6. The Local Government may, by general or special order, empower any person to perform all or any of the functions of a Collector or of a Revenue Officer referred to in rules 2, 4 and 5.

Delegation of functions.

7. (i) When the applicant possesses an interest in immoveable property of value sufficient to secure the whole amount that may become payable in respect of the loan, he shall mortgage that interest, or a sufficient portion thereof, to the Government as security for the payment of that amount, and no further security need be required from him.

Security.

(ii) When the applicant does not possess an interest in immoveable property of such value as aforesaid, he shall procure some person or persons to become his surety or sureties for the payment of the said amount.

(iii) When the sureties are a body of village residents who bind themselves jointly and severally to the Government for the payment of the said amount, their personal security may be accepted, provided that the sureties have executed a bond in the annexed Form C. In other cases, the security given by the surety or sureties shall consist of the mortgage of immoveable property.

(iv) The Collector must in every case satisfy himself that the security offered in whatever form it is given, is sufficient to guarantee the repayment of the loans, and when he is of opinion that security other than land is sufficient, such security may be accepted.

Procedure.

8. If the loan applied for is one that can be granted under the provisions of section 4, sub section (1), of the Act, and if the security offered is good and sufficient, the officer dealing with the application or the Collector, when the application and report have been transmitted to him under rule 5, may, on completion of the local enquiry, sanction the loan himself, if empowered by rule 1 to do so; otherwise the Collector shall forward the application, with his report thereon, to the Commissioner for disposal.

Disbursement of loans on the spot.

9. When the Revenue Officer, rather than the Collector, has power under rule 1 to sanction the loan applied for, he may, as soon as the local enquiry is completed and the particulars mentioned on the reverse of Form A are filled in, take the security required by rule 11, sanction the loan, and, if so desired by the applicant, disburse it on the spot. Loans or instalments of loans sanctioned by the Collector or any higher authority may be disbursed in the village by Subdivisional officers and Deputy Collectors empowered under rule 1, and by any reliable non-official agency, where available:

Provided that disbursement on the spot may not in any case exceed Rs. 500 for a single item:

Provided also that, when any loan is payable in more than one instalment, the second or any subsequent instalment shall not be passed for payment by the sanctioning officer until he has had an enquiry made locally and satisfied himself that satisfactory progress is being made with the work for which the loan was sanctioned.

Drawing of money on abstract bills.

10. For the purposes of rule 9, the Revenue Officer may draw a lump sum at a time on an abstract bill, subject to the following restrictions:—

(*a*) No officer disbursing loans under the said rule shall be allowed to draw a second abstract bill without producing a detailed bill to account for the amounts already disbursed from the last advance taken, any balance left being at the same time refunded into Government Treasury.

(*b*) In no case shall the submission of the detailed bill be delayed beyond the end of the month following that in which the advance was drawn from the Treasury.

(*c*) The disbursing officer shall take the receipts of the payees on the spot as soon as advances have been made, and shall certify at the foot of the detailed bill that the advances were duly sanctioned by him and paid in his presence.

(*d*) The Collector shall prescribe a money limit for the amount which may be drawn on an abstract bill by each officer with due regard to the circumstances of each case.

Explanation to clause (*a*).—It is not intended that the money should actually be returned to the Treasury on each occasion. When preparing the detailed bill, the disbursing officer should only show in it the unexpended balance of the advance as refunded. This balance will be deducted at the Treasury from the amount of the abstract bill submitted for a further advance.

Order granting loan, and security bonds.

11. (i) If the loan is sanctioned, the applicant must sign the order granting the loan, which shall be in the annexed Form B, as nearly as may be.

(ii) If the security for the payment of the loan consists of the mortgage of an interest of the applicant, such as is referred to in clause (i) of rule 7, mortgage may be effected by clause (*f*) of Form B being inserted in the order granting the loan, and by the order being attested by at least two witnesses, and by a copy thereof being sent to the registering officer under section 89 of the Indian Registration Act, 1877, as amended by section 3, Act VII of 1886.

(iii) If the security is furnished by a surety or sureties, it shall be taken where the sureties give only personal security, in the annexed Form C, and where the surety or sureties mortgages or mortgage immoveable property, in the annexed Form D.

(iv) Every bond executed in Form D must be attested by at least two witnesses, and a copy of it must be sent to the registering officer under the said section 89 of the Indian Registration Act, 1877.

(v) If the loan is granted to a body of villagers who make themselves jointly and severally liable, they shall, in addition to signing the order in Form B, sign a bond in the annexed Form E.

Payment where to be made.

12. A copy of the order granting the loan shall be given to the applicant, and, on presentation thereof, payment of the loan or of any instalment of the loan may be made to him either at the district or the subdivisional Treasury, or on the spot under rule 9.

13. (i) In the case of a loan granted by instalments, if the applicant, after taking one or more instalments, fails to take any other instalment within six weeks from the date on which he is entitled to it, the Collector may declare the loan closed.

Closure of loan on failure to take instalment due.

(ii) The total of the instalments taken by the applicant shall then constitute the loan, which shall be treated as having been fully paid on the date on which the last instalment was actually taken; and a fresh arrangement for repayment shall be made by the Collector, consistent with rules 17 and 18 in modification of the order in Form B granted to the applicant when the loan was sanctioned.

ILLUSTRATION.—*A* applies for and obtains sanction to a loan of Rs. 100, payable to him in four instalments of Rs. 25 on the 1st January, the 1st April, the 1st July, and the 1st October 1908. In the order granted to him, the loan is declared to be repayable in half-yearly instalments, beginning from 1st October 1909. He takes only the first two instalments. The Collector may treat the loan as one of Rs. 50, completely paid on the 1st April 1908, and if he does so, he must draw up a revised order in Form B, in which all the conditions of the repayment of the loan actually taken are to be recorded.

14. (i) The ordinary rate of interest on loans shall be one anna in the rupee, or 6¼ per cent. per annum.

Interest on loans.

(ii) The Local Government may, for special reasons and on special application through the Board of Revenue, sanction a loan at a lower rate of interest or without interest.

(iii) If any instalment of principal or of interest, or of consolidated principal and interest, is not paid when it falls due, the Collector shall charge interest on it at 6¼ per cent. per annum from the date of its falling due to the date of payment:

Provided that, whenever the Collector is satisfied that the default is due to inability to pay, and that the levy of such interest would be productive of hardship, he may, with the sanction of the Commissioner, reduce or remit it.

(iv) In charging penal interest on overdue instalments not suspended under rule 20, the same period of 15 days' grace shall be allowed as in the case of payments of cesses, and thereafter interest shall be charged on the total of the overdue instalment at the same rate as the interest on the loan.

15. (i) Interest shall be levied for the period intervening between the date of the completion of the loan (in cases in which loans are granted in one payment), or between the dates of the payment of the instalments (in cases in which loans are granted in instalments), and the date from which the first instalment of interest, consolidated with the first instalment of the principal, becomes payable.

Interest for intervening period.

(ii) The interest leviable in such cases shall be demanded in a lump sum on the date on which the first consolidated instalment of principal and interest is made payable.

16. (i) The repayment of the loan shall be made in accordance with the Table of Equated Repayments of Taccavi Loans, prepared by the Accountant-General, Bengal, similar to the annexed Form F, which shows the amounts of equal yearly payments necessary to repay a loan advanced with interest at 6¼ per cent. per annum for any number of years from one to twenty.

Table of repayment.

(ii) When the instalments are payable half-yearly, the sums to be paid each half year shall be half the sum shown in the said Table for a yearly instalment.

17. Repayment shall be by equated yearly or half-yearly instalments, the date of the first instalment not being later than one year from the date of the actual advance of the loan, or, when the loan is advanced in instalments, from the date of the advance of the last instalment actually paid.

Repayment by instalments; date of first instalment.

18. The date of the last instalment shall not be later than five years from the date of the actual advance of the loan, or, when the loan is advanced in instalments, ten years from the date of the advance of the last instalment actually paid.

Date of last instalment.

19. The dates for payment of instalments (annual or half-yearly) shall be fixed by the Collector, with the sanction of the Commissioner, for each thana of his district, with reference to the season when repayment can most easily be made.

Date of repayments of loans.

Explanation.—The season at which repayment can most easily be made will ordinarily be the time when crops grown for sale are taken to market. In jute districts, for instance, it would probably be best to provide for repayment by one annual instalment in September, when the jute crop is sold, except in cases where the borrower himself prefers to pay in two yearly instalments.

20. (i) The realisation of instalments or of interest may be suspended by the Collector on proof of failure of crops from causes beyond the borrower's control, or of other exceptional calamity rendering the payment of the instalments unduly burdensome to him.

Suspension of instalments or of interest.

(ii) The Collector shall report every such suspension to the Commissioner, who shall pass such orders on the case as may seem proper.

(iii) No interest shall be charged for the period of suspension; the total amount to be repaid shall remain the same as before.

(iv) The power of suspension of payments of instalments or of interest on loans, which is conferred on the Collector by clause (i) of this rule, may be exercised to the extent of Rs. 700 in any one case.

(v) Notwithstanding anything contained in clause (iv) of this rule, in all cases where suspension of revenue or rent has been granted on a large scale over a wide area, a suspension of payment of instalments due during the period for which suspension of revenue or rent has been granted shall be made by the Collector without reference to any higher authority, and the effect of such suspension shall be to postpone, for one instalment period at a time, the payment of all remaining instalments due on the loan.

Remission of loan.

21. (i) The Collector shall, in no case, without reference to the Commissioner, remit repayment of a loan; and he may recommend remission only in cases where the recovery of the loan in full would occasion serious hardship.

(ii) Remission may be sanctioned by the Commissioner up to the amount of loan a Collector may sanction, and by the Board up to the amount a Commissioner may sanction. Larger remissions shall, in all cases, require the sanction of the Local Government.

Misapplication of loan.

22. (i) If, at any time, it is proved to the satisfaction of the Collector that any part of a loan has been misapplied, he may, after recording in writing the grounds of his decision, and subject to the control of the superior Revenue authorities, proceed to recover the whole amount of the loan, with such interest and costs (if any) as may be payable in respect thereof.

(ii) Before determining to take action under clause (i) of this rule, the Collector shall take into consideration the expense of supervision, even when that may have been supplied by the debtor himself.

Returns, registers and accounts.

23. The Board of Revenue shall regulate the forms of all returns, registers, and accounts relating to loans under the Act.

"Collector."

24. In these rules, "Collector" includes a Deputy Commissioner.

Order granting loan under the Agriculturists' Loans Act, 1884, and the rules made thereunder.

To , son of of .

1. On production of this order the aforesaid is entitled to receive from Government, in the district of , the following sums, on the dates noted against each, as a loan to be expended on (here describe clearly the object of the loan)—

Date.	Amount.
,,	,,

2. The conditions relating to the making and repayment of this loan are as follow:—

(*a*) That it, with the interest and costs (if any) due in respect thereof, shall be repayable on the dates and by the amounts specified below:—

Date.	Amount (principal and interest).	Costs.	Total.
,,	,,	,,	,,
,,	,,	,,	,,

(*b*) That in the case of a loan granted by instalments, if the applicant, after taking one or more instalments, fails to take any other instalment within six weeks from the date on which he is entitled to it, the Collector may declare the loan closed. The total of the instalments taken by the applicant shall then constitute the loan, which shall be treated as having been fully paid on the date on which the last instalment was actually taken; and a fresh arrangement for repayment shall be made by the Collector, consistent with rules 17 and 18, in modification of this order.

(*c*) That interest shall be levied for the period intervening between the date of the completion of the loan (in cases in which loans are granted in one payment), or between the dates of the payment of the instalments (in cases in which loans are granted in instalments), and the date from which the first instalment of interest, consolidated with the first instalment of the principal, becomes payable. The interest leviable in such cases shall be demanded in a lump sum on the date on which the first consolidated instalment of principal and interest is made payable.

(*d*) That the loan be applied solely to the purpose specified above, and that, if at any time it is proved to the satisfaction of the Collector that any part of the loan has been misapplied, he may proceed to recover the whole amount of the loan with such interest and costs (if any) as may be payable in respect thereof.

(*e*) That, if any instalment is not repaid on the due date, the whole amount payable in respect of the loan shall be deemed to have become due.

(*f*) That, as security for the repayment of the loan, with any interest and costs that may become payable in respect of the same, the immoveable property specified in the margin is hereby mortgaged to Government.

This clause is to be inserted when the security for the repayment of the loan consists of the mortgage of an interest of the applicant in immoveable property.

(*g*) That, if it be proved to the satisfaction of the Collector that the statements, made by the aforesaid in his application for this loan, as to the nature and extent of encumbrances, are in any particular untrue, the Collector may so declare in writing, and thereupon the whole of such loan, with such interest as may become due thereon, shall forthwith become due and payable.

Chota Nagpur.

No. 1710L.R.—The 26th March 1909.—In exercise of the power conferred by clause (*v*) of section 264 of the Chota Nagpur Tenancy Act, 1908, the Lieutenant-Governor is pleased to make the following rules prescribing the manner in which the possession of land should be given under sub-section (*2*) of section 50 of that Act:—

1. (*1*) Whenever the Deputy Commissioner determines, under sub-section (*2*) of section 50 of the Act, to give possession of land to a landlord on the tenant refusing to accept payment therefor, he shall issue a warrant to the Head Bailiff of his Court, directing him to cause possession of the land to be given to the landlord.

(*2*) If the area included in a holding has been surveyed in the course of making a Government survey and record-of-rights, then the plot numbers of the lands constituting the holding shall be entered in the warrant.

2. The officer executing the warrant shall proclaim the substance thereof by beat of drum—

(*a*) in the village in which the land is situate, and also in some conspicuous place on the land itself, and

(*b*) when the land is situate in more than one village, then in each such village and in some conspicuous place on the land in each such village separately.

3. The said officer shall also affix a copy of the warrant to a tree standing in a conspicuous part of the land, or, if there is no suitable tree, then to a pole firmly fixed in the ground in a conspicuous place and standing not less than eight feet above the ground.

4. The said officer shall, before giving possession, notify the substance of the warrant—

(*a*) to the tenant whom it is intended to dispossess, if he is residing in the village or can be found without unreasonable delay, or

(*b*) if there be an agent of the tenant in the village, then to such agent.

5. Immediately after giving possession, the said officer shall record, on the back of the warrant, the fact that he has given possession, and a description of the manner in which, and the persons in whose presence, possession was given.

6. He shall read the said record to two or more respectable and independent persons of the village, and shall ask them to witness the delivery of possession and to sign the record or affix their thumb impressions to it, if correct. One of these persons should, if possible, be the headman of the village.

7. When possession is given of lands situate in different villages, the procedure prescribed by these rules shall be followed in each such village.

8. The said record shall then be forwarded without delay to the Deputy Commissioner who issued the warrant.

Chota Nagpur.

No. 1711L.R.—The 26th March 1909.—In exercise of the power conferred by clause (*v*) of section 264 of the Chota Nagpur Tenancy Act, 1908, the Lieutenant-Governor is pleased to make the following rules prescribing the manner in which the possession of land should be given under section 71, of that Act:—

1. (*1*) Whenever the Deputy Commissioner determines, under section 71 of the Act to replace in possession of his tenancy or a portion thereof, a tenant who has been ejected therefrom in contravention of section 68, he shall issue a warrant to the Head Bailiff of his Court, directing him to cause possession of the tenancy or portion to be given to the tenant.

(*2*) If the area included in the tenancy or portion thereof has been surveyed in the course of making a Government survey and record-of-rights, then the plot numbers of the lands constituting the tenancy or portion shall be entered in the warrant.

2. The officer executing the warrant shall proclaim the substance thereof by beat of drum—

(*a*) in the village in which the land is situate, and also in some conspicuous place on the land itself, and

(*b*) when the land is situate in more than one village, then in each such village and in some conspicuous place on the land in each such village separately.

3. The said officer shall also affix a copy of the warrant to a tree standing in a conspicuous part of the land, or, if there is no suitable tree, then to a pole firmly fixed in the ground in a conspicuous place and standing not less than eight feet above the ground.

4. The said officer shall, before giving possession, notify the substance of the warrant—

(*a*) to the landlord whom it is intended to dispossess, if he is residing in the village or can be found without unreasonable delay, or

(*b*) if there be an agent of the landlord in the village, then to such agent.

5. Immediately after giving possession, the said officer shall record, on the back of the warrant, the fact that he has given possession, and a description of the manner in which, and the persons in whose presence, possession was given.

6. He shall read the said record to two or more respectable and independent persons of the village and shall ask them to witness the delivery of possession and to sign the record or affix their thumb-impressions to it, if correct. One of these persons should, if possible, be the headman of the village.

7. When possession is given of lands situate in different villages, the procedure prescribed by these rules shall be followed in each such village.

8. The said record shall then be forwarded without delay to the Deputy Commissioner who issued the warrant.

GOVERNMENT OF INDIA.

RAILWAY DEPARTMENT.

(RAILWAY BOARD.)

Calcutta, the 10th March 1909.

RESOLUTION.—In the Government of India Circulars No. 1 Railway, dated the 9th March 1898, and No. VII Railway, dated the 23rd December 1902, sanction was accorded to the adoption by railway administrations of risk note Forms D and G, the former intended for dangerous, explosive or combustible articles despatched at a "special reduced" or "owner's risk" rate, and the latter as an alternative to Form D, when a sender elects to enter into a general agreement, in place of executing a separate risk note for each consignment.

2. The Government of India have had under consideration the question of revising these risk note forms, with a view to throwing a greater measure of responsibility upon railways in regard to the loss of complete packages than is imposed by the existing forms. Similar alterations were recently made in risk note Forms B and H, *vide* the Resolution issued by the Government of India in the Department of Commerce and Industry, No. 1836—1850, dated 27th February 1907.

3. The Governor-General in Council is pleased to approve, under section 72, subsection (2), clause (*b*), of the Indian Railways Act, 1890 (IX of 1890), the use of the Forms D and G appended to this Resolution by railway administrations working railways to which the Indian Railways Act, 1890 (IX of 1890), applies, with effect from the 1st April 1909.

4. In the case of railways in Native States to which the provisions of the Indian Railways Act, 1890 (IX of 1890), have been, or may in future be, applied, the Governor-General in Council is also pleased to approve the use of these forms from the 1st April 1909, or from any later date on which the Indian Railways Act may be applied.

IN exercise of the power conferred by section 9 of the Sea Customs Act, 1878 (VIII of 1878), and with the sanction of the Lieutenant-Governor, the Board of Revenue direct that the following amendments be made in the rules relating to the clearance and discharge of salt, which were published under Notification No. 3884B, dated the 9th July 1907, at pages 1179—1205 of Part I of the *Calcutta Gazette* of the 10th idem:—

1. In rule 22,—

(*a*) in the last line of the first paragraph, *for* "fees prescribed in section V" *substitute* "allowances prescribed in article 2 of the table subjoined to Notification No. 6040B., dated the 10th November 1908, published at pages 1796—1823 of Part I of the *Calcutta Gazette* of the 11th idem";

(*b*) in the last line of the second paragraph, *for* "fees prescribed in rule 70, section V," *substitute* "allowances prescribed in article 5 of the aforesaid table."

2. *For* rule 68 *substitute* the following:—

Allowances for discharge of salt on Sundays and holidays.

68. The following allowances shall be payable for work done in respect of the discharge of salt on Sundays and holidays, namely:—

(i) When such work is done between the hours of 6 A.M. and 2 P.M. during the period from 1st March to 31st October (both inclusive), or between the hours of 7 A.M. and 3 P.M. during the period from 1st November to 29th February (both inclusive)—the allowances prescribed in articles 18, 27 and 31, respectively, of the table subjoined to Notification No. 6040B., dated the 10th November 1908, published at pages 1796—1823 of Part I of the *Calcutta Gazette* of the 11th idem; and

(ii) When such work is done after the hours of 2 P.M or 3 P.M, as the case may be, during the same respective periods—the allowances prescribed in article 4 of the aforesaid table, in addition to the allowances referred to in clause (i) of this rule.

By order of the Board of Revenue, L. P.,

MISCELLANEOUS REVENUE DEPT., SALT BRANCH, CALCUTTA; *The 18th March 1909.*

NOTICE.

SREEGOPAL BASU MALLIK FELLOWSHIP.

THE following scheme for the Fellowship which has been finally adopted by the Syndicate and the Trustees of the donor is published for general information:—

I.—In the first instance, a Fellow shall be appointed for a term of three years, whose duty it shall be—

(*a*) To give tutorial assistance to students of Sanskrit generally and students of Vedanta Philosophy in particular.
(*b*) To deliver a course of lectures on Vedanta Philosophy.
(*c*) To carry on research in Vedanta Philosophy, with a view to enable him to discharge his duties under heads (*a*) and (*b*) satisfactorily.

II.—With a view to give effect to the object mentioned in I (*a*) the Fellow shall hold classes not less than three times a week during at least thirty-six weeks in the year. To such class only such students will be admitted as may have satisfied the Fellow either by submitting to a test to be imposed by him or otherwise that they are qualified by previous training and attainments to profit by his teaching. The name of any student may be removed by reason of irregularity in attendance. The course of tutorial instruction shall include not only the Vedanta Philosophy but also such preliminary branches of study as may be determined by the Fellow from time to time in consultation with the Syndicate. Twelve of these students will be entitled to a monthly stipend of Rs. 10 (rupees ten) to be paid during good conduct and upon satisfactory progress made in their studies. An annual examination shall be held upon the result of which the best student will be awarded a gold medal of the value of one hundred rupees and also a prize of Rs. 500. The annual examination shall be open to graduates and to holders of certificates at the Sanskrit Title examination of such standing as the Syndicate may approve.

III.—With a view to give effect to the object mentioned in I (*b*), the Fellow shall annually deliver a course of public lectures on Hindu Philosophy in general and Vedanta Philosophy in particular. These lectures must not be less than twelve in number to be delivered not more than once a week. The substance of these lectures, as also the result of any original research or investigation made by the Fellow under I (*c*) above, shall be published in a volume at the close of every year.

IV.—The remuneration of the Fellow shall be as follows:—

(*a*) A stipend of Rs. 125 a month.

(*b*) A lump sum payment of Rs. 1,400 at the end of the year, out of which the expenses of printing 500 copies of the lectures shall be met, 400 of which shall be placed at the disposal of the University and 100 at the disposal of the founder's representatives for free distribution.

V.—The Fellow must submit a quarterly report to the Syndicate as to the manner in which he has been discharging his duties.

VI.—The mode of election shall be as follows:—

Persons who have made a special study of the subject shall be invited by notices and advertisements in the newspapers to send in their names together with a synopsis of the proposed lectures to the Syndicate, who shall select at least three persons out of the applicants and send their names to the Trustees, who shall within one week thereafter notify their choice, which will be accepted by the Syndicate.

In accordance with the above scheme, applications are invited for the Sreegopal Basu Mallik Fellowship for 1909, which must reach the undersigned not later than the 1st of June 1909.

LEGISLATIVE DEPT.;
BOOK DEPÔT BRANCH,
The 28th December, 1908.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge, Bengal Secretariat Book Depôt, Calcutta, or

the Superintendent, Government Press, Madras, or

the Superintendent, Government Central Press, Bombay, or

the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

Proceedings of the Bengal Legislative Council.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

Abstract of the Proceedings of the Council of the Lieutenant-Governor of Bengal assembled under the provisions of the Indian Councils Acts, 1861 and 1892.

THE Council met in the Council Chamber on Friday, the 26th March, 1909, at 11 A.M.

Present:

The Hon'ble SIR EDWARD BAKER, K.C.S.I., Lieutenant-Governor of Bengal, *presiding*.

The Hon'ble MR. C. W. N. GRAHAM.

QUESTIONS AND ANSWERS.

DISAFFILIATION OF THE PATNA COLLEGE IN HISTORY.

The Hon'ble BABU GAJADAR PRASAD said :—

The Patna College is the only Government College in Bihar, and it is expected to be a model college. This college has been disaffiliated in History.

There are 75 students in the first-year class of the Patna College; 34 of these students have taken History. In the second-year class there are 55 students, and 20 of them have taken History. In the third-year class there are 23 students, and 17 of them have taken History. Twenty-four out of the 30 students in the fourth-year class have taken History.

In view of these facts and of the hardship on the students caused by the disaffiliation, will it please the Government to consider the advisability of taking measures for the affiliation of the Patna College in History?

The Hon'ble MR. CUMMING replied :—

"Government has created a temporary appointment of Lecturer in History for the Patna College; and an application for affiliation in that subject has already been made to the Syndicate."

SCARCITY OF WATER IN THE DISTRICTS OF BURDWAN, BIRBHUM AND MURSHIDABAD.

The Hon'ble BABU RADHA CHARAN PAL said :—

Is the Government aware of the threatened scarcity of water in the districts of Burdwan, Birbhum and Murshidabad, and what steps does the Government propose to take with a view to averting a crisis which proved so grave last year in these very districts?

The Hon'ble MR. OLDHAM replied :—

"Government has received no information of a threatened scarcity of water in the districts of Burdwan, Birbhum and Murshidabad. The rainfall statistics for the year 1908 show that in the Burdwan district the fall was normal, and that in the Birbhum and Murshidabad districts the fall was about 6 and 9½ inches, respectively, in defect. No serious deficiency in rainfall, therefore, appears to have occurred. During the last three months, the weekly reports, submitted by the local officers to the Director of Agriculture, have shown the water-supply to be sufficient in all three districts. In the circumstances, no special steps are called for."

MINING ENGINEERS.

The Hon'ble RAI KISHORI LAL GOSWAMI, BAHADUR, asked :—

Will the Government be pleased to state the number and names of the holders of the Degree of Bachelor in Engineering of the Calcutta University with special training in mining, who passed from the Civil Engineering College at Sibpur under the old rules and regulations, and those of diploma-holders in mining who passed under the present rules; how they are employed, how many of the degree-holders are still employed in the mining district, with their present positions, how many of them joined the Public Works Department, and under what circumstances; also the antecedents, general education, number, names and positions of the working men and the practical men who hold first and second class certificates of competency under the Indian Mines Act, 1901, and the English Mines Act (*i.e.*, holders of certificates as Colliery Managers under the English Mines Act, engaged in Indian mines), and whether these certificated (both English and Indian) Managers are well up in analysing coal and minerals and in the matter of the investigation of mine air and gases met with in mines?

The Hon'ble MR. CUMMING replied:—

"The information asked for by the Hon'ble Member is very minute and in some respects indeterminate. The Government does not consider that any public purpose would be served by collecting it at all commensurate with the labour and possible expense that would be involved; and does not propose therefore to undertake the task."

RATES OF RENT IN GOVERNMENT KHAS MAHALS AND IN PRIVATE ESTATES.

The Hon'ble RAI KISHORI LAL GOSWAMI, BAHADUR, asked:—

Will the Government be pleased to lay before the Council a tabular statement showing the rates of rent prevalent in Government Khas Mahals for different classes of lands and those prevalent in private estates for similar kinds of lands, as evidenced by the papers prepared under Chapter X of the Bengal Tenancy Act, 1885, in districts where the operations under that Chapter have been concluded?

The Hon'ble MR. DUKE replied:—

"The districts in which operations under Chapter X of the Bengal Tenancy Act have been concluded are—

(*i*) the districts of North Bihar, and
(*ii*) the temporarily-settled areas of Cuttack, Balasore and Puri.

2. In the first group of districts the practice of classifying lands, and imposing rates of rent thereon, is unusual in private estates. The rents are generally consolidated rents for the holdings as a whole. Hence the settlement records do not show classes of land, or rates of such classes, and it is impossible to prepare from the settlement records the tabular statements desired.

3. In the temporarily-settled areas of Cuttack, Balasore and Puri, the rate recognised by the Settlement Officer was the average rate obtained by dividing the total rent paid by a particular class of raiyats, by the area cultivated by that class. No attempt was made to classify the lands or to fix different rates for different classes. Therefore in the case of these districts also no such tabular statement can be prepared."

The Hon'ble THE PRESIDENT said:—

"As the next question is rather a lengthy one, it will save the time of the Council if the Hon'ble Member will merely ask that the question that stands in his name be asked without reading the whole of it.

DEPUTY PORT OFFICER, CALCUTTA.

The Hon'ble MR. M. S. DAS said:—

I beg to draw the attention of the Government to the following letter published in the *Statesman* of the 2nd March, 1909:—

"DEPUTY PORT OFFICER, CALCUTTA.

"TO THE EDITOR OF THE 'STATESMAN.'

"SIR,—I see in a recent issue of the *Statesman* that the new post of Deputy Port Officer of Calcutta has been created in order, among other things, to allow the Port Officer more time for the supervision of the Orissa ports. Those ports are already groaning under the heavy burden of unnecessary expenditure. It is for the member of Orissa to ask the following questions in Council:—

"1. What is the annual travelling allowance of the Port Officer of the Orissa Ports?

"2. Of the sum allotted, how much is paid towards travelling to Puri, Balasore and Cuttack?

"3. Whether it is necessary for that officer to make frequent visits to those three places?

"It will be interesting to know if the Port Officer of Calcutta or the Accountant-General, or both, are responsible for the neglect to effect a saving when there is plenty of room for it.

X. Y."

"*March 1.*"

With reference to the above letter, I wish to ask the following questions, namely:—

(*a*) Is it a fact that the new post was created to allow the Port Officer of Calcutta more time for the supervision of the Orissa ports?

(*b*) Was it to provide for more frequent or more efficient supervision that this was done?

(*c*) Will the Government be pleased to name the amount of travelling allowance given to the Port Officer of the Orissa Ports?

(*d*) How often has the Port Officer of Orissa visited Cuttack, Puri and Balasore during the current year, and what is the amount of travelling allowance he drew in visiting each of these ports?

The Hon'ble MR. THOMSON replied:—

"(*a*) No. The necessity of allowing the Port Officer more time for the supervision of the Orissa ports was not one of the reasons for creating the post of Deputy Port Officer of Calcutta.

(*b*) No.

(*c*) The Port Officer draws travelling allowance according to the rules of the Civil Service Regulations.

(*d*) The information will be called for and communicated to the Hon'ble Member at the next meeting of Council."

THE BENGAL FINANCIAL STATEMENT FOR 1909-10.

1. The Hon'ble Mr. Oldham laid on the table the Bengal Financial Statement for 1909-10, with explanatory notes. He said:—

"I beg, Sir, to lay on the table the Financial Statement for 1909-10, together with Appendices and Accounts. It will be expected that, in doing so, I should make a few remarks of a general nature to explain the main features of our position.

"With the exceptions which I proceed to note, the Statement has been prepared on the same lines as previous statements. In order to place more fully before Hon'ble Members the growth of Revenue and Expenditure under the various sub-heads, in Appendices A and B, the details by minor heads of actual receipts and charges have been given for four years, viz., 1904-05, 1905-06, 1906-07 and 1907-08, instead of for only one year, as was the previous practice. The form in which the figures of the Education budget have been shown has been considerably modified in order to show the charges for colleges and schools for boys and girls separately, and also to show separately the charges under Primary, Secondary and Technical education, as suggested by one of the Hon'ble Members in this Council Chamber last year. The charges incurred on important civil works in 1907-08, the probable expenditure on these works during the year now ending, and the estimated expenditure in 1909-10 have also been shown in the body of the Statement in explanation of the provision that has had to be made for works already in progress. The charges under Famine Relief in 1908-09, and the estimated charges in 1909-10 have been shown in paragraph 56, as far as figures are available, district by district. A brief explanation has been given of any marked increase or decrease where called for.

"Excluding the special grant of Rs. 50,00,000 towards the Calcutta Improvement Scheme, which is held in trust by this Government and cannot be diverted to any other object of expenditure, the closing balances during the past five years have been:—

	Rs.
1903-04	92,52,919
1904-05	80,00,101
1905-06	62,61,893
1906-07	43,84,443
1907-08	21,27,449

"The gradual absorption of these balances has been very largely due to increased expenditure on Public Works. Taking the revised estimate for the current year, during the five years 1904-05 to 1908-09, the expenditure under this head has aggregated Rs. 3,22,39,906. The assignment made by the Government of India at the last settlement under Civil Works by the Public Works Department was about Rs. 43,00,000. During these five years, therefore, about 107½ lakhs have been spent under this head in excess of the Settlement assignment, or, in other words,, the average annual expenditure during these five years has exceeded, by 21½ lakhs, the figure that was taken at the time of the last Provincial Settlement as the standard of expenditure of the Department.

"Other causes for the depletion are the rapid growth of expenditure under the heads Police and Education, and the very heavy charges incurred in the payment of grain-compensation allowances during the past two years and the current year.

"Taking the revised figures of the current year, the charges under Police have risen from Rs. 51,57,000, in 1904-05 to Rs. 78,75,000 in 1908-09, or by about 53 *per cent.* in the short period of four years. A large portion of this extra expenditure has been met, no doubt, from the special assignments made by the Imperial Government from time to time to give effect to the reforms recommended by the Police Commission. These assignments, however, have provided only for the bare increases of staff and of pay and allowances, while the Provincial Revenues have had to bear the cost of the consequential increase in subordinate and menial establishments, supplies and services, contingencies and, perhaps most important of all, the heavy expenditure involved by the necessity of providing the additional buildings and quarters which are as indispensable as the staff itself.

"Under Education the charges in the same period of four years have risen by 84 *per cent.* from Rs. 30,68,000 to Rs. 56,50,600. This latter figure includes a sum of about 5½ lakhs, being the aggregate of the equilibrium grants made to District Boards, which were formerly adjusted under a separate head. Excluding this sum, the percentage of increase during the five years has been 66 *per cent.* If we take the figures from the year 1902-03, when the charges were Rs. 26,09,000, the increase is even more noticeable, amounting to over 95 *per cent.* in six years.

"The additional charges involved by the payment of grain-compensation allowances to whole-time servants of Government on pay not exceeding Rs. 30 have aggregated 23¾ lakhs during the three years ending with the present month. We estimate that next year the charges on this account will amount to about 9½ lakhs, or a total in four years of 33¼ lakhs. These charges were entirely unforeseen when the current settlement was made, and no assignment was, therefore, made on this account.

"Moreover, during the past three years, this Province has suffered from a series of bad agricultural seasons. During 1906-07 the distribution of the rainfall was most unfavourable, and the total outturn of the crops was estimated at only about three-fourths of the normal. High floods in the North Bihar districts destroyed the rice crops, resulting in severe famine in Darbhanga. In 1907-08 the agricultural seasons were again very unfavourable; and the outturn of all crops was much below the average. During the current year the rainfall during the monsoon in North Bihar was only about half the normal. The rains ceased prematurely, and practically no rain fell during the cold weather. Famine has already been declared in several thanas in the Darbhanga district,

and relief operations have already been started on a large scale in this district, and to a less extent in the districts of Muzaffarpur and Bhagalpur. The high prices resulting from this series of bad years have adversely affected the people over the greater part of the Province, and have both directly, as in the case of suspensions and remissions of revenue, and indirectly, as in the case of receipts from Excise and Stamps, checked the normal growth of the Provincial Revenues. Leaving aside the charges on account of relief measures met from Imperial and from local funds, the Provincial Revenues have had to meet an expenditure of Rs. 7,11,133 in 1906-07 and Rs. 2,62,000 in 1908-09; and we already reckon that Rs. 9,14,000 will have to be paid on this account next year. That is to say that during the four years ending on the 31st March next additional unforeseen charges, aggregating nearly 19 lakhs, will have had to be met. The total extraordinary charges on account of grain-compensation allowance and the relief of famine and distress thus amount to upwards of 52 lakhs. Had the Provincial Revenues not had to meet this very heavy additional drain, our balance would not have been wiped out as it has been.

"In March last we estimated that the closing balance of the current year would be Rs. 13,90,000. The conditions of the current year have, however, been quite abnormal, and the total expenditure, according to the revised estimate, has exceeded the original estimate by about 21 lakhs. The causes of this increase have been fully explained in paragraph 5, Part I, of the Statement and in Part II, under the several appropriate heads. Under the sub-heads Law-Officers, Civil and Sessions Courts and Criminal Courts, under the head Courts of Law, there has been an increase of nearly 7 lakhs, almost entirely due to law charges in connexion with the outbreak of anarchism and sedition. There has also been a large increase in Police charges and a small increase under Jails, due to the same causes. Under Marine there has had to be debited in the current year's accounts an additional charge of 4 lakhs, which had been provided in the budget of 1907-08, but was not adjusted in that year. Under Education there has been an enormous increase over the estimates, owing largely to unavoidable charges.

"In normal years there is often a considerable increase in revenue over the estimated receipts to compensate more or less for heavier expenditure; but during the current year the continued prevalence of high prices and the widespread distress have reduced our revenue receipts as well, with the result that, instead of an improvement, there has been a falling off in receipts under the three principal heads of revenue, viz., Land Revenue, Stamps and Excise.

"It will be evident from what I have already said that our present financial position is due, on the one hand, to a succession of very unfavourable agricultural seasons and the consequent prevalence of high prices and distress, and, on the other hand, to the extraordinary expenditure during the current year involved by the criminal prosecutions and other measures undertaken to suppress seditious and anarchical movements. The depression in trade which has so seriously affected the finances of the Supreme Government mainly concerns heads of revenue that are wholly Imperial.

"The revised estimates for the current year, as now finally passed by the Government of India, show receipts aggregating Rs. 5,58,55,000 and a total expenditure of Rs. 5,71,06,000. The receipts include a special grant-in-aid of Rs. 16,95,000 which is being made by the Government of India. We are very grateful to the Government of India for this timely assistance. According to these figures, the closing balance for the year will be Rs. 8,77,000. For next year we have budgeted for receipts aggregating Rs. 5,60,35,000 and for an expenditure of Rs. 5,69,12,000. The deficit of Rs. 8,77,000, which is more than covered by the Provincial share (one-half) of the provision of Rs. 18,27,000 which has had to be made for Famine Relief, will be met from the closing balance of the current year. In our estimates for next year we have assumed that we are not destined to be confronted with a continuance of the bad seasons that have marked the last few years. We may reasonably look forward to better times, to a normal rainfall seasonably distributed and to happier and

more settled political conditions. If we are so fortunate as to realise these hopes, the financial outlook will also be a brighter one.

"It will be clear to Hon'ble Members that our position is one that calls for the exercise of caution and economy. It has not been possible to make provision for any large new schemes and works, many of which are of a very pressing nature; but we have nevertheless been able to allow for the normal expansion of the administration in most departments, as will be seen from the details given under the head of expenditure in Part I (3) of the Financial Statement.

"Under the heads Land Revenue, General Administration and Courts of Law, we have provided in the aggregate a little more than Rs. 4 lakhs to give effect to the proposals of the Ministerial Officers' Salaries Committee for increasing the pay of Ministerial Officers, in respect of which we are awaiting the sanction of the Secretary of State. We have made provision for additional Deputy Collectors and Sub-Deputy Collectors for Survey and Settlement duty, and for increased establishment urgently required in the Excise, Registration, Police, Jails and other Departments. Under Land Revenue we have also made a large provision of Rs. 2,59,000 for bringing up to date the Survey and Settlement records in Orissa. Government has been advised that this is a work of much urgency, and that it will be far more economical to push it through rapidly than to spread it over a considerable number of years. Under Medical we have made a provision of Rs. 50,000 to give effect to certain proposals for the improvement of the pay and prospects of that deserving class of public servants—the Civil Hospital Assistants, which were submitted to the Government of India early last year, and Rs. 30,000 for the improvement of the Sanitary Department in accordance with a scheme suggested by the Government of India in 1907. In connexion with the continued prevalence of malaria in this Province, Government has had under consideration during the past few months certain measures for widely extending the use of quinine as a febrifuge. The scheme will come into force next year. We are now having quantities of quinine made up in the form of small tablets which will be much more palatable than the nauseous powder now distributed. The powder will also of course be available for any one who may prefer it. Hon'ble Members may have noticed that the subject of anti-malarial measures was keenly discussed at the recent Medical Congress held at Bombay, and that of the measures suggested, the one on which all the medical men seemed to be practically unanimous was that of extending the use of quinine. Under Education we have provided for a number of new items, *e.g.*, Rs. 2,00,000 for the construction of *Guru*-training school buildings; Rs. 53,000 for training schools for teachers; Rs. 22,000 for training schools for female teachers; Rs. 20,000 for new Law classes at Bankipore; Rs. 45,000 for additional staff in the Arts Colleges to meet the requirements of the new Regulations; and an aggregate of about Rs. 36,000 for various improvements in the Arts Colleges and in the Sanskrit College and the Calcutta Madrasah. We have provided Rs. 1,50,000 towards the construction of the new Agricultural College buildings and the buildings for the Principal and Professors at Sabaur, besides a sum of Rs. 75,000 towards the cost of fittings and appliances required for the college. We have provided Rs. 1,65,000 for the continuance of the Fisheries inquiry during 1909-10. A great deal of valuable information has already been obtained, as the Hon'ble Members will no doubt have recognised from the contents of the reports published in the Calcutta Gazette, regarding the fish-producing capacity of the Bay of Bengal. As, however, the actual work of the trawler did not properly commence till well on in the monsoon of 1908, the inquiry must continue at least till after the close of the ensuing monsoon, and probably during next cold weather. The time will no doubt come later on when this work should be left to private enterprise. It may be mentioned that the budget provision includes Rs. 6,000 for the cost of the deputation of two Indian students to Europe and America to study pisciculture. Under Irrigation and Minor Works, we have made large provision for the two works, now in progress, known as the Ultadanga-Bamanghatta Canal and the Madaripur Bhil route. These are two very important projects, the nature of which Hon'ble

Members will care perhaps to have briefly described. The Ultadanga-Bamanghatta Canal is being constructed to facilitate the heavy boat traffic between Chitpur and the east, by obviating the delays and difficulties of navigation between Dhapa and Bamanghatta. The channel between these two points is a tidal one, and only navigable for one or two hours before and after high water. By way of the new canal a still-water channel navigable at all times will be provided between the Chitpur and Bhangor Canals. On the existing steamer route from Calcutta to Eastern Bengal there is a narrow channel known as the Angeria creek, situated between Khulna and Barisal. Steamers are unable to pass along it at low tide; and there is always the danger of its closing up altogether through the accumulation of silt. If it were to silt up, the steamer traffic would have to find its way to Calcutta by the sea face. The Madaripur Bhil route, which is now being excavated, is an alternative channel direct from the Madhumati river near Gopalganj to Madaripur on the Kumar river, which connects with the Padma. By means of this route a distance of 135 miles will be saved between Calcutta and Goalundo, and 100 miles between Khulna and Chandpur.

"We have also made provision for continuing or completing certain important civil buildings, *e.g.*, the new Presidency Jail, the Surgical Block and the new 4th Block at the Medical College, and certain other Jail and Court buildings of urgent necessity; and we have provided a sum of 2 lakhs towards the construction of important feeder roads to the railways in the province. Provision has also been made for grants-in-aid towards the most pressing local drainage and water-supply schemes.

"I much regret that our financial position has compelled us to limit the grant for Provincial Civil Works to Rs. 45,10,000. It will be seen from the details that after providing for unavoidable expenditure, viz., establishment, tools and plant and repairs, the balance of the allotment available for original works is only Rs. 17,13,000. With this limited sum it has been impossible to do more than provide for the continuation or completion of works already in progress. There are a large number of urgent projects outstanding for which it has not been possible to make any provision.

"In regard to the 50 lakhs which we hold in trust for the Calcutta Improvement Scheme, I may mention, for the information of certain Hon'ble Members, who raised the question last year, that a representation was made to the Government of India with a view to the money being placed out at interest; but that Government were unable to sanction the proposal.

"The budget will come up for discussion on the 5th of April, and I would ask Hon'ble Members to extend to me the same courtesy as last year, and to let me have very early notice of any points they propose to raise, as it often takes several days to collect, from the different departments and offices, the information required."

THE BENGAL FINANCIAL STATEMENT FOR 1909-10.

Part I.—General Review.

(1) ACCOUNTS FOR 1907-08.

WHEN the revised estimate for 1907-08 was laid before the Council on the 21st March 1908, the closing balance for that year was estimated at Rs 71,32,000. The accounts of last year have since been finally closed, and show that the actual closing balance was Rs. 71,27,449, or Rs. 71,28,000 in round numbers. The actual receipts exceeded the estimates by Rs. 11,724, and the charges had been under-estimated by Rs. 16,718 only.

(2) REVISED ESTIMATE, 1908-09.

2. The revised estimate for 1908-09, as now passed on the basis of the actuals of the first ten, and in some cases eleven, months of the current year, is compared in the following table with the sanctioned estimate for the year:—

	Sanctioned estimate.	Revised estimate.	Increase (+) or decrease (−).
	Rs.	Rs.	Rs.
Opening Balance... ...	71,32,000	71,28,000	−4,000
Revenue receipts	5,11,35,000	5,09,32,000	−2,03,000
Adjustments	31,21,000	49,23,000	+18,02,000
Total Receipts ...	5,42,56,000	5,58,55,000	+15,99,000
Grand Total ...	6,13,88,000	6,29,83,000	+15,95,000
Total Expenditure ...	5,49,98,000	5,71,06,000	+21,08,000
Closing Balance ...	63,90,000	58,77,000	−5,13,000

3. The increase under Adjustments is due to the additional assignments from Imperial to Provincial detailed below:—

	Rs.
Imperial grant towards making up the Provincial balance ...	16,95,000
Ditto for charges in connexion with Major Sutherland's deputation on special duty at the Medical College	12,000
Ditto for special bonus, equivalent to one week's pay, sanctioned by His Majesty the King-Emperor to all permanent officers of Government in receipt of Rs. 50 or under	1,52,000
Ditto for Archæological expenditure	6,000
Additional assignment for the occupation of the Provincial building No. 2, Bankshall Street, by the Commerce and Industry Department of the Government of India ...	2,000
Grant for the transfer of buildings occupied by the Superintendent, Post Office, Cuttack, to Imperial ...	5,000
Ditto for the charges in connexion with Captain McCay's deputation to conduct an inquiry regarding Jail dietaries	7,000
Ditto for the transfer of a portion of the cost of the Calcutta Collectorate, which was originally wholly debited to Excise, divided equally between Imperial and Provincial, but now transferred partly to Land Revenue, the charges of which Department are wholly Provincial	4,000
Additional assignment for net charges of Inland Labour Transport in Bengal, payable from the revenues of Eastern Bengal and Assam	3,000
Payment of fee to the Sanitary Board, Bengal, by the Eastern Bengal and Assam Government for preparation of a Water-works scheme for the Barisal Municipality ...	4,000
Grant for expenditure on cemeteries	4,000
	18,94,000
Deduct—For smaller grant for capital expenditure on the Madaripur Bhil Route (Rs. 1,69,000 provided in budget *minus* Rs. 77,000 now estimated)	92,000
Total ...	18,02,000

4. The falling off of revenue is the net result of increase under some heads and decrease under others. The improvements aggregate Rs. 6,07,000, and fall principally under the following heads:—

Assessed Taxes (Rs. 1,52,000), due to increased realizations on account of coal profits.

Courts of Law (Rs. 40,000), owing to special receipts from the sale proceeds of unclaimed and escheated properties.

Education (Rs. 1,27,000), due to the refund by District Boards of unappropriated grants made for the construction of Primary school buildings.

Medical (Rs. 28,000), chiefly due to larger receipts from paying patients in the Calcutta Hospitals.

Irrigation—Major Works (Rs. 1,82,000), chiefly owing to larger receipts from water-rates, in consequence of extended irrigation from the Sone Canals during the *rabi* season on account of insufficient rainfall.

Civil Works in charge of the Public Works Department (Rs. 55,000). The increase in this case is distributed under various heads.

The decreases, on the other hand, aggregate Rs. 8,10,000. These fall chiefly under the following heads:—

Land Revenue (Rs. 1,00,000). This is due to short collections, in consequence of famine and scarcity.

Stamps (Rs. 2,75,000). The decrease is chiefly in receipts from Court-fee stamps.

Excise (Rs. 1,50,000). Under this head the normal increase has not been maintained, and the current settlements are not expected to be favourable.

Interest (Rs. 33,000). The decrease is due to non-recovery of interest from cultivators on account of high prices and famine.

Jails (Rs. 1,13,000). There has been a marked falling off in the receipts from Jail manufactures, on account of smaller demands from Government departments, especially the Ordnance Department.

Ports and Pilotage (Rs. 35,000). The decrease is due to the falling off in pilotage receipts.

Irrigation—Minor Works and Navigation (Rs. 72,000). There has been a marked falling off under navigation receipts from the Orissa and Calcutta canals.

5. On the expenditure side the revised estimate shows a net increase of Rs. 21,08,000, the greater part of which falls under the following heads:—

Registration (Rs. 62,000), due to the entertainment of a larger number of sub-registrars and their establishment.

Interest (Rs. 1,12,000), due to the payment of larger loans to agriculturists, and also to the loan of 50 lakhs given to Maharaja Sir Prodyot Kumar Tagore towards the beginning of the year.

Courts of Law (Rs. 5,25,000). The increase under this head is chiefly due to large unforeseen expenditure in connexion with anarchism and sedition cases.

Jails (Rs. 92,000), due to increased charges for dieting prisoners owing to the high prices of food-grains.

Police (Rs. 1,12,000). The increase under this head is chiefly under Superintendence and District Executive Force, and is partly the result of giving further effect to the recommendations of the Police Commission, but it is largely due also to measures necessitated by the outbreak of anarchical crime.

Ports and Pilotage (Rs. 4,83,000). This increase is chiefly due to the adjustment of a sum of Rs. 4,00,000, being a part of the cost of the new Pilot vessel *Lady Fraser*, in the accounts of 1908-09, instead of in those of 1907-08.

Education (Rs. 6,49,000), due to larger expenditure on the construction of *Guru*-training school buildings, and increased allotments for grants-in-aid.

Stationery and Printing (Rs. 66,000), chiefly due to larger expenditure on stationery supplied from the Central Stores, owing to an increased demand from the Press.

Miscellaneous (Rs. 82,000). The rise under this head is principally due to a special grant of Rs. 30,000 being given to the Sailors' Home, and to increased expenditure on the Fisheries Inquiry.

Famine Relief (Rs. 1,06,000), due to the continuance of relief measures in different parts of the Province and the recurrence of famine in Bihar.

Irrigation—Major Works (Rs. 1,98,000), partly owing to transfers from Minor Works and partly to charges on account of flood damage repairs and establishment in the Orissa and Sone Canals.

On the other hand, there was a decrease of Rs. 4,95,000 under Medical, owing to the transfer of charges for works of sanitary improvement from this head to the head of Civil Works, besides minor decreases under other heads.

6. The closing balance of the current year, including the sum of 50 lakhs held in trust for the Calcutta Improvement Scheme, was estimated in March last at Rs. 63,90,000. In the revised estimate it is now placed at

Rs. 58,77,000. The figures in paragraph 2 above explain how this total has been arrived at.

(3) BUDGET ESTIMATE, 1909-10.

7. The opening balance of 1909-10 corresponds with the closing balance of the current year, and is therefore placed at Rs. 58,77,000.

8. The estimates for the year, as ultimately passed by the Government of India, show receipts aggregating Rs. 5,60,35,000, an expenditure of Rs. 5,69,12,000, and a closing balance of Rs. 50,00,000. As explained last year, the special grant of Rs. 50 lakhs for the Calcutta Improvement Scheme which is held in trust by Government, is included in the Provincial accounts. It is estimated, therefore, that leaving aside this amount, there will be no balance at the close of 1909-10.

9. The estimate of receipts includes the following special assignments from Imperial Revenues:—

	Rs.
For Police re-organization (comprising grants made in previous years aggregating Rs. 12,00,000 and an additional grant of Rs. 2,50,000 given with effect from 1909-10)	14,50,000
On account of the Madaripur Bhil Route (maintenance) ...	50,000
Ditto Ditto ... (capital) ...	1,68,000
In connexion with the Famine Relief scheme	2,60,000
For Technical education	35,000
„ European and Eurasian education	65,000
„ abolition of the Patwari Cess in Sambalpur ...	26,000
„ continuous maintenance of record-of-rights in Orissa ...	88,000
„ temporary occupation of 2, Bankshall Street by Commerce and Industry Department	20,000
„ contribution from Eastern Bengal and Assam Government to the Belgachia Veterinary College	28,000
„ provincialization of the Dhaka Canal charges ...	12,000
„ net charges of Inland Labour Transport in Bengal payable from the Provincial Revenues of Eastern Bengal and Assam	13,000
„ increased remuneration to the Solicitor to Government ...	36,000
„ stoppage of free supply of materials by the Central Press, Calcutta, to the Provincial Presses	2,000
„ transfer of the control of Government House and Hastings House gardens to the Superintendent, Royal Botanic Garden	11,000
„ remission of Banking fees levied from Local Funds ...	70,000
„ Ditto Audit fees ditto ...	65,000
„ expenditure on cemeteries	4,000
„ charges in connexion with Major Sutherland's inquiry at the Medical College	23,000
„ transfer of a portion of the cost of the Calcutta Collectorate from Excise to Land Revenue	4,000
„ audit of the Calcutta Municipal accounts	11,000
„ grant to the Bibliotheca Indica Fund of the Asiatic Society	3,000
„ relieving Municipalites of Police charges ...	21,000
„ Sanitary improvements	4,50,000
	29,15,000
Less contribution to Imperial for pensions of Calcutta Police Constables paid in the United Provinces of Agra and Oudh	21,000
Reduction of interest on capital outlay on Irrigation—Major Works	3,45,000
Contribution to Imperial for net receipts from the office of the Agent, Government Consignments, Calcutta, to be provincialized from 1st April 1909	15,000
	3,81,000
Net total (which does not include the fixed adjustment grant of Rs. 7,39,000 made at the last Provincial Settlement. Including this latter amount the total comes to 32,73,000, as shown in the budget under the Head "I—Land Revenue - adjustment.") ...	25,34,000

10. On the expenditure side, the total estimated charges for 1909-10 are Rs. 5,69,12,000, exceeding the income by Rs. 8,77,000. This excess of expenditure over income will be met by reduction in the balance. It is more than covered by the provision made in the budget under Famine Relief. The budget includes the following non-recurring charges :—

	Rs.	Rs.
Land Revenue—		
Sundarbans reclamation	35,000	
Initial cost of bringing the Survey and Settlement records in Orissa up to date ...	2,99,000

12. Appendix C shows the transactions of the District Boards and District Road Committees. The figures in the column of estimates represent those passed by the Commissioners of Divisions.

PART II.—Detailed remarks on the Budget for 1909-10.

RECEIPTS.

13. *Land Revenue.*—The estimate of gross receipts for 1909-10, as passed by the Government of India, is Rs. 2,99,14,000, against Rs. 2,93,03,000, the revised estimate for 1908-09. The estimate includes Rs. 8,65,000 for recoveries of survey and settlement charges, against Rs. 4,95,000 provided in the revised estimate for 1908-09. The details of the recoveries are given in Appendix A.

14. The estimated Provincial share of Land Revenue is calculated as follows:—

	Estimate, 1909-10.
	Rs.
Gross Land Revenue	2,99,14,000
Deduct estimated collections from Government Estates (wholly Provincial)	34,20,000
Deduct recoveries of Survey and Settlement charges (wholly Imperial)	8,65,000
Total Deduction ...	42,85,000
Net amount divisible between Imperial and Provincial funds	2,56,29,000
Provincial share of above (one-half)	1,28,14,000
Add collections from Government Estates (wholly Provincial)	34,20,000
Total Provincial ...	1,62,34,000
Add adjustments as in Appendix A	32,73,000
Total Provincial receipts ...	1,95,07,000

15. *Stamps.*—The budget estimate of the total revenue from Stamps for 1908-09 was passed by the Government of India at Rs. 1,62,50,000. The actuals in 1907-08 amounted to Rs. 1,55,88,275, The actuals of the first ten months of 1908-09, exclusive of receipts on account of unified stamps used as receipt stamps, exceeded the figures for the corresponding period of the preceding year by Rs. 1,09,000 only. In view of these figures, the revised estimate for 1908-09 has been passed for Rs. 1,57,00,000. Allowing for a progressive increase of 8 lakhs, the estimate for 1909-10 has been placed at Rs. 1,65,00,000. The Provincial share is one half, and thus amounts to Rs. 78,50,000 for 1908-09 and Rs. 82,50,000 for 1909-10.

16. *Excise.*—The revenue from Excise for 1908-09 was estimated at Rs. 1,75,00,000. The actuals of 1907-08 amounted to Rs. 1,70,77,699, while the figures for the first ten months of 1908-09 show an increase of Rs. 1,10,000 only over the actuals of the corresponding period of the preceding year. The small increase in 1908-09 is due to the comparative failure of the *mahua* crop, and to the introduction of the Contract Distillery System in certain districts. It is apprehended that the result of the settlements now in progress will not be favourable. The revised estimate for the year has therefore been passed for Rs. 1,72,00,000; and allowing for a progressive increase of 7 lakhs, the estimate for 1909-10 has been placed at Rs. 1,79,00,000. The Provincial share (one-half) amounts to Rs. 86,00,000 and Rs. 89,50,000, respectively.

17. *Provincial Rates.*—The actual collections of the Public Works cess in 1907-08 amounted to Rs. 36,18,453. The revised estimate for 1908-09 has been placed at Rs. 35,93,000, as the receipts in the first ten months of the current year show a slight decrease. An increase is anticipated on the completion of the revaluation proceedings now in progress in the districts of Bankura, Khulna, Midnapore, Murshidabad, Bhagalpur and the Santhal Parganas; and the estimate for 1909-10 has accordingly been passed for Rs. 36,53,000. Under "General Rates for the management of Private Estates" the estimate of receipts is Rs. 1,63,000, against Rs. 1,57,000, the revised estimate for 1908-09. The increase is due to the fact that certain new estates

have been brought under management. The total estimate for next year thus amounts to Rs. (36,53,000+1,63,000=) 38,16,000.

18. *Assessed Taxes.*—The receipts from Income-tax for 1908-09 were estimated at Rs. 52,25,000. The actual collections in 1907-08 amounted to Rs. 51,97,028, while those of the twelve months ending on the 31st January 1909 were Rs. 54,34,000. In view of this rise, which is mainly due to increased assessments on account of profits made from coal, the revised estimate for 1908-09 has been placed at Rs. 55,30,000. To this amount Rs. 2,70,000 has been added as the average annual normal increase of revenue, and the estimate for 1909-10 has been passed for Rs. 58,00,000. The Provincial share (one-half) is Rs. 29,00,000.

19. *Forests.*—The total receipts under this head for 1909-10 are estimated at Rs. 13,00,000, against Rs. 12,40,000 the revised estimate for 1908-09, and Rs. 11,97,650 the actuals of 1907-08. An increase is expected from the recovery in the timber trade in the Singhbhum and the Sundarbans Divisions. The Provincial share (one-half) is Rs. 6,50,000.

20. *Registration.*—The budget estimate under this head for 1908-09 was Rs. 14,20,000. The collections during the first ten months of the current year show an increase of Rs. 77,000 over those of the corresponding period of last year; and as the actuals of 1907-08 were Rs. 13,46,556, the revised estimate has been placed at Rs. 14,20,000. Allowing for a normal increase of Rs. 1,30,000 over the revised estimate for 1908-09, the estimate for 1909-10 has been passed for Rs. 15,50,000. The rise in receipts during the current year is attributed to an increase in the number of registrations due to the pinch of high prices. The receipts of this Department are wholly Provincial.

21. *Interest.*—The estimate of loans, as passed by the Government of India, provides for a return in the way of interest during 1909-10 of Rs. 10,90,000, as shown below:—

	Rs.
Interest on advances to cultivators, etc.	5,61,000
„ „ drainage and embankment advances	28,000
„ „ loans to land-holders	2,64,000
„ „ „ to Municipalities and District Boards, etc. ...	1,92,000
Miscellaneous accounts	45,000
Total ...	10,90,000

The large increase under "Interest on loans to land-holders" is due to the amount payable on the loan of 50 lakhs granted to Maharaja Sir Prodyot Kumar Tagore last year.

22. *Law and Justice.—Courts of Law.*—The actuals in 1907-08 amounted to Rs. 5,79,615, and the receipts in the first ten months of 1908-09 show an increase of Rs. 52,000 over those of the corresponding period of last year. The revised estimate for 1908-09 has accordingly been placed at Rs. 6,37,000. The increase in the current year, which accrued chiefly under sale-proceeds of unclaimed and escheated property, was abnormal, and cannot be expected to recur. The estimate for 1909-10 has been passed for Rs. 6,00,000.

23. *Jails.*—The actuals for the ten months ending the 31st January 1909 show a decrease of Rs. 74,000 as compared with last year; and as the actuals of 1907-08 were Rs 11,58,667, the estimate for 1908-09 has been reduced to Rs. 11,37,000, and the estimate for 1909-10 has been passed at Rs. 11,68,000.

24. *Police.*—The actuals of ten months ending the 31st January 1909 show a small increase of Rs. 2,000 over those of the corresponding period of last year; and as the actuals of 1907-08 were Rs. 1,41,084, the revised estimate for 1908-09 has been placed at Rs. 1,44,000. The estimate for 1909-10 is Rs. 1,45,000.

25. *Ports and Pilotage.*—The budget estimate for 1908-09 was Rs. 16,00,000. This has been reduced to Rs. 15,65,000 in the revised estimate, with reference to the actuals of the first ten months of the current year. The falling off has been due to depression in trade. The estimate for 1909-10 is Rs. 15,31,000.

26. *Education.*—The actuals in 1907-08 amounted to Rs. 5,65,590, and the estimate for 1908-09 was Rs. 5,73,000. The collections in the first ten months of the current year show an increase of Rs. 96,000, which is more than

accounted for by the sums refunded by the District Boards out of the grants made to them for Primary school buildings. As further refunds were expected before the close of the year, the revised estimate for 1908-09 has been placed at Rs. 7,00,000. As the District Boards are expected to make refunds of about two lakhs in 1909-10, the estimate of receipts for the year has been passed for Rs. 7,75,000.

27. *Medical.*—The budget estimate for 1908-09 was Rs. 2,54,000, against Rs. 2,38,934 the actuals of 1907-08. The actual collections during the twelve months ending January 1909 amounted to Rs. 2,85,000, and the revised estimate for 1908-09 has been placed at Rs. 2,82,000. The increase in the current year is chiefly under "Hospital receipts," which are expected to rise further on the opening of the paying-patients blocks for Indians at the Calcutta Medical College Hospital. The estimate for 1909-10 has accordingly been passed for Rs. 2,90,000.

28. *Scientific and other Minor Departments.*—The estimate under this head for 1909-10 is Rs. 3,31,000, against Rs. 3,11,000 the revised estimate for 1908-09, and Rs. 2,76,622 the actuals of 1907-08. The increase is partly under "Cinchona Plantation," as the Superintendent anticipates larger sales of sulphate of quinine, and partly under "Receipts on account of experimental cultivation," as the Director of Agriculture expects an increase in the receipts from experimental farms.

29. *Receipts in aid of Superannuation.*—The total receipts for 1909-10 are estimated at Rs. 55,000, against Rs. 54,000 the budget estimate for 1908-09, and Rs. 4,15,664 the actuals of 1907-08. The actuals of 1907-08 include Rs. 3,52,977, the sale-proceeds of the Calcutta Municipal debentures belonging to the Calcutta Police Superannuation Fund, in consequence of the abolition of the fund, the pensionary charges having been assumed by Government.

30. *Stationery and Printing.*—The estimate under this head for 1909-10 is Rs. 1,33,000, against Rs. 1,45,000 the revised estimate for 1908-09, and Rs. 1,32,763 the actuals of 1907-08.

31. *Miscellaneous.*—The receipts for 1909-10 are estimated at Rs. 5,83,000, against Rs. 5,35,000 the revised estimate for 1908-09. The figures for next year include Rs. 15,000 which it is estimated will be obtained by the sale of fish caught by the steam-trawler *Golden Crown*. The receipts under other heads are of a fluctuating character, and call for no remarks. The details are given in Appendix A.

32. *Irrigation—Major Works* (*Direct Receipts*).—The budget estimate for 1908-09 was Rs. 24,18,000. The revised estimate has been placed at Rs. 26,00,000, owing to larger *rabi* irrigation from the Sone canals consequent upon the scanty rainfall of the year, and to the development of irrigation from the Dhaka canal. The estimate for 1909-10 has been passed for Rs. 24,36,000.

33. *Irrigation—Minor Works and Navigation in Charge of the Public Works Department.*—The budget estimate for 1908-09 was Rs. 6,22,000; but in view of the decrease in collections in the first nine months of the current year, amounting to Rs 3,86,000, against Rs. 4,58,000 in the coresponding period of last year, the revised estimate has been reduced to Rs. 5,50,000. The decrease is chiefly in navigation receipts from the Orissa and Calcutta canals and the Nadia rivers. The estimate for 1909-10 has been placed at Rs. 6,33,000.

34. *Civil Works in Charge of the Public Works Department.*—The budget estimate for 1908-09 was Rs. 3,00,000. This has been raised to Rs. 3,55,000 in the revised estimate, in view of the actuals of the first eight months of the year. The same amount has been taken as the estimate for 1909-10.

EXPENDITURE.

35. *Refunds and Drawbacks.*—The total Provincial expenditure in 1909-10 is estimated at Rs. 1,34,000, against Rs. 1,32,000 the revised estimate for 1908-09, and Rs. 1,51,135, the actuals of 1907-08. The estimates under this head are based, as usual, on the average actuals of the previous three years, excluding special payments.

36. *Assignments and Compensations.*—The budget estimate for the current year was Rs. 70,000. The revised estimate has, however, been placed at Rs. 67,000, against Rs. 63,019, the actuals of 1907-08, in view of the actual

payments during the first ten months of the year. The estimate for next year has been placed at Rs. 70,000.

37. *Land Revenue.*—The total Provincial expenditure for 1909-10 is estimated at Rs. 40,00,000, against Rs 37,20,000, the revised and Rs. 37,85,000, the budget estimate for 1908-09, as shown below :—

	1908-09 Budget	1908-09 Revised.	1909-10, Budget.
	Rs.	Rs.	Rs.
(1) Charges of District Administration	29,67,000	27,62,000	30,00,000
(2) Charges on account of Land Revenue collections ...	1,500	1,000	4,000
(3) Management of Government estates	3,68,000	4,00,000	3,57,000
(4) Survey and Settlement ...	2,40,500	2,37,000	2,58,000
(5) Land Records and Agriculture	2,80,000	3,20,000	4,41,000
	38,57,000	...	40,30,000
Probable savings ...	72,000	...	60,000
Total ...	37,85 000	37,20,000	40,00,000

Under (1) further provision has been made for an increase in the number of Deputy Magistrates and Deputy Collectors, so as to meet the demands of the Settlement Department. An increased grant has been made for the improvement of Collectorate record-rooms. A larger allotment has been made for the management of private estates, owing to new estates coming under Government management. The budget also includes Rs. 1,40,000 for increase of pay of ministerial officers in accordance with the recommendations of the Ministerial Officers' Salaries Committee. Under (5) Rs. 2,59,000 have been provided for initial expenditure in bringing the survey and settlement records in Orissa up to date, Rs. 59,000 for the revision of the record-of-rights in Orissa, Rs. 39,000 for reproduction of maps, and Rs. 36,000 for the maintenance of records in Sambalpur.

38. *Stamps.*—The estimate for 1909-10 amounts to Rs. 5,05,000, against Rs. 4,80,000, the revised estimate for 1908 09, and Rs. 4,09,954, the actuals of 1907 08. The increase is partly under "Stamp paper supplied from the Central Store," and partly under "District establishment," due to a portion of the establishment of the Calcutta Collectorate previously debited to Excise being now shown under this head. The Provincial share (one-half) is Rs. 2,52,000.

39. *Excise.*—The estimate for 1909-10 is Rs. 8,30,000, against Rs. 8,00,000 the budget grant for the current year. One-half of these charges falls on the Provincial revenues. The increase is due to larger provision for (*a*) establishment for the extension of the Contract Distillery System ; (*b*) charges on account of travelling allowance, as first class rates have been sanctioned for Special Excise Deputy Collectors ; (*c*) construction of spirit warehouses; and (*d*) increasing the pay of ministerial officers in accordance with the recommendations of the Salaries Committee.

40. *Provincial Rates.*—The estimate for 1909-10 is Rs. 50,000, against Rs. 49,000, the revised estimate for 1908-09, and Rs. 45,282, the actuals of 1907-08. The increase is under "Collection charges," which include a lump provision of Rs 9,000 for the increase of pay of ministerial officers.

41. *Assessed Taxes.*—The total expenditure for 1909-10 is estimated at Rs. 1,64,000, against Rs. 1,57,000, the sanctioned estimate for 1908-09, and Rs. 1,53,061, the actuals of 1907-08. The increase is due to (*a*) a lump provision of Rs. 3,000 for revision of establishment of the Calcutta Collectorate, (*b*) a lump provision of Rs. 1,000 for raising the pay of Assessors' clerks, and (*c*) a provision of Rs. 2,316 for a temporary Assessor and his establishment in the Burdwan district. A moiety of the charges falls on Provincial Revenues.

42. *Forests.*—The budget grant for 1909-10 is Rs. 5,87,000, against Rs. 6,20,000, the sanctioned estimate for 1908-09, and Rs. 7,13,394, the actuals of 1907-08. The decrease is chiefly due to a smaller provision being made for surveys, and to the absence of any provision for new launches. The Provincial share (one-half) is Rs. 2,93,000.

43. *Registration.*—The estimate for 1909-10 is Rs. 8,24,000, against Rs. 8,32,000, the revised estimate for 1908-09, which, as already explained in paragraph 5 above, is abnormally high. The budget includes provision for a larger number of Sub-Registrars and their establishment.

44. *General Administration.*—The estimate for 1909-10 is Rs. 19,10,000, against Rs. 18,76,000, the grant for 1908-09. The budget includes (*a*) larger provision for rents, rates and taxes, owing to increase in the Municipal assessment on the Lieutenant-Governor's residence at Belvedere, in consequence of the extension of the building; (*b*) provision of Rs. 7,000 to meet the additional charges involved by the expansion of the Legislative Council of which Rs. 3,000 (for furniture, etc.) is non-recurring, and Rs. 4,000 (Travelling allowance and establishment) recurring; (*c*) a lump provision of Rs. 15,000 for revision of the establishment of the Civil Secretariat; (*d*) larger provision for establishment and contingencies under Commissioners owing to the creation of the new Commissionership of Tirhut; and (*e*) provision of Rs. 10,700 to cover the cost of audit of the accounts of the Calcutta Corporation, which has, at the request of the Corporation, been retransferred to the Local Audit Department of the Accountant-General's office.

45. *Law and Justice—Courts of Law.*—The total expenditure during 1908-09 was originally estimated at Rs. 76,75,000, but in the revised estimate the figure has been raised to Rs. 82,00,000. The increase is very large, and is due to heavy unforeseen law charges, consequent upon the outbreak of anarchical crime. The estimate for 1909-10 is Rs. 79,20,000. It includes provision for (*a*) the revision of establishment on the Appellate Side of the High Court, already sanctioned; (*b*) increase in the salary of the Advocate-General; (*c*) increased charges for conducting law-suits and on account of fees to pleaders both in Calcutta and the mufassal; (*d*) a larger grant for allowances to jurors and assessors, and remuneration to copyists in view of past actuals; (*e*) a larger grant for establishment and diet money to witnesses in Criminal Courts. A lump provision of Rs. 2,40,000 has also been kept for the increase of pay of ministerial establishments recommended by the Salaries Committee.

46. *Jails.*—The actuals of 1907-08 were Rs. 26,96,952, and the budget estimate for 1909-10 has been placed at Rs. 27,00,000. It includes provision for the reorganization of the jailors' and warders' services, which has recently been sanctioned.

47. *Police.*—The following table compares the figures under this head:—

HEADS.	1907-08, Actuals.	1908-09.		1909-10, Estimate.

The actuals of the first ten months of the current year indicate that there will be considerable excess over the budget allotments in the expenditure under "Superintendence" and "District Executive Force." The revised estimate has therefore been placed at Rs. 78,75,000. The estimate for 1909-10 has been passed for Rs. 83,78,000. This includes larger grants under the

following heads:—(1) Presidency Police, in order to provide a larger number of constables for the local Courts, Government House and the Police lock-up, and consequently larger grants for grain allowances, rents, rates and taxes, etc.; (4) Criminal Investigation Department, for the stregthening and development of the Department necessitated by the outbreak of anarchical crime; (5) District Executive Force, to give effect to certain reforms postponed in 1908-09, and further reforms for which an additional assignment of 2½ lakhs has been made by the Government of India; and (8) Railway Police, to meet the cost of an increase in the force.

48. *Ports and Pilotage.*—The budget estimate under this head for 1908-09 stood originally at Rs. 17,77,000. A provision of 4 lakhs had been entered in the budget for 1907-08 for part payment of the cost of the new pilot vessel *Lady Fraser*. This sum was not, however, adjusted in the accounts for 1907-08 as expected, and it had therefore to be debited in the accounts for 1908-09. Besides this, the revised estimate has been further raised in view of a considerable increase in the actual charges of the first ten months of the year, as compared with the corresponding period of the previous year. The revised estimate now stands at Rs. 22,60,000. The estimate for 1909-10 has been placed at Rs. 12,44,000, and includes a provision of Rs. 52,000 for a new boiler, and of Rs. 8,000 for the construction of a steam-cutter, for the steamer *Guide*. It also includes provision for a Deputy Shipping Master and Deputy Port Officer, a new apppointment which has been created, while the post of Second Assistant Shipping Master has been abolished. The office of the Agent for Government Consignments, Calcutta, will be provincialized from April 1909 and the necessary provision has been made under this head.

49. *Education.*—The total Provincial expenditure for the current year was originally estimated at Rs. 50,01,000, but in view of the actual charges in the first ten months of the current year, which show an increase of Rs. 11,36,000 over those of the corresponding period of last year, the revised estimate has been raised to Rs. 56,50,000, against Rs. 45,52,592, the actuals of 1907-08. The increase is due chiefly to grants for the construction of *Guru*-training school buildings, and increased expenditure under the head Grants-in-aid. The estimate of expenditure for 1909-10 is Rs. 55,57,000. The following table shows the charges under the principal heads since the year 1902-03:—

*Until 1908-09, these grants were shown under "Contribution from Provincial to Local," a head that has been abolished with effect from that year.

50. *Medical.*—The budget estimate under this head for 1908-09 was Rs. 27,80,000. This has been reduced in the revised estimate to Rs 22,85,000, owing to the transfer of the special provision of 4½ lakhs for works of sanitary improvement from this head to the head of Civil Works. The estimate for 1909-10 has been passed for Rs. 25,20,000. The estimate includes Rs. 10,000 for anti-malarial measures; Rs. 30,000 for improvement of the Sanitary Service; Rs. 50,000 for improvement of the pay and position of Civil Hospital Assistants; Rs. 23,000 for charges in connexion with the special inquiry being conducted, under the orders of the Government of India, by Major Sutherland, I.M.S., at the Medical College; Rs. 10,000 for an additional Probationary Chemical Examiner; Rs. 5,000 for increased scholarships for Uriyas at the Cuttack Medical School; Rs 13,000 for additional Demonstrators, Professors, etc., in the Medical College; and larger grants for diet of patients, clothing, bedding, etc., in the several hospitals. The total grants under the latter subheads for 1909-10 are shown below :—

51. *Political.*—The estimate for 1909-10 is Rs. 56,000, against Rs. 55,000, the revised estimate for 1908-09, and Rs. 47,083, the actuals of 1907-08. The figures call for no special remarks.

52. *Scientific and other Minor Departments.*—The estimate for 1909-10 is Rs. 14,05,000, against Rs. 12,78,000, the budget grant for 1908-09, and Rs. 10,76,142, the actuals of 1907-08. Provision has been made in the budget for the following special charges:—

	Rs.
Additional grant to the Asiatic Society for research work ...	4,000
Fittings and appliances for the new Agricultural College at Sabaur	75,000
Purchase of Cinchona bark	50,000
Construction of a bungalow at Mansong	10,000
Certifying Surgeon and Additional Assistant Inspector of Factories and their establishment	14,000

53. *Superannuation.*—The charges under this head show a steady increase from year to year, owing to the increase in the claims to pension. The estimate for 1909-10 is Rs. 27,48,000, against Rs. 26,18,000, the revised estimate for 1908-09, and Rs. 25,91,642 the actuals of 1907-08.

54. *Stationery and Printing.*—The estimate for 1909-10 is Rs. 13,71,000, against Rs. 13,58,000, the revised estimate for 1908-09, and Rs. 14,67,251, the actuals of 1907-08. The budget includes a provision of Rs. 41,000 for type-casting machines which have been indented for from Europe, and for type-casting establishment, as it has been decided to have type cast in future under the direct supervision of the Superintendent.

55. *Miscellaneous.*—The revised estimate for 1908-09 is Rs. 4,75,000, against Rs. 3,93,000, the original budget estimate. The increase is chiefly due to a special grant of Rs. 30,000 to the Sailors' Home, Calcutta, which was not drawn in 1907-08, and to increased provision for the Fisheries inquiry. The estimate for 1909-10 is Rs. 5,27,000, and includes Rs. 1,65,000 for the Fisheries inquiry. The budget under this head also provides for the office of the Controller of Office Systems, which was formerly included under "Board of Revenue" in the General Administration Budget.

56. *Famine Relief.*—The total expenditure on relief measures will amount to about Rs. 11,50,000 in 1908-09; and the estimate for next year is Rs. 18,27,000. The figures are shown district by district below:—

The annual credit to Bengal on account of Famine Relief is Rs. 2,60,000, but the expenditure in the first five years from 1907-08 will be treated

as Imperial up to a limit equal to five years assumed credit, or Rs. 2,60,000 × 5 = 13,00,000. When this credit is exhausted, the expenditure is divided equally between Imperial and Provincial. The actual expenditure in 1907-08 was Rs. 6,74,000, and the charges for the current year, as now estimated, amount to Rs. 11,50,000, making a total of Rs. 18,24,000, against the assumed credit of Rs. 13,00,000. The excess over credit is thus Rs. 5,24,000, and one-half of this, or Rs. 2,62,000, will be charged to Provincial. The expenditure in 1909-10 is estimated at Rs. 18,27,000, and one-half of this, or Rs. 9,14,000, will be Provincial.

57. *Irrigation—Major Works (Working Expenses).*—The actual charges in 1907-08 were Rs. 14,25,201. The budget estimate for 1908-09 was Rs. 12,75,000, which has been raised to Rs. 14,73,000 in the revised, partly by transfer from the head "43—Minor Works and Navigation," but chiefly in consequence of additional charges incurred on establishment and flood damage repairs in Orissa and on the Sone Canals. The estimate for 1909-10 has been placed at Rs. 13,44,000 in view of actual requirements.

58. *Irrigation—Minor Works and Navigation in charge of the Public Works Department.*—The actual expenditure during 1907-08 was Rs. 18,77,214. The budget estimate for 1908-09 was Rs. 20,26,000, but in the revised estimate this has been reduced to Rs. 19,93,000, chiefly in consequence of the transfer of Rs. 40,000 to "42—Major Works", against an additional grant of Rs. 20,624 for the Ghora Katora Irrigation Scheme, and of Rs. 3,250 for the clearance of silt in Harikhally and Chunamara khals, in the district of Midnapore. The estimate for 1909-10 has been placed at Rs. 21,31,000. It includes Rs. 3,36,000 for the Ultadanga-Bamanghatta canal, and Rs. 3,45,000 for the Madaripur Bhil scheme, as well as provision for enlarging the cross section of the first reach of the Taldanda canal, and for raising the flood bank of the Pattamundi canal.

59. *Civil Works.*—The estimate of expenditure for 1909-10 has been placed at Rs. 45,10,000, against Rs. 61,76,000, the revised estimate for 1908-09, and Rs. 72,53,933, the actuals of 1907-08. The following figures show the distribution of the allotment as compared with the two preceding years:—

The Hon'ble the PRESIDENT said:—"Gentlemen of the Council,—The Hon'ble Mr. Oldham has just told you that the Council will meet on Monday, the 5th April, to discuss the Financial Statement which he has just laid before you. In view of this, I have taken the opportunity to look over the proceedings of the last budget debate, and also to make certain inquiries. As a result of these inquiries, three facts have emerged, to which I shall make a very brief allusion just now.

"In the first place, I notice that the proceedings of the last debate ran to a most inordinate length. They occupied almost exactly 100 pages of small print. No less than 35 pages of these stand to the credit of one Hon'ble Member, and more modest contributions of 7 or 8 pages are quite common.

"Secondly, I notice that Sir Andrew Fraser had occasion to comment on the irrelevance of many of the subjects which were discussed by the various speakers. Some of them were not merely entirely foreign to the budget itself, but lay entirely outside the province of this Council altogether.

"Thirdly, rule 10 of the Rules of Business, which permits an Hon'ble Member to refer to notes for the purpose of refreshing his memory, but which forbids him from reading his speech, appears to have dropped out of sight, and I have reason to believe that some Hon'ble Members are not even aware of its existence at all. Indeed, as regards this last point, I am aware that there has been a good deal of license allowed in the past, and although that was not always the case—it certainly was not when I was a Member of this Council—and though I do not altogether like it, I am not going to interpret the rule very strictly unless I think the privilege is being abused. But the other two points mentioned appear to call for somewhat careful attention. The lengthy speeches of last year seem to me—well, I won't say an abuse, but they seem to be a misuse of the privilege of speech; and, so far from fulfilling any useful purpose, I think they merely serve to darken counsel. I am not going to dwell on this subject at great length now, because I may be laying myself open to the charge of committing the very offence of which I have been complaining; but it will be obvious to you that when this Council is doubled in size and when it holds greater powers of discussing matters, any such procedure would become absolutely impossible: it would bring the whole administration of the Province to a deadlock.

"I think it would have an excellent salutary effect if we endeavoured to anticipate, to some extent, the probable arrangements that will come into force when the Council Reform Scheme is introduced. It is certain that, under these conditions, the rules of relevance will have to be strictly enforced, and it may even be necessary to impose a time-limit on speakers.

"We need not pass any self-denying ordinance, or lay down any definite or arbitrary rule, but I venture to ask all Hon'ble Members who propose to speak on Monday, the 5th, to endeavour to make their speeches as brief as they can, and also to try to avoid wandering from the subject before the Council any more than they can possibly help."

The Council was then adjourned until Monday, the 5th April, 1909, at 10-30 A.M.

GENERAL SUMMARY.—Light showers fell in parts of Orissa and in Ranchi and Midnapore. More rain is urgently wanted in South-West Bengal and Bihar for preparation of lands for the next season's crops. Planting of sugarcane and harvesting of *rabi* crops continue. Sowing of Indigo continues in Saran. *Mahua* is falling in Hazaribagh, Palamau and Manbhum. Prospects are good in the Sonthal Parganas and Hazaribagh. *Rabi* crops are poor in the unirrigated tracts of North Bihar. The price of common rice has risen in Burdwan, Muzaffarpur and Monghyr, has fallen in Champaran, the Sonthal Parganas and Ranchi, and is stationary in the remaining districts. Cattle-disease is reported from Burdwan, Midnapore, Nadia, Murshidabad, Jessore, Gaya, Muzaffarpur, Darbhanga, Monghyr, Purnea, Sambalpur, Hazaribagh, Ranchi and Palamau. Fodder is reported to be insufficient in parts of Jessore, Khulna, Champaran, Monghyr, Purnea and the Sonthal Parganas. The water-supply is getting scarce in many parts of North Bihar and also in parts of Birbhum, Jessore, Khulna, Gaya, Monghyr and the Sonthal Parganas. Measures are being adopted for excavation of tanks and boring of wells in North Bihar for supply of water for cattle. Test-works in Muzaffarpur, Bhagalpur and Purnea were attended by 3,468 persons, and the famine relief-works in Darbhanga were attended by 46,205 persons. The number of persons in receipt of gratuitous relief in Muzaffarpur, Darbhanga, Bhagalpur, Purnea and Palamau was 19,815 and in Puri 563.

SUMMARY OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL AND IN EASTERN BENGAL AND ASSAM FOR THE MONTH OF DECEMBER 1908.

OVER the two Provinces, fine dry weather with the mean temperature in slight defect marked the beginning of the month. Notwithstanding an unusually steep pressure gradient over the Bay, and high winds in the south-west, the weather prevailing over the area under report was practically unaffected, the usual cold weather conditions being maintained without serious modification up to the end of the month. At the beginning of the second week a disturbance from Persia moved over to North-West India; but this too left the weather in the Province unaffected. The mean pressure continued to be in slight excess until the 15th, when a fall in the barometer at most stations was marked by the development of light cloud over Bengal and Assam. The sky, however, rapidly cleared again and the night temperature fell on the whole, the defect in Orissa being as much as 7 degrees.

Another insignificant development of cloud over Orissa and the head of the Bay, with light showers in Bihar occurred on the 21st, but the depression in the west of India which probably caused this change soon filled up, and the previous meteorological conditions were established, and maintained until the end of the month.

The average direction of all the land winds during December was towards the head of the Bay. Thus the Assam winds were chiefly E. N. E.; those of Eastern Bengal, north while in Western Bengal and Orissa they had a north-westerly direction.

To summarise: the weather throughout the month was fine and dry with rather less cloud than usual. The shortage in the rainfall was not marked, and the mean temperature was within 1½ degree of the normal. Humidity on the whole was in defect.

Summary of temperature.—Mean temperature was in defect everywhere. In Orissa the defect was 2½°, and in Assam, Chota Nagpur, Bihar and Eastern Bengal, North, more than 1°. The highest temperature recorded was 85°·4 at Cuttack, and the lowest 37°·5 at Daltonganj.

The following table gives the summary of the temperature of each of the seven meteorological divisions of the Provinces of Bengal and of Eastern Bengal and Assam for the month of December 1908:—

Meteorological Divisions.	Temperature.

Summary of rainfall.—The rainfall work of the area under report has been handed over to the Director of Agriculture, Bengal. A short table, however, is attached to this report, giving actual and normal rainfall recorded at the principal stations of each district. Rainfall was in defect throughout the whole reporting area.

The mean pressure, temperature, etc., are deduced from eye observations.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the ermometers are verified, and the readings have been corrected to a standard constructed and verified at the ew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet ove the ground.

The barometer readings are corrected to those of the standard, Newman's No. 86, formerly at the rveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV and V of the official tables computed in Meteorological Office and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground. The rainfall reported on any day is for hours preceding 8 A.M. of that day.
